BULLSEYE
CAMERA SYSTEMS, LLC.

www.bullseyecamera.com

SEE YOUR SHOT!

The included software shows your last shot flashing on your screen no matter how many times you have hit the target! Works out to over 1000 yards!

Spend more time shooting and less time looking for your shot!

1000 yard Edition
\$549

THE SYSTEM COMES COMPLETE WITH:

- Weatherproof camera w/night vision
- 5-hour rechargeable battery
- Router and Antenna
- Tripod and connectors
- Secure carrying case
- Bullseye Target Manager Software

Works with your laptop running Windows XP, Vista, Windows 7 or 8. Smartphone support coming soon!

1000 yard Elite Edition
(includes laptop)
\$949

This unique patent-pending system provides a remote wireless camera at the target location. You then view your shots from your shooting location on your laptop, up to 1000 yards away. Tag individual shots to identify groupings, ammunition and individual shooters.

500 Yard Standard Edition: MSRP \$449.00 ▪ 1000 Yard Long Range Edition: MSRP \$549.00

North Texas State VFS Championship at Denton... Ralph Stewart is Two-Times the Champion

The Texas VFS Championship is over for 2013 - a well fought event. Ryan started the morning wielding his 30 like a club on everyone. There was no mercy as he pounded out his 250-22X. Twelve other good souls however would not give up so easily and managed to pull a 250 to remain in striking distance. As we all know, the Texas afternoon and 200 yard distance will extract its pound of flesh for the wind Gods - 100 yards for show and 200 yards for dough!

And, so it begins with each shooter and bench slowly being consumed as a well shot X is moved into the 9 or even 8 ring with the small flip of a tail. No apologies were provided as competitors dragged back to the loading area, eyes downcast, and the cleaning rods bowing as its rammed home again and again looked like a tree being sawed into. Fear prevented most from asking the simple question "how did it go that time?" knowing full well Dr. Tim could blow any minute! To the end, several shooters you know within their heart of hearts were hoping, the leader would just drop one point; just one small mistake is all that's needed to swing the balance of things, but it was not to be as Ralph Stewart completed the 200 yard event clean and for the second year was crowned Texas State VFS Champion.

Good job to all the winners and of course, a great big thanks to everyone who took the time and effort to support the Denton Club - I appreciate all you guys.

Casper Benchrest Shooters VFS Match... Don Carter Takes the Trophy & the Dough!

Fifteen shooters got together for Casper's Benchrest's Money Shoot. On Saturday the plan was to shoot VFS and Sunday the Hunter class. Sometimes plans have to change, but more on that later.

For the VFS match, Jack Foster reigned supreme with a beautiful 250-21X. In fact, there were many a fine score posted in the 100-yard aggregate; a total of six 250 scores were shot which set the stage for some fine competition. When speaking with Jack about the match, he said all day Saturday there were the best conditions he had ever seen in Casper; he said there was no need for him to correct for windage on the 100-yard line. This is a shock for Casper, as the town sits at a juxtaposition of mountain ranges create a venturi effect concentrating the wind velocity in the area.

Getting back to the match, Jack said he just changed his barrel from a PPC to a 30BR and added a drop-port Viper action. This allowed him to gauge the conditions and determine whether to rapid fire or hold and correct as optimal. All was well until the 200-yard began. Things looked like more of the same until the third match, when things became unglued. Jack said nothing went where it was supposed to; there was as much vertical as horizontal with shots landing at 10, 2, 4 and 7. Yuck!

The weather didn't hold and rain began pouring with vigor and a vote was taken to end the match on Saturday cancelling the planned Hunter Class match scheduled for the following Sunday. When Jack went to retrieve his flags, he had to slog through about 7" of water. As mother nature is sure to have the last laugh, after the vote to cancel the match was taken, wouldn't you know that the rain ceased...at least for a while. As Jack was driving

back home to the north, he said there was clear sailing from Casper north to Sheridan and then the deluge hit again from north of Sheridan all the way up past Billings, Montana. In fact, it kept pouring for the rest of the weekend. Yuck again.

Don Carter is running solo this spring. Sandy Carter, January's cover girl, returned to Indiana for a few weeks, so Don is running a VFS circuit throughout the western states. Don's on a two-win roll right now. He won the Northern Colorado VFS match and again this match at Casper. Don said Saturday's shoot was pretty pleasant until the very last target. While they were loading for the last target, the rainstorm hit. Don knew if he kept it in the middle, he'd do well. He shot 13 sighters to get 5 shots on target. He said you had to pay close attention if you didn't want to drop a bunch of points at the end.

Don began the match shooting 117 grain Fowler bullets then switched and bought 500 of Rich Carpenter's 110 grain bullets he bought from Jack Foster at that match. There was no stopping Don then. When he later asked Jack whether he could buy more of those bullets, Jack said he wanted to keep them for himself! Smart move.

