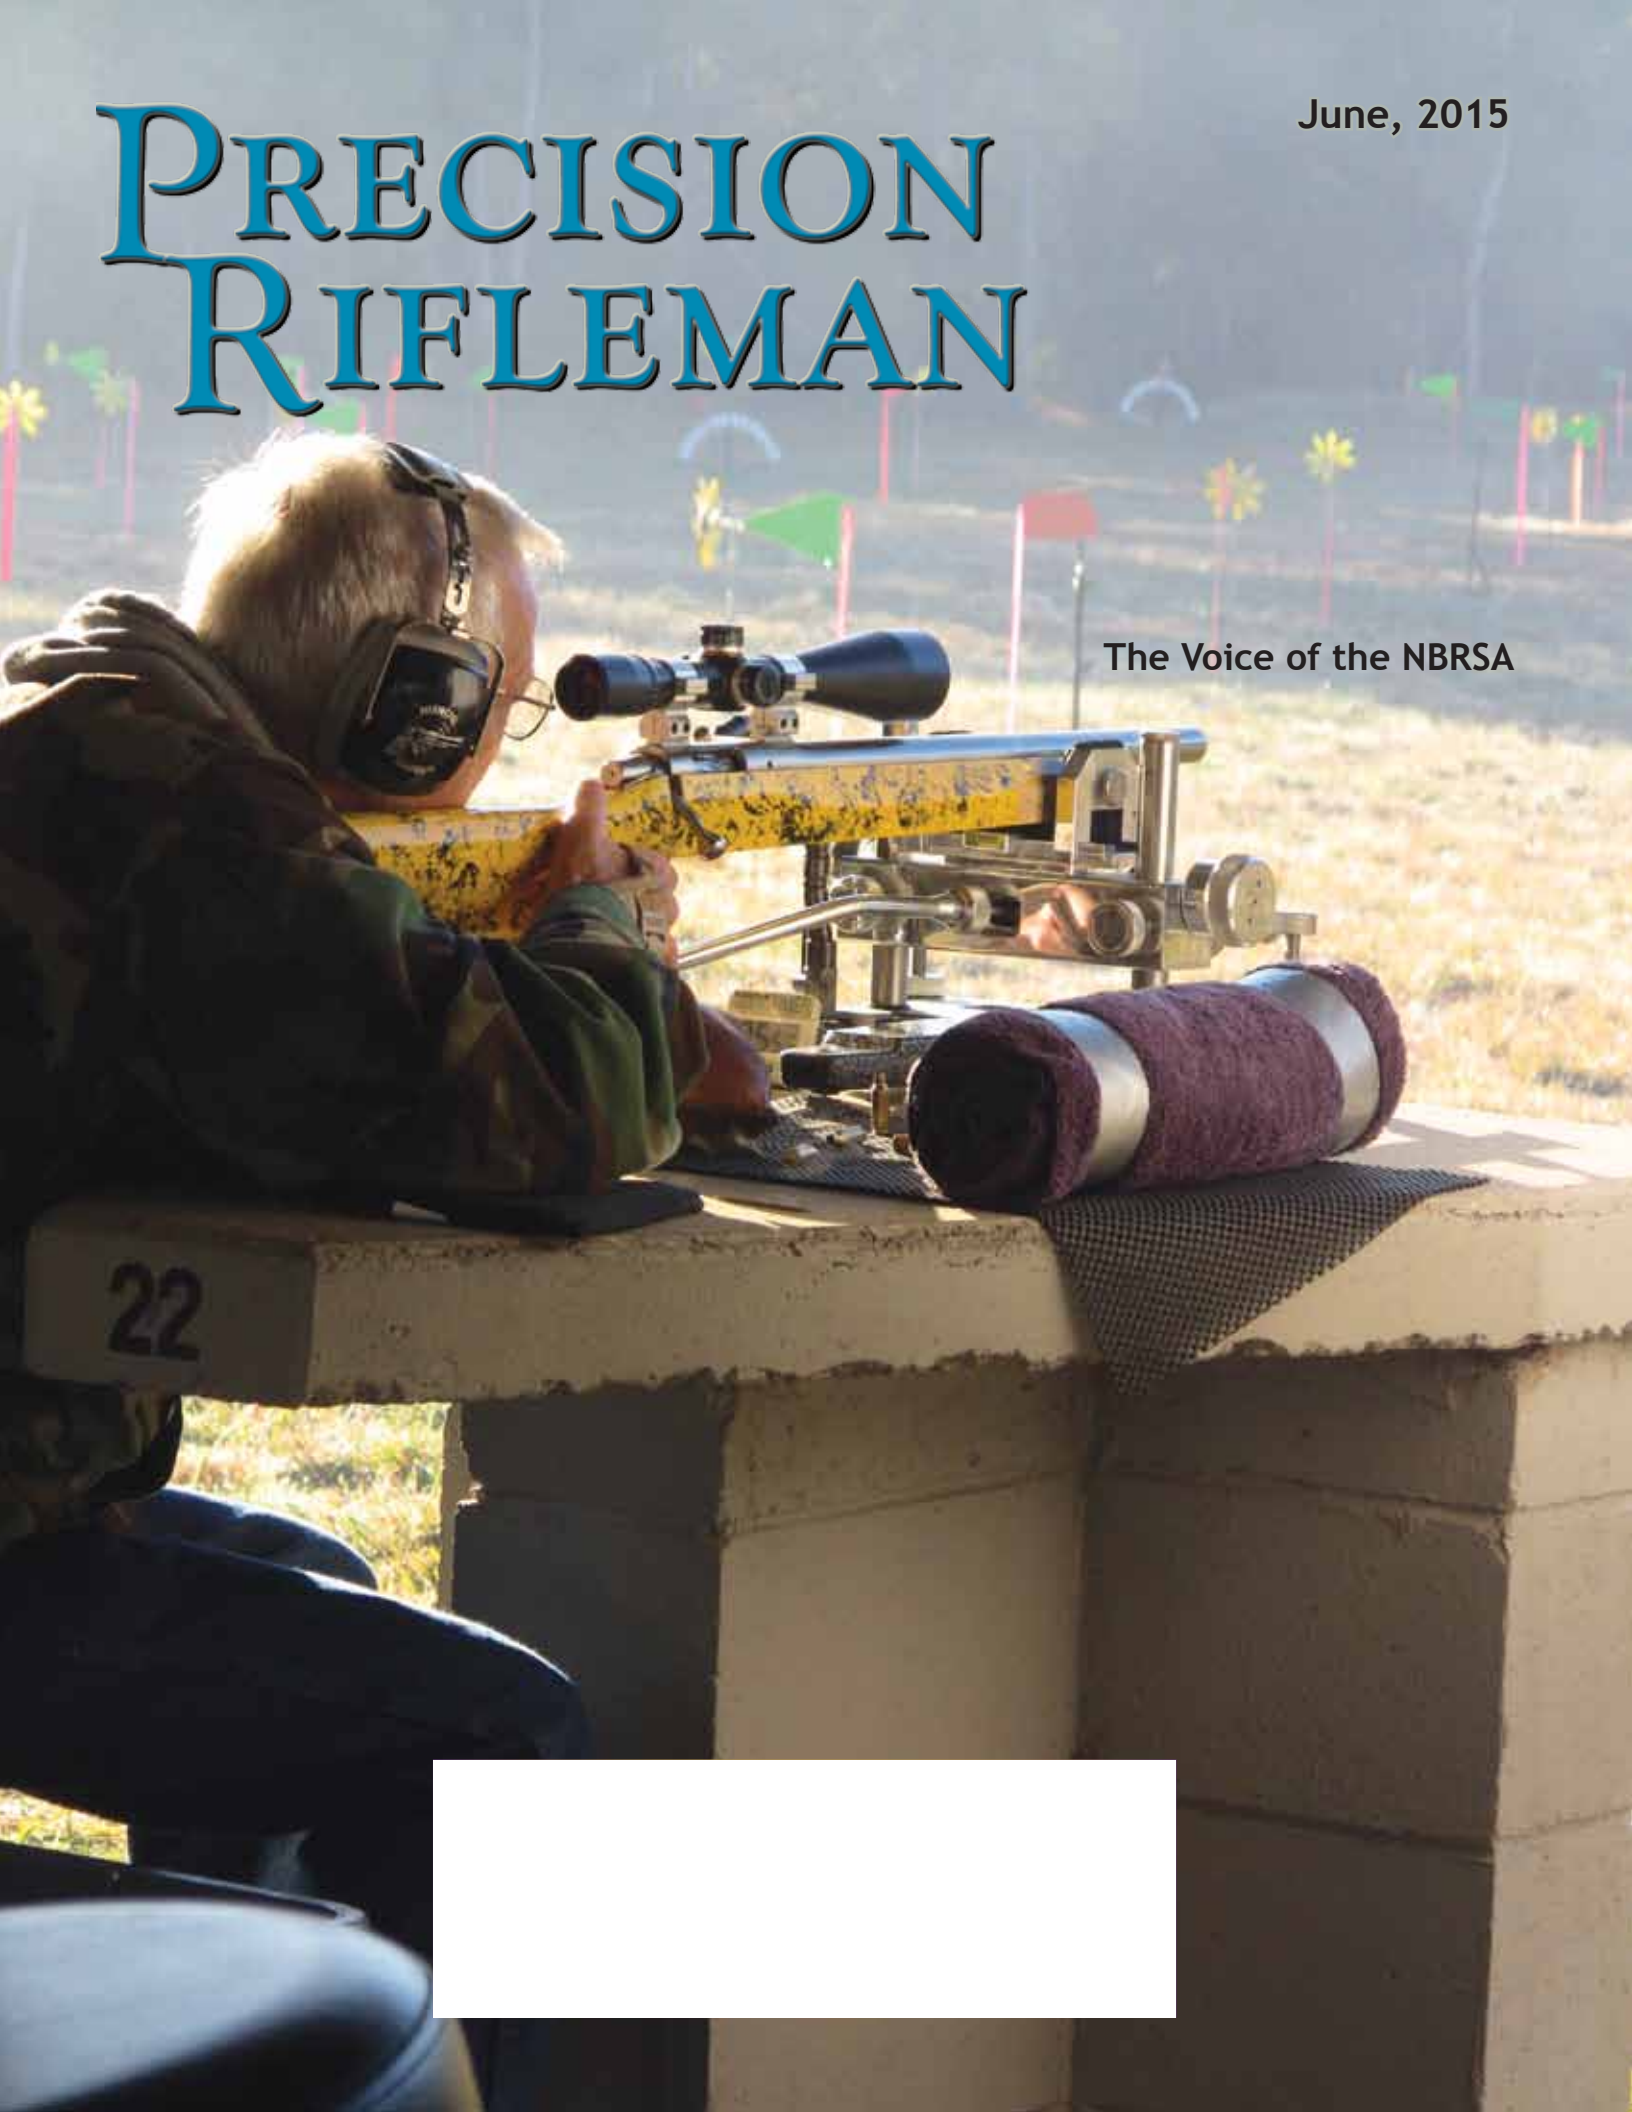
The Voice of the NBRSA



Hydro Bullet Seater with extended base and interchangeable loading blocks

Our New 21st Century Reloading Hydro Bullet Seater is designed for bullet seating with hand dies. Height adjustment is a simple twist of the knob with very little effort. With this press you will receive the feedback and data to help control neck tension. Unique design for the field or bench. No need to bolt or fasten to bench. Extended base also available with the New Generation Press.

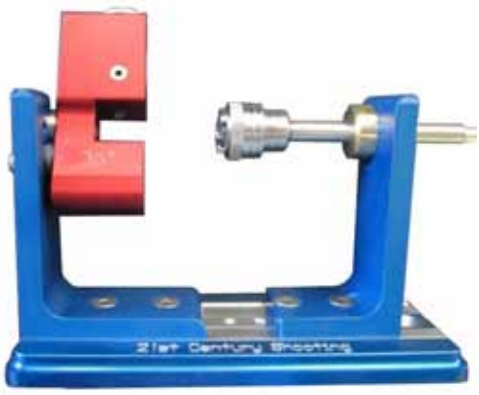
Click Head Stainless Steel Bench Rest Quality Primer Tool

The feel, the precision, the quality and the ease of adjustment of this tool are unique. Features include click head adjustments for precise primer seating and all stainless steel components with aluminum handle.

Concentricity Gauge with wheel

This device enables the user to rotate the case one complete revolution with about 1/8 of a turn on the wheel. Providing consistent pressure on the case. Easily retrofits in a snap to the 21st Century Shooting Concentricity Gauge (run out gauge - as shown). Features include canting to the left or right to keep the base of the case rotating against the stop. For unlimited setup scenarios. Simply amazing!



Neck Turning Lathe

The floating design of our neck turner and the universal floating case driver allows the case mouth (bore) to run on the arbor absolutely concentric. Therefore allowing O.D. to be turned concentric with I.D. The tail-stock creates a horizontal inline support for the base of the case. Also allows the operator to keep both hands on the power screw driver or drill. This makes it very easy to control feed rate of the cutting operation, generating a very fine turned finish. Case holder drivers are designed to be the most gentle driver, yet providing an adequate hold.

DOES NOT DRIVE OFF THE PRIMER POCKET
NO PRIMER POCKET OR CASE DAMAGE.
Driver shaft is hexed to use power screw driver or drill.
17cal. Fireball to a .416 Rigby. Also 50cal.

Ross Herrick receiving all the trophy plaques from Match Director Karl Hunstiger

Headline reads: *"City of Tucson declares Ross Herrick Day."*

I think the phrase most often heard later that day after the match was finished, is "When I grow up, I want to be just like Ross".

Or, maybe that was just myself thinking it. One look at the stat's for this latest match, and for most of our matches, you can see why.

Forget Superman, Batman or James Bond. Superman would just burn holes in the targets at 1,000 yards with his X-ray vision. Batman would have some sort of technical gadget to print small groups and high scores. And 007 would probably have some lovely Bond Girl laying at the 50 yard line in a desert camo Ghilli suit and a supressed rife, neatly drilling the X ring of his target while sitting at the bench firing rounds harmlessly into the desert. (Not that Bond would cheat of course... Unless, it was for Queen and Country.)

But Ross Herrick consistently shoots small groups and high scores...and has done so for years. There was a non-shooting visitor at this match who had seen the targets and was telling us excitedly, "Who is this guy Ross? He is really good!" We just looked at him sadly and said, tell us something we don't know.

While talking to Ross, he made the comment, you are too good to me in your articles. I replied, "Yeah, I'm working on that", and that I was looking for excuses *not* to be. Perhaps if he would be more arrogant about winning all the time? Or maybe not being so free with information to other shooters on how to do better? How to shoot like him? Then maybe I could come up with a reason to be a little bit critical or vindictive.

But that is just not the case. In addition to holding several world records, and being one of the best long range shooters I have ever known, Ross is as humble as you can imagine. Couple that with his willingness to help other shooters in any way he can, there is no other way to explain it. Ross is a class act.

We had a large turn out in April for a Sahuaro match. Fourteen shooters and twenty-five guns; including John Lazzaroni, famous gun builder and cartridge designer.

Conditions seemed to be pretty good. Clear skies and temps in the 80's by 10:00 am, but those winds were trickier than they appeared. Only 5 to 10 mph most of the time. But the way they switched around or changed velocity was always frustrating.

Even with that, the top seven shooters in light gun turned in sub-MOA aggregates, with the next two being just slightly above one MOA.

There was a bunch of very nice groups shot in light gun. Dan Carey had a 6.18" and Bill Warner also shot a 6.18", Jon Benz shot a 6.37", while Jeff Billotte of the infamous Billotte Gang turned in a 6.0".

To no one's surprise, Ross Herrick had two 5's! (plus an 8.93"), but his 5.56" and a 5.25" helped him to win the aggregate with a 6.58". His aggregate was smaller than any of my individual groups on that day!

Sahuaro 1000-Yard Benchrest April 11, 2015 Equipment List

Name	Caliber	Action	Barrel	Gunsmith	Stock	Scope	Case	Powder	Bullet/wt
Herrick	30Patroit	Nesika	Krieger	Wells	Tracker	Niteforce	Lazz	H4831	JLK/210
J Billotte (L)	7/270wsm	Rem	Classic	Pederson	Tracker	Niteforce	Norma	RL25	Berger/180
J Billotte (H/35)	6.5x47Lazz	McMillian	PacNor	Lazzarini	McMillian	Niteforce	Norma	H1000	Berger/140
P Billotte (H)	300wsm	Nesika	Krieger	Carey	McMillian	Niteforce	Norma	H4831	Berger/210
P Billotte (L)	6.5/284	Bat	Krieger	Carey	McMillian	Niteforce	Lapua	H4831	Berger/140
M Billotte	7saum	Bat	Krieger	Carey	McMillian	Niteforce	Rem	H4831	Berger/180
Benz	6.5/284	Savage	Krieger	Benz	Savage	Niteforce	Lapua	H4831	JLK/140
Carey	6.5/284	Bat	Krieger	Carey	McMillian	Niteforce	Lapua	H4831	Berger/140
Arenson (L)	6.5/284	Nesika	Hart	Carey	McMillian	Niteforce	Norma	RL22	Sierra/142
Arenson (H/24)	30Patroit	Bat	Krieger	Burno	McMillian	Niteforce	Lazz	H4831	Berger/210
McDonald	6BR	Rem	Broughton	Bryant	Shehane	Niteforce	Lapua	Varget	Berger/105
Warner	6.5/284	Bat	Krieger	Burno	McMillian	Niteforce	Lapua	H4350	Sierra/140

Lon Persun was looking good with a 5.18 inch group, but John Lazzaroni did one better with a 5.12", shot with a hunting rifle! Then Mike Billotte beat that with a 4.43" and we thought he had won small group. Then along came Wayne McDonald shooting the small group of the match with a 4.0"!