This match was a money shoot and the club distributed cash for 1st Place at 100-yards, 1st Place at 200-yards and top three finishes in the Grand Aggregate. Correspondingly, Don Carter won \$246, Jack Foster won about \$140. Not too shabby a take. Although things did not quite go according to plan, it appears to have been a good match all the same. Go Pokes!

Benchrest Rifle Club of St Louis

DeRousse wins VFS - Hencken is the Hunter

May 19, 2013

The conditions for this match were a wind from the East that sometimes switched to a tailwind and a couple of times from the West with varying velocities.

In the VFS class at 100 yards the winner was John Hutchins with a 250-14X. This was John's first score match, 2nd was Galen DeRousse with 250-11X and 3rd was Dennis Boyet with 250-9X. At 200 yards the winner was Galen DeRousse with 243-4X, 2nd was Bill Haynes with 242-3X and 3rd was James Gardner with 242-2X. In the VFS grand the winner was 1st Galen DeRousse with 493-15X, 2nd was Bill Haynes with 491-22X and 3rd was James Gardner with 491-14X.

In the Hunter class the 100 yard winner was Joe Hemkens with 249-14X, 2nd was Clark Greene with 248-12X and 3rd was Tom Hencken with 247-11X. At 200 yards the winner was Tom Hencken with 249-7X, 2nd was Joe Hemkens with 244-1X and 3rd was Leon Domijan with 240-2X. In the grand the winner was Tom Hencken with 496-18X, 2nd was Joe Hemkens with 493-15X and 3rd was Paul Hon with 485-11X.

Thanks to all for coming out and we hope to see you at our next match! It would be great if each competitor would contact our fellow shooters that were not present for this match to see if we can get our attendance back up to our previous numbers.

Wayne Corley,
Match Director

Nifty New Super Slick Material for Bags!

Grab your April issue of Precision Rifleman and take a closer look at the front cover. (If you can't find your copy and need to order a replacement, I can send you another for \$5. (Shameless plug, I know.) I wasn't aware of it at the time, but Jack Snyder is sporting a front rest with a new material. I got a call from Boyd Allen tipping me off to the new material and called Jack to get the scoop.

Benchrest shooters are always pushing the envelope in precision and accuracy and this is demonstrated in a number of ways; load development, powder experimentation, etc. One factor in precision does not have to do with the rifle as much as it does the peripheral equipment, ie: the bags upon which the rifles are placed in competition. The focus here is to have a clean release thru recoil with a better return to battery. In the past, benchrest shooters have used silicon or dryer sheets to

make front and rear bag tops slick and yet retain their taught shape but now their is new material available from 3M that is reflective and super slick which can be substituted for cordura on all rear bag ears and front bag tops. The material is embedded with microscopic glass beads that are very durable and friction free. According to Jack Snyder of Edgewood Bags, this new material allows a smoother recoil and better returnability of your rifle.

Over the last few years, this product has slowly evolved in the benchrest community. If I got the story right, Larry Baggett first used the material and had it draped over his front bag rest during matches. He gave some to John Horn to try as well. John liked the material very well and thought if it works this well when it is simply draped over the bag, how much better it would be if it were sewn into the bag? John invested some time and money to hunt down

manufacturers and forwarded a sample to Jack Snyder. The rest, as they say is history.

There were a handful of Texas benchrest shooters involved in the initial product testing; one of which was Gulf Coast Regional Director, Scott Hunter. Scott said, "in 40 years of benchrest shooting, I have tried every bag product in the market and these super-slick bags are by far, the best I've ever used."

Since Jack began offering the super-slick bags for sale, the benchrest community has been quick to adopt the new material and the market has just exploded. Jack says the advantage is that you can tighten the stock down against the side. It releases cleanly thru recoil with a better return to battery. If you set up the gun really well, this should help any shooter run a condition quicker.

Council Bluffs Rifle & Pistol Club Hosts Nebraska-Iowa Shoot-Out

Don Crunk Wins Heavy Varmint

Jeff Shultz Takes Varmint For Score

By Ron Miller

Despite cooler than normal late-April temperatures, 18 group shooters and 20 score shooters braved the weather for the Nebraska-Iowa Shootout sponsored by the Council Bluffs (Iowa) Rifle and Pistol Club on April 27-28.

In the 100-yard Heavy Varmint group match held on Saturday, Mike Bigelow topped the field with a .2228 aggregate. Second was Jon Leu with a .2326, followed by Mike Toby in third with a .2644 aggregate, Larry Kuse in fourth with a .2806 aggregate and Jeff Shultz shooting a 30 BR in fifth with a .2842. Mike Bigelow fired a fine .157 for the small group at 100 yards.

Not uncommon for the Council Bluffs range, the wind got more challenging when the targets were moved out to 200 yards. Don Crunk was first with a .3528 aggregate, followed by Ron Miller with a .3820, Jeff Shultz in third with a .3833, Randy Robinett in fourth with a .3966 and Larry Kuse in fifth with a .4119. Don Crunk had the small group at 200 yards with a .397.

In the Heavy Varmint Grand Aggregate, Don Crunk was first with a .3231, Jon Leu was second at .3266, Jeff Shultz third at .3338, Larry Kuse fourth at .3386 and Mike Bigelow fifth with a .3390.

In the 100-yard Varmint For Score

match on Sunday, Larry Kuse was first with a 250-18X followed by Arlyn Copley, 250-17X; Brad Borges, 250-16X; Jason Stanley, 250-16X; and Cole Kepler, 250-10X.

When the target frames were moved out to 200 yards, Jeff Shultz was first with a 247-4X; followed by Brad Borges, 245-7; Larry Kuse, 245-3X; Don Kearney, 245-1X; and Mike Bigelow, 245-5X.

Jeff Shultz was first in the Varmint For Score Grand Aggregate with a 496-19X followed by Brad Borges, 495-23X; Larry Kuse, 495-21X; Don Kearney, 494-17X; and Mike Bigelow, 493-19X.

The next page has the Top 10 in each category. Take a look. We had a great time and look forward to the next match. Come by and join the fun. You're always welcome here.

Don't miss the Berger 6mm BR Column Bullet!

The Berger 6mm BR Column Target bullet uses the physics of dispersion mitigation to provide BR shooters with a reliable option that offers the widest and lowest time valley. This means the bullet shoots best in the widest variety of loads and seating depths. In this case, overall balance of the bullet is more important than overall weight, so there is no listed weight. Rather, the 6mm BR Column bullet achieves a specific internal lead column height, resulting in minor weight differences from lot to lot.

These bullets are being tested by top BR shooters, with great success. Lou Murdica has won matches in both Florida and California, Don Nielson won Two Gun Aggs three weekends in a row and Tony Boyer shot a 200 yard HV Agg of .1928 at the 2012 East/West match in Missouri.

Central Utah Benchrest Club Hosts the Utah State Championship - Leg #1

*Dana Andrus Wins Sporter
Dave Woodward Takes Unlimited
Dana Andrus Wins the Two-Gun*

Written by Jim Erickson

May 4-5, 2013

It was truly a glorious weekend. We experienced a long cold, snowy winter in northern Utah followed by a cold, wet spring through April. This all changed the week before our tournament as nice weather moved in. Temperatures in the morning were mid 40's and afternoons in the high 60's with partly cloudy skies and light winds. Mirage was manageable and there were no bugs pestering us! They ran the Kentucky Derby on Saturday, Sunday was Cinco de Mayo and we got to shoot the first leg of the Utah State Championship all weekend. And, to top it off, we got to celebrate Bruce and Pam Black's forty-first wedding anniversary on Sunday with a beauti-

fully delicious cake. Congratulations again Mr and Mrs Black. You are a marvelous couple and we are delighted to have you with us!

Janet Goulette got the jump on everyone with a .169 group in Match 1 of the Sporter 100 and followed it up with the small group for the yardage; a .125 in Match 3. Gil Graser took Match 2 honors with a .161 group, while Dave Gibson won Match 4 with a .148 and Lowell Frei won Match 5 with a .166 small group. Shooting steady all morning with four two's and .192 group in Match 5 powered Joe Olas to victory in the Sporter 100 with a .2340 agg. In second place was Gil Graser and Bruce Black took third place honors.

After lunch the big guns came out and the ten shot Unlimited got underway.

Gil Graser won the first match with a .295 group. Dave Woodward won Match 2 with a .335 and also Match 4 with a nice .283 group. In between, Truman Wilson won Match 3 with small group for the yardage, a very good .249 and "dasher" Dan Dowling won Match 5 with a .252 group. Gil Graser won the

yardage shooting a .3612 agg with his Heavy Varmint rifle! Dave Woodward took second place and Dana Andrus (pictured left) was third.

Sunday morning was 10° warmer than Saturday morning when Match 1 got underway. Dave Woodward started things off with a .620 small group in Match 1 and Joe Olas shot a nice .518 in Match 2. Our resident “sandbagger” Bob Sedgwick shot a nice .505 small group in Match 3 with his Cruiser. Than JD Goulette came alive and shot a very good .492 small group in Match 4 but the old master, Dan Dowling, snuck by JD to take small group honors for the yardage by shooting a very nice .463 group in Match 5. Lowell Frei finished up with three “5’s” in the last three matches to win the Unlimited 200 and a .3484 agg. Dave Gibson, shooting his Skip Otto style unlimited for the first time in competition, was second. Bob Prather also shooting a Skip Otto underlung rail, was third.

Dave Woodward won the Unlimited Grand with a .3778 agg followed by Bob Prather in second and Dana Andrus in third place.