Ross also won the light gun score, leading the second place by a full ten points; only dropping four points for a 146-3X.

The top two heavy gun shooters also had sub-MOA agg's, with numerous sub-MOA individual groups throughout the rest of the field. As the wind picked up in the later relays, there were a number of shots off paper. But once again Ross was on top, shooting two 6-inch groups and a 10.5" for a 7.71" aggregate.

You'll never believe who won for heavy score...Ross prevailed with a 290-6X, beating the second place by a full 20 points.

Just as an aside, the Billotte Gang was right on Ross's heels all day. Jeff and Pat swapped places for second and third in light gun group and score, while in heavy gun, Mike was second in aggregate and Jeff was second in score. Ross is having to keep a wary eye on his back trail with those hombres around.

So Ross Herrick took it all that day, except... small group in light gun. And it is not the first time that has happened. While being a bit frustrating to the rest of us, it is nice to have someone lead the way and show us what is possible when you work at it. In addition to the fact that the guy who is able to do that kind of shooting, is more than willing to help you try to do it too.

As you probably figured out, I was just kidding about the Tucson papers declaring "Ross Herrick day". But maybe they will name the 1,000 yard range after him?

Also, I am told that there is absolutely no truth to the rumor that the bed cover on Ross's pickup truck hides literally hundreds of first place plaques from the Sahuaro matches. I didn't look of course, to confirm or deny that rumor, but that truck does ride awfully low in the back...

--Dale Arenson

Wayne McDonald, who stopped Ross' clean sweep with a 4.0" LG group.

Short Stories about Benchrest Shooters, Part II

Written by Bill Griffith with photos from Bill Griffith & Turk Takano

The stories below are about some of the folks I've met at matches who have done a little something to help this wanna-be shooter feel welcome. They are a continuation of a story that first appeared in the April issue of this magazine.

Brady Knight

These three guys are from Alabama. Brady and Jeff are NBRSA world-record holders. They are also among the lucky guys who are fortunate to have their wives travel with them to some of the matches.

I met Brady in 2010 at one of the River Bend monthly club matches and it was easy to get acquainted with him. All I had to do was say "Roll Tide" when I saw his red crimson tide shirt.

I've enjoyed seeing him at a few other such matches, but I've missed seeing him at those matches for a quite a while. Given some health problems he encountered in 2012, absences at club matches 250 miles away are understandable. Thankfully, he's back on the line at the bigger matches.

I'm not sure when I learned that Brady is a well-known bullet maker, but I've seen a lot of those little blue, "Knight Bullets" boxes on numerous reloading tables at various matches.

At the first Super Shoot I attended, I had a gun problem and wanted to send the gun back with Jim Andress for him to fix it; however, I couldn't find Jim when I was ready to leave (which was two days before the shoot ended). Brady graciously agreed to "baby sit" my gun until Jim could take possession of it. That was nice of him.

I've enjoyed reading some of Dick Wright's tales in Precision Shooting about betting with Brady at past Super Shoots--sounds like good times.

Scotty Grimes

I met Scotty in 2011 at one of the River Bend monthly club matches and enjoyed seeing him at a few other such matches. As with Brady, I've missed seeing Scotty at the monthly club matches for a quite a while; but unlike Brady, Scotty lives only about 100 miles from River Bend. I think he's been working on his golf game.

Scotty has always been easy to talk with, friendly and helpful. I remember asking him, at the first registered match in which I shot (River Bend, November, 2012), where he was spending the night. He said, "In there" pointing to the cab of his truck. I like to see folks "rough it." It's an inspiration.

At another registered match, I noticed that Scotty had befriended a new shooter and had obviously made a special effort to make the new shooter feel welcome. Good for him!

Jeff Graves

I met Jeff in 2012 at a practice day prior to the above-mentioned registered match. I had gotten to the range a couple of days prior to practice with my factory gun which I planned to shoot in the match. (I didn't have, as Bart Sauter says, a "real" gun at the time.) Jeff and I were the only two on the line early that day and it wasn't long before he offered to let me try his gun. That was the first time I had ever touched a two-ounce trigger--and it was memorable.