Dave Woodward

After a break for pizza and anniversary cake, the shooting resumed and the smell of gunpowder wafted through the air. The Sporter 200 was underway! Dave Gibson shot a .436 in Match 1 followed by Jim Erickson’s .420 in Match 2 and Gil Graser shot a .401 in Match 3. Here he comes...Dana Andrus shot the small groups in Match 4, a .495 and a .341 in Match 5 on his way to winning the Sporter 200 with a .2584 agg.

Bob Prather & Dave Gibson

Lowell Frei comes in second and Dean Parker takes third place.

Dana Andrus wins the Sporter Grand with a .2709 agg. And with his third place finish in the Unlimited, he wins the Two Gun Championship. Lowell Free comes in second and Gil Graser takes third place in the first leg of the Utah State Championship.

Thanks to Dave Tunbridge for hosting us and a big thanks to Marsha, our Range Officer. A big thank you also to Shane, Misty and Justin, our target crew. We appreciate all your time and efforts on our behalf.

Gary Ocock Wins Visalia Sportsman's Spring Match

The light and heavy varmint match held at Visalia in April drew an average of thirty shooters per day. It was a great weekend for a benchrest match with clear skies and the temperature staying in the eighties. The humidity was higher than usual, which made for heavy mirage during the 200-yard matches.

Gary Ocock started out in his usual fashion and won the light varmint 100-yard shooting a .2464 agg. Second place went to Norm Jeffery with a .2576. Joe Stanovich shot a .2626 for third place. The small group also went to Norm for his .118.

Moving out to 200-yards, Bill Summers started out with a .582 group and finished with a .2534 aggregate to win first place. Bill Mellor finished in second with a .2541. Gary Ocock took third with a .2571 for a very close finish. Dan Lutke took small group honors with a .304.

Gary Ocock snuck ahead of everyone and won the light varmint grand with a .2517 agg. Bill Mellor placed second with a .2677 aggregate. A .2823 took third place for Bill Summers.

The heavy varmint 100-yard match had some real competition. The first fifteen positions had aggregates in the two's. George Lozano came out on top, shooting four groups in the low two's and a .099 screamer for a .2082 aggregate to win the first place trophy. George also won the small group trophy with his .099 screamer. Dennis

Thornbury took second with a .2238 aggregate. Bill Summers was third with a .2264 agg.

Dennis Thornbury had the conditions figured out at the heavy varmint 200 and won the first place trophy with a nice .2315 aggregate. Art Kawai placed a close second with a .2339 agg. Our new Regional Director, Tom Libby shot a .2494 for third place and Art Kawai won the small group with a .224 screamer.

The heavy varmint grand aggregate first place trophy went to Dennis Thornbury. Dennis shot a .2277 agg for the win. Art Kawai shot a .2410 aggregate for the second place trophy. Norm Jeffery took third place shooting a .2542.

Gary Ocock was the big winner for the weekend. Gary put together a nice .2691 two-gun aggregate for first place. Bill Summers took second with a .2727 agg and Dennis Thornbury took third with a .2783. Congratulations to all the winners and thank you to everyone for attending.

Concentricity Gauge

This type of indicator was designed specifically for checking rotating diameters and in fact is exactly the type of gauge used in the machining industry for decades to measure run out; the very thing that we as hand loaders are striving to minimize or eliminate.

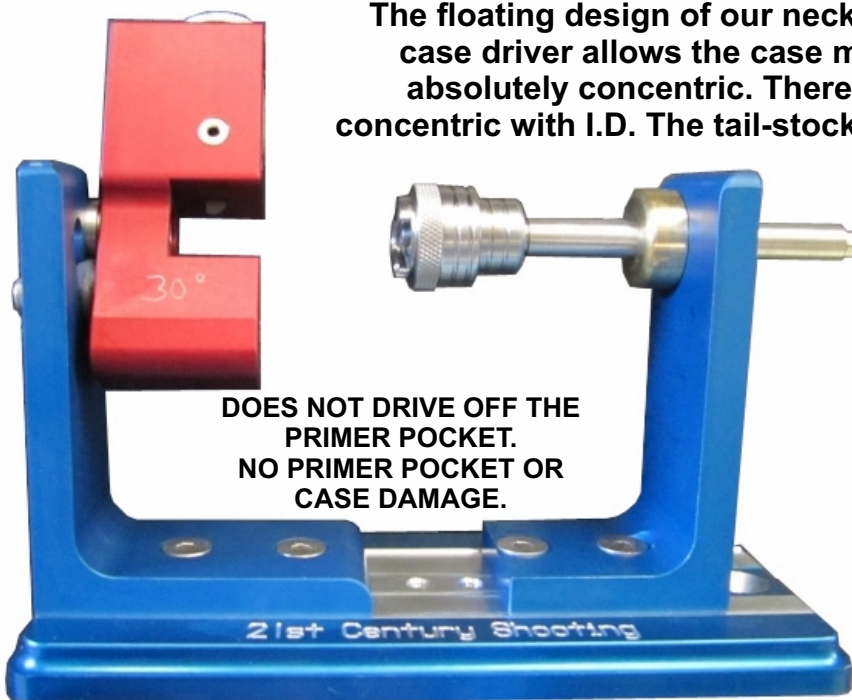

At 21st Century Shooting it is our goal to modernize an industry that has seen little change over the years. Our concentricity gauge is a perfect example.

Neck Turning Lathe

The floating design of our neck turner and the universal floating case driver allows the case mouth (bore) to run on the arbor absolutely concentric. Therefore allowing O.D. to be turned concentric with I.D. The tail-stock creates a horizontal inline support

for the base of the case. Also allows the operator to keep both hands on the power screw driver or drill. This makes it very easy to control feed rate of the cutting operation, generating a very fine turned finish. Case holder drivers are designed to be the most gentle driver, yet providing an adequate hold.

DOES NOT DRIVE OFF THE PRIMER POCKET.
NO PRIMER POCKET OR CASE DAMAGE.

Tri Cities MSA VFS & Hunter *By Rick DeGroat*

April 27, 2013

Only six brave souls challenged the wind for our first VFS match of the year, the rest must have got blown off the road on the commute to the range. I always say if you don't like to shoot in the wind you won't be doing much shooting in the Northwest.

Paul really amazed us by dropping only 1 point at 200 yards to win the aggregate with a real fine 498 17x. Glen was 2nd with 496 20x and Dick was 3rd with 490 20x. The rest of us just enjoyed the windy day and were glad when it was over.

May 18, 2013 Hunter match

After suffering through the wind at our April VFS match we found that wind was just getting warmed up for our May Hunter match. Only four of us braved the wind and some of us wished we hadn't.

I personally found out that big ears aren't all that good wind indicators but will work if you don't have anything else. Paul did it again by winning both 100 & 200 yard matches with 482 7X with Glen coming in second with 481-15X. Paul and Glen car pool together from the Palouse country and

Tacoma Rifle & Revolver Club's Jeff Yost Wins the Allen Bench Trophy

April 6-7, 2013

Eleven hardy shooters gathered for the first match of the year, which is the second annually held Allen Bench Memorial. If this sounds confusing, it is because Allen Bench was a very popular benchrest enthusiast and experimenter who resided here at Tacoma for some time. In his later years moved to the Tri-Cities area. They too hold an annual Allen Bench Memorial match. (See May issue, page 15.)

The weather was cold and rainy, as is the tradition of the first match of the season. If you were lucky or quick on your feet, you could get your flags set without getting rained on. Winds were light to moderate and switchy.

Saturday morning started out with the LV100. Larry Boers took 3rd with a .2326, Rick Graham 2nd with a .2206 and Jeff Yost took 1st with a .2142 agg. Jeff Yost also took small group honors with a .111. After lunch break we moved to 200 to finish the LV match. Jeff Lewis took 3rd with a .2587, Jeff Yost took 2nd with a .2559 and Larry Boers took 1st place with a .2458. Jeff Lewis took small group with a .233. The LV grand went to Jeff Yost's .2351 agg., Larry Boers came in 2nd with a .2392 and Jeff Lewis took 3rd with a .2478.

Sunday morning the 200 yd HV match was contested. Jeff Yost took 3rd place with his .2712 agg. Larry Boers shot a .2516 agg for 2nd and Rick Graham took 1st place with a .2072 agg. Jeff Lewis got small group with a .260. After lunch we moved to 100 yds. to finish up the weekend. This match found Jeff Yost again coming out on top with

Allen Bench Contenders L-R: Mustafa Bilal, Larry Boers, Jeff Yost Steve Kostanich, Jeff Lewis & Rick Graham

a .2250 agg. Steve Kostanich took 2nd with a .2514 and Rick Graham 3rd with a .2586 agg. Small group went to Bob Boldman's .123 group. The HV grand agg went to Rick Graham's .2329 with Jeff Yost taking 2nd with a .2481 and Steve Kostanich 3rd with his .2779 agg. The Allen Bench Trophy went to Jeff Yost's 2 Gun agg of .2416. Rick Graham took 2nd with a .2528 and Larry Boers took 3rd with his .2595. Congratulations to Jeff Yost on a fine performance! Many thanks to Jeff Lewis and the crew who took care of the stats and the target crew for a very well run match.

Richard Brensing Is A One-Man Benchrest Crusader.

Introducing Charlene's Meadow in Kansas.

This range is what I have been building instead of shooting as much as I would like this year. My goal is to introduce people around my area to the sport of benchrest. I live in southwest Kansas. To this end, I have built six benches on the firing line, with the option of adding more later on. I have shot at many different ranges and have combined the good ideas of each of these ranges into the development of Charlene's Meadow.

This picture depicts the old shooting shack in the foreground and the newly built benchrest line in the background.