Every time I've seen Jeff since that day he has greeted me warmly, with that big smile of his--as though I'm his friend.

Joe Bougard

I met Joe at one of the River Bend monthly club matches in 2012 and have shot with him several times since. Prior to moving to the Atlanta area a few years ago, he lived in Louisiana and was active in running matches and shooting. He's got plenty of trophies to show for his shooting skills.

Joe is more than willing to help a wannabe shooter like myself. Shortly after I got a 6PPC, he invited me over to his house and showed me how to expand and turn necks. He gave me a list of stuff I needed to buy to do it on my own and gave instructions on fire-forming brass. Later, after hearing me inquire about barrel life, he invited me back to his house to inspect some of my barrels with his borescope.

Another time, upon hearing a mutual friend ask questions about shooting, reloading, etc., he invited the friend to meet him (as his guest) at the range a couple of times for a hands-on equipment and shooting evaluation and instruction. That strikes me as a good way to attract new benchrest shooters.

Keith Hansley

I met Keith in 2012 at the above-mentioned practice day and met Matthew the day the match started. On the practice day, I was shooting my gun with a scope that did not have lens covers. Keith (who's from the Raleigh, NC area) walked up behind me and offered me a set of lens covers for the scope -- what a nice gesture.

Matthew Keller

When the match started, I found myself sharing a bench with Matthew (who's from the Johnson City, TN area); I didn't have any bolt grease and he told me to feel free to use his . Again, what a nice gesture.

At one (maybe both) of the first two shoots I saw Matthew, I remember him singing the national anthem as part of the opening ceremonies. That boy can sing!

Anyone who thinks benchrest is just for old men has not met Matthew. He's one of the "young guns" on the circuit and he's in the Southeast Region Hall of Fame. He also runs the benchrest matches at Unaka Rod & Gun Club, having "inherited" the job from his late grandfather Norman Jones.

Wayne Campbell

I met Wayne at the River Bend Fall Classic in November, 2011, where I had gone just to see what was happening. Wayne was the first NBRSA Hall of Fame member whom I met who took time to engage in any meaningful conversation. I'm not sure how much he appreciated a wannabe shooter pestering him with questions; however, he graciously invited me to join him in his motor home while he loaded and talked to me about shooting and reloading.

At the first registered match in which I shot, his wife, Pam, was with him at the match, and my wife came with me also. They were both very gracious in taking time to make both of us feel welcome. At all the other matches where Wayne and I were both there he went out of his way to greet me (and my wife also, if she was there). That made this "bottom-of-the-list" shooter feel good.

At another match, he demonstrated a "one- and two-hour lift" of the wind flags and explained the effects on the POI. I think he would be a good benchrest teacher.

Wayne encountered some problems last year at the first qualifying match for the US World Team and was unable to finish; however, he didn't let those problems prevent him from qualifying, again, for the world team. He simply went to all the subsequent qualifying matches and shot "lights out". After all, "It's not just a game!" as his company moto says.

In coming months, I hope enough of you will submit stories of your own about some of the folks you've met in your benchrest journey so that such stories will become a regular feature of the magazine. I would enjoy reading each of them.

Benchrest Rifle Club of St Louis
April 19, 2015
VFS and Hunter Score Match
Bud Mundy wins VFS
Joe Hemkens wins Hunter

We really had a great day for a match with one wet exception; the rain started just before the end of the match. The wind started the day as a very light left to right wind but increased as the day progressed. There were few let ups and a lot of pickups which made it a tough day. We had a total of fifteen competitors and a new shooter, Ed Rankin, who shot a really good 100 yard aggregate.

In the VFS class at 100 yards the winner was Mike Schneidman with a very good 250-23X, second was Ron Hoehn with 250-20X and our new shooter Ed Rankin placed third with 250-19X. At 200 yards Bill Haynes was the winner with 249-5X, with Bud Mundy in second with 249-4X and third was Brad Hawkey with 248-8X. In the grand agg the winner was Bud Mundy with 499-22X, with Bill Haynes in second with 499-22X (the tie-break rule was used here) and third was Ron Hoehn with 498-27X.

In the Hunter class the 100 yard the winner was Joe Hemkens with 250-7X, Clark Greene was second with 249-14X and Mathew Hon placed third with 249-12X. At 200 yards the winner was Joe Hemkens with 245-2X, Jerry Kloeppel was second with 243-3X and third was Clark Greene with 241-5X. In the grand agg the winner was Joe Hemkens with 495-9X, second was Jerry Kloeppel with 491-12X and rounding out the top three shooters was Clark Greene with 490-19X.