We will offer fellow shooters the option of shooting short range or long range, as the range covers 100,200,300

600, and 1000 yards. My goal is to be able to hold NBRSA matches at some date. Not for sure when that will be.

It all started out with my girls play house. The "shooting shack" was originally a play house for my three girls. When they got older and outgrew the

A look inside the shooting-shack

play house, I told them that it was time for me to play. So I took the play house and put it on a concrete slab, added a canopy and a single bench that would allow a right and left hand shooter to practice at the same time. I ran underground conduit out to the 200 yard board so we could shoot at night. There's nothing quite like shooting until 2AM!

As I began to get enough shooters, I decided to start a new range. That's how the whole project got started. It's only 100 yards from my house to the range and about the same to my shop, so if I am testing a rifle and I want to change something it's just a few steps back to the shop. It really is a class act. I have spent months on this thing so I am kind of biased. Right now I have target boards for score, but I will be working on the boards and backers for group soon.

SW Louisiana's April VFS Match *By Wayne Bengston*

It was a beautiful day for the match. The temperature started in the 50's and ended in the 70's. The sun was bright and the sky was clear, which stirred up the mirage later on in the morning. The mirage wasn't as bad as I had seen it, but it was enough to wonder where the real center of the bull's eye was at times. The wind was light and at our backs from 3 to 7 mph

out of the southeast. It would also gust and switch to the south, then to the east. This was more pronounced in the afternoon during the 200 yd. match.

Rollin Beeson showed everybody how shooting is supposed to be done by taking first in the 100 yd. match with a clean 250 21x. Seven of the other shooters were able to stay clean with a 250 score at the 100, so the match would be settled at 200 yds. By the beginning of the 5th match of the 200, Mike Guillot, Larry Tilley and Wayne Bengston were tied for 1st, having dropped only one point each. Mike held onto his score and was able to shoot clean, with Larry and Wayne dropping another point each, giving Mike a 249 and the win. Wayne came in second by beating Larry on the x count.

We had a good turnout and a good time with a lot of tough shooting competition. Mike Wall drove the farthest (175 miles), but he said it didn't count because he was going this way anyway and just stopped short of his destination to shoot with us. We still appreciate him stopping. We also thank

and congratulate Larry Tilley for some jambalaya and cake from his 50th wedding anniversary celebration he brought out for everyone to enjoy. We did miss a couple of regulars that were shooting at the Texas State VFS match: Kenny Kooperman and Mike Lowien. Congratulations Mike on taking 2nd at the 100 and 3rd Grand Agg. at the Texas State. We want to thank all of the competitors for coming and participating, Francis Broussard for running the match and scoring, and last but not least, Alex Celestine, Wayne's grandson, for helping change the targets and rooting for his Paw Paw. 🎯

Tim Humphreys Roasts the Rest & Wins the Two-Gun Fairchance Gun Club's 25th Annual HOG ROAST

Sixty nine benchrest shooters who arrived at Fairchance Gun Club for the 25th annual Hog Roast were greeted by warm and windy weather. Did I mention windy weather? It was a little more than breezy all weekend causing everyone to pull their hair out. Yikes! We were grateful to have several new shooters attend this as their first match. It was great to see some new shooters indeed!

People were very impressed with the completely new roof Club had constructed last Fall over the entire firing line. The new roof is very nice and now covers all the shooters equipment behind the benches. This will bode very well for the upcoming NBRSA Group Nationals scheduled to be held here in September.

It was great to see many old friends again from near and far. Our Hog Roast match is well attended, particularly this year's match as much for the hog we were roasting in celebration of our 25th anniversary as for practical range practice in anticipation of the Group Nationals. Many shooters arrived Thursday and Friday to get some much needed rifle tuning done and to catch up with the latest happenings in the world of benchrest.

Saturday morning brought some switching, mild-winds as we kicked-off the Hog Roast match with the HV-100 class. Everyone's good friend, Smiley Hensley, led the way finishing in first place with a .2312" agg. Ever steady, Ted Heindselman took second place with a .2438" agg. I somehow managed third place with a .2487" Harley "eat all of my snacks" Baker took fourth place with .2530" agg. and up from "Hill Country" USA (aka... Southern Ohio) Tim Humphreys finished fifth place with a .2618".

Saturday afternoon brought warm and windy weather to start the LV100 yard stage. The ripening afternoon 3 o'clock cross-winds would be a "gentle" precursor of what was to greet us on Sunday afternoon..... %\$#@! Tony Alexander conducted a fine shooting clinic with a first place finish with a .2160" agg. Tony apparently was unaware of the strong winds that caused all other 68 shooters great fits! Master machinist, Jeff Peinhardt, showed us how it's done with a second place finish with a .2370" agg. Smiley Hensley showing great pre-Super Shoot form came in third place with a .2560" agg. Don Rosetti with a fresh and perfect haircut, finished fourth with a .2682" agg. and fifth place was one of the original "Oak Ridge Boys", Danny Pritt, who shot a .2752" agg under very difficult conditions to say the least.

As in years past, Fairchance Gun Club sponsored a Hog Roast barbecue dinner for all the shooters. It was a great meal and enjoyed by all except me... Apparently the caterer thought I would be better served up on a rotating spit over hot coals instead of shooting and did his best to try and capture me on Saturday morning. Alas...I was still able to out-run the skinny, caterer and was able to shoot. (Never chase a plus-size man with a full-can of Brake Cleaner, Mr. Caterer!) That was a close one for sure.

As a tradition, the loading area stayed occupied into the night with Tim Humphreys telling tales of days gone by in the holler. It was great to have our good friend, Danny Suptin back shooting with us again.

On to Sunday and the 200-yard stage of completion...in the morning, the weatherman decided we really needed to have a lot of very strong 3 o'clock cross-winds to start the LV200 stage. Wow! Mark En-

gle, all-around great guy and first time Hog Roaster, displayed a fine set of his shooting skills with a 1st place finish in the LV200 with a .2937" agg. Second place was the ever steady "I don't need to practice" Danny Pritt with a .3338" agg. Jeff Ferrett was third with a .3484" agg. Fourth place was little Harley Baker with a .3510" agg. and fifth was good looking Russell Rains with a .3622" agg. Needless to say the winds were tough as the large aggs show. Again, this was just the start of the fun that awaited us as the hard winds followed in the afternoon HV200 stage...

Over the past 14 years of shooting, I, like you, have encountered some tough crosswind conditions; but the 3 o'clock extremely strong, pulsing winds on Sunday afternoon were something we would rather not endure during a match....a number of top shooters very understandably shot off the record target.

My normal 3 o'clock/six-ring hold would not suffice in consistently keeping my sighter shots from going off the sighter target. Ouch! Thank God for some well needed nail head aim points I used on the target frame so I could keep my shots on the left-hand side of the record moth ball! WOW! The wind is pretty darn bad when you can't keep your Sinclair match timer from blowing off your %\$#@! bench top!

Tim Humphreys made it look easy, winning the HV-200 agg. with a very fine .3456" agg. Second place was Hal Drake who also showed his wind reading prowess with a .3635" agg. Third place was a fine performance by Joey Krupa with a .3885" agg. First time Hog Roaster, Bill McIntyre finished fourth with a .4055" agg. and Jeff Peinhardt (proud papa) finished fifth with a .4226" agg. For the record, Jeff's 15 year-old son, Wyatt

(future Benchrest Hall of Famer) finished in 6th place with a .4348" agg. Great job, Wyatt!

With the dust settled, the Two-Gun went to Tim Humphreys with a .3223" agg followed by Bill McIntyre in second with .3591", Hal Drake in third with .3608", I snuck into fourth with a .3624" and Harley Baker rounded out the top five with a .3682" agg.

Thanks to all who came and supported this match. The experience each of you gained in shooting some very tough, windy conditions will prove helpful in the future for sure! Special thanks to Bill, Jerry, the kitchen workers, scoring personnel and all the target crew volunteers for running a great match! We'll see you in September for the Nationals.

The Newbie Wins at Oak Hill *By Cecil Peterson*

It's been said by every shooter when giving advice to a new shooter. Just by you a good used gun and start there. Move up as your pocket book and desires dictate. A known gun will still perform well and your skills will improve with the continued exposure to the many aspects of benchrest shooting. Every once in a while there is a lot of life left in the gun/barrel when one picks up a used gun. Sometimes the previous owner wants the gun back after he realizes his mistake in selling a "shooter".

We had a new shooter at our range; his first benchrest match ever. He had just purchased a used benchrest gun and was here to "try it out". Well, after the first five matches, he was leading the pack of "veterans" by 0.0382 and had shot the small group in the first two matches. At break time and switching over to 200 yards, there was a lot of congratulations but some discussion on the wisdom of selling a "shooter".

We don't want to minimize the skill of the shooter. Kenny Stone had observed some matches last year as a spectator but over the winter he decided he wanted to compete. He was fortunate to find a gun and equipment for sale from one of our club members. It appears he made some good pur-

chases but it is now apparent that he is a fast learner and a fierce competitor. We welcome Newbie Kenny Stone to Oak Hill Benchrest and hope his success continues, much to the chagrin of the previous gun owner (Jerry King).

At 200 yards the veterans started fighting back. Our most experienced shooter/gunsmith, Jim Carstensen, started bearing down and took command of the

match at 200 yards. Veteran shooters just don't want those "kids" getting all of the wood/attention.