Thanks to all for coming out and we hope you come again. Pictured above from left to right are: Mike Schneidman, Clark Greene, Jerry Kloeppel, Bill Haynes, Joe Hemkens, Ron Hoehn and Bud Mundy.

Thunder & Lightening at Oak Hill Gun Club

Is it coincidence or do the "Benchrest Gods" really get upset with some benchrest shooters winning? We had a balmy, sunny day with temperatures in the 80's and 5mph winds. Bright sunshine. Just a perfect day. Well, once the match winners were announced, the skies became overcast, ceiling lowered, strong cold wind from the north with dropping temperatures rapidly, "Thunder & Lightening" followed with driving rain. Coincidence—I think naught!

Well, the "Rock Crusher" aka "Cootsie", "Big-Boy", "D.C." and "Mister David" showed up at our match at Oak Hill Gun Club on April 19, 2015 and started "a whippin' up on us". Before we knew what had happened, we were a long distance behind at the 100 yard venue. He was a smiling on matches four and five and let up a little, just to keep us from leaving after starting with three ones.

Small groups at 100 yards were Jim Schmidt, 0.107, D.C. 0.182, D.C. again, 0.163, Dean Ekstrom, 0.240 and Jerry Wick 0.195.

At 200 yards, a familiar face surfaced. Dean Ekstrom rose up and pushed D.C. aside to claim this prize. Small group honors for this yardage went to D.C. 0.322, Robert Jacobs, 0.444, Jerry Wick 0.472, Dean Ekstrom 0.341 and Louis Kerhlikar 0.418.

The light varmint grand aggregate winner was "Mister David" followed by Jerry Wick, Dean Ekstrom, Louis Kerhlikar and Jerry King.

Well, the Benchrest Gods had seen enough. They congratulated Dave Coots and swore never to call him by any of his alias names again. Then the Thunder and Lightening started. Coincidence? You decide. Please read the following for your favorite shooter.

Light Varmint 100-Yards

Dave Coots	**0.2188**

Jeff Gaidos Wins WWCCA's Spring Tune-Up

April 18-19, 2015

Western Wayne County Conservation Association had our first match of the Eastern Region with thirty brave souls turning up to be greeted by bright sun and warm temperatures. Now it may not be considered warm by a lot on the Southern clans, but when you get temperatures in the high 60's and the sun shining, everyone was wearing T-shirts. We tried to get Margaret and Vera to wear them, but they declined. Sunday the wind came up and the temperature dropped a bit, but still warm. All in all, a very good week-end.

In the first segment, LV100, Lee Hachigian led the way with a very respectable .2090, followed by Steve Theye, of "BENCHRITE", (see advertisement on page 7) with a .2270 and then that Canadian Barrel maker, Rob MacLennan with a .2282. Small group victory was a fantastic .057 shot by Vic "MF" Potts. Someday I will find out what the "MF" stands for, so if you get a chance, ask him, and then tell me so as I can put it into the story line.

On to the show. Joey Krupa won the LV200 segment on Sunday, with a .2471, followed with my good friend, until I asked her to wear the T-shirt, Canadian Vera Carter with a .2525 and then that Indiana boy Ted Heindselman was third with a .2705. The Grand shaped up to Joey Krupa first .2569, Lee Hachigian in second place with a .2782, and third was Vera Carter at a .2847. I got to sit beside George Carter on the week-end and I have to admit to giving George all of the encouragement as I could. Stuff like; she is really making you look bad George, and other things which I cannot say here, but onward to the HV100...

Saturday, the local Mel Newransky won that stage with a .2184, followed by another local, Linwood "Butch" Lipscomb with a .2280 and then Canadian George Carter at a .2330. Must have been the encouragement I so graciously gave him. Mel also had the small group at .079. The HV200 was won by 'Mr. Jeff Gaidos' at a .2617, followed by Ted Heindselman with a .2638 and then another Canadian, Peter Smith at a .3386. The HV Grand shaped to the HV200 finish; Jeff Gaidos in first place at .2477, Ted Heindselman in second with .2776 and Peter Smith third with .3005.

The Two-Gun was all contributed to just overall good shooting, Jeff Gaidos took the win with .2680 with Lee Hachigian in second position at .2955 and Ted Heindselman placed third with .3012.

Thanks to the people who showed up to make this one of our best matches. Thanks also to the target crew, Brooke Newman, Wayne Holiday, the measuring people Connie Wyatt and Fay Lummen and to Dana Raven for putting on a very good match. Dana has a 3½ hour drive to come here but thanks to Brooke Newman, who is Dana's daughter, it all works out.

--Bill Gammon

Desert Sportsman Club Two-Gun Score Club Championship
March 7-8, 2015

Beautiful weather and temperatures welcomed shooters west of the Mississippi to our first match of 2015. Day one we shot Hunter first at 100 yards then VFS in the afternoon. Day two was the same but moved out to 200 yards.

John Seines dominated day one winning the 100 yard two gun aggregate. Day two Keith Myers dominated at 200 yards winning the 200 yard two-gun aggregate. After all the Mojave dust settled and numbers were crunched, Keith Myers took first place for the 100-200 two-gun aggregate. John Seines overcame scope issues and held in there for second place, while Tom Guisewhite shadowed John for third.

Thank you to Sheldon Turf, Ron Carter, and Howard Bloom for coming out early to help with the match. Thanks also to the rest of the shooters who helped make this event a success. Good Shooting!

River Bend Gun Club
Billy Stevens Wins the 2015 Gene Mowell Memorial

April 11-12, 2015

Billy was in top form at River Bend Gun Club this weekend after a rough start winning three yardages. There were 30 contenders present.

A special congratulations goes out to Scotty Grimes (aka Grimey) for his LV100 win as well as Don Hardeman (aka the Hartebeest aka the Beast) for his LV Grand win. Don would have placed very high in the Two Gun if not for an errant shot caused by a patch hiding in his tuner.

Small groups were shot by Jeff Summers .086 in LV100, Billy Stevens .112 in HV100, Terry Leonard .167 in HV200 and Matt Owens .247 in LV200

A big thanks to Bill Dittman, Scott Dittman and Jim Andress for putting on an outstanding match and for putting up with us!

Pictured above is Billy Stevens with his new American Eagle rifle, CST action, Scarbrough Stock with custom paint, Jewell trigger, Bartlein barrel, shooting LT32 with Bart's 68 grain BTs. Page 19: The rest of the Wood Winners. That very pretty young lady is Jamie Hood; Charlie & Cheryl Hood's granddaughter. She has been coming to benchrest matches since she was knee high. Jamie presented the trophies to the winners. Getting your picture with taken Jamie is way better than Jim Andress' mug!

John Horn Wins Crawfish

We had thirty-four shooters who came out to join the 2015 Crawfish. It was a wash out on Saturday for the LV and HV 100, but the target crew was able to get it done. The range was covered in red mud and puddles of water, it gave us a good work out setting our flags and walking to and from the benches in the pea gravel. The sun finally made an appearance for our Sunday afternoon LV 200. It brought out the usual mirage that made it sometimes difficult to see the bullet holes on the target.

Shooters took turns winning at the yardages beginning with Gene Bukys in the LV100 followed by Glenn Chism in the LV200. Wade Hull won the LV Grand. Next, Gary Walters won the HV100 followed by Richard Pullum in the HV200 and Grand. After the numbers were crunched, it was John Horn that rose to the top to win the 2015 Crawfish. Congratulations to John on a tidy win and a great start to this years' benchrest season.

Special thanks goes out to the Match Directors, Dwayne and Richard Pullum as well as the crew that helps out for these matches. It is always great to reunite with these great shooters and catch up and listen to all the new jokes for the season!

Wayne Campbell Wins the Shamrock XIV

March 28-29, 2015

Another great match (as always) was held at Middle Georgia Gun Owner's Assoc's range in Dublin, GA. There were 85 shooters on Saturday and 86 on Sunday. This made for a very quick running 3 relays.

Conditions were peaceful but challenging. The spinning sunflowers would not settle down and point in one direction. The fishtailing lasted most of the shoot. That didn't keep Pat Canning from winning the LV100 small group with a .073" group and Bob Scarbrough, Jr had a .97" group in HV100.

On Sunday morning we awoke to frost on the ground. The day warmed up quickly. Mirage at 200 yards was terrible. This was more apparent through the scope because the range added new mirage lines on the target frames. Small groups on Sunday went to Richard Watson in HV200 for .206" and Terry Leonard in LV200 for .273". The LV Grand was won by Andy Shifflett Jr. with an agg of .2560". Bob Scarbrough Jr won the HV