This was our first match of the season. Weather started cool 40's but warmed to 60's by ending time. We have had a wet spring with rivers flooding and water everywhere, so it was a welcome match today to have some fun and get

a new action designed specifically for benchrest competition

Desert Sportsman Rifle Club Ron Carter Is The SW VFS Regional Champion

There's more to do than gamble and see shows on the strip here in Las Vegas. On May 4, summer-like weather greeted shooters for the Southwest Regional Varmint for Score match. As is typical for this time of the year, mirage likes to challenge the shooters. During the summer we start at the farthest distance first in the morning.

Continuing his winning streak from last month, Ron Carter once again showed us that nice guys can finish first. Thanks goes out to Tom Debacco, Pete Savage and Don Carter, the three Musketeers from Arizona who faithfully attend our matches.

Don't forget to mark your calendars for the Nationals this October here in Las Vegas. We're shooting 100/200 short range and 200/300 long range-all in one week! As an added bonus for those who compete in both Nationals,

Ron Carter, Winner Southwest VFS Regional, poses with Keith Myers, Range Aficionado

they will be eligible to win a brand new Saguaro action, compliments of Doc Marsh.

Sahuaro 1000-Yard Benchrest

May 11, 2013

It is not easy to see grown men cry. What started out as a nice calm morning that lasted through the first light gun group and into the second light gun sighter period, suddenly turned malevolent. Before the second record group, the wind came on like a hurricane out of the south east. From the elevated perch on the Sahuaro shooting line, we could look out across the Arizona desert and see the blowing dust raging far away. We knew it was not going to let up any time soon. That wind kept up for the rest of the match. Nobody had a wind meter to see exactly what the numbers were, but most of us guessed it to be lulls of 12 to 15, with gusts to well over 30 or even 40 miles per hour, which blew everything off of your bench except the gun and rests.

When the wind began, all the shooters on the line corrected as much as they dared, but it was mostly in vain.

All had some shots off paper and that set the standard for everyone for the rest of the day. The routine came to be, lulls during the sighters, then during the record period, it would blow into the peaks of 30 or 40 mph, taking you off paper on the down wind side. It would be peak winds during sighters, and drop to a lull during record, taking your shots off on the upwind side.

Your corrections never seemed to be enough. Trying to memorize a specific condition was total guess work due to the constantly changing direction and velocity. If you could recognize a condition you had sighted for, it would change before you could pull the trigger.

Of course, I am just kidding about the crying part; this group has much experience at 1,000 yards, (much of it shooting on this range), and a couple with world records. Everyone took it in stride, knowing that this is all part of the game sometimes. But thankfully, not all the time!

Here is how bad it was; out of 285 record shots, there were 100 shots off target! Out of a total possible score of 2850, the total score of the day was only 1061! Literally everybody had some shots off paper. The trophy winners were the ones with the least number of shots off, but the real winners were the ones who were able to learn a few more valuable lessons of shooting long range in nasty winds. It is possible, however, that we set a new world record for the per capita number of shots off target at a sanctioned NBRSA match. What a dubious distinction that would be.

North Central Regional Meeting Agenda Items

If you reside in this region, please mark your calendars and plan to attend your annual meeting with Terry Meyer. The meeting will be held at Minnetonka's reloading shed at the range immediately following the match on Saturday, July 13, 2013. Write down your agenda items and plan on attending!

Did I mention agenda items? September's Board and General Membership meeting is just around the corner. The Board will need time to review your ideas. Please don't delay in sending these in. Your thoughts are important and we want to grow the sport. Let's do it together...this year!

BOLO: Two Long Range Benchrest Rifles Stolen

NBRSA member Rodney Wagner recently had two rifles stolen from his enclosed trailer while en route to a match in Henderson, North Carolina. The stolen rifles are as follows:

Both rifles are 17-lbs. Rifle #1 has a BAT-B action serial #B778 RBLP right eject; white, gray & black ST-1000 stock; March 10-60x52mm scope with tactical knobs & 6mm Brux barrel chambered for a 6mm Dasher wildcat. Rifle #2 has Rimrock action, serial #BR0253; red & black ST-1000 fiberglass stock with VAIS muzzle brake on a Brux barrel. March 10-60x52 scope with tactical knobs as well. The 2 March 10-60X scopes have serial #X341 and X291.

There is a \$500 reward posted on accurateshooter.com. Please keep your eyes open for these two rifles!

Change of Address: To change your address or report a damaged or undelivered magazine, write: NBRSA, PO Box 6770, Sheridan, WY 82801-7105. Do not return damaged copies. Change of address should include both new address and a mailing label bearing the old one. In case of duplication send both labels.

Contributors: The editor is not responsible for unsolicited manuscripts or photographs.

Advertisers: Rate cards and terms are available online at www.nbrsa.org/membership-info. We appreciate your support!

Safety Disclaimer: The publication, writers, organization officers, staff, and directors explicitly advise the readers that they make no representation of safety for any loads, techniques, and procedures if reported herein. The nature of participating in a shooting sport automatically requires caution at all times. Given the many variables present—weather, equipment, and components—the information presented is for your reading enjoyment.
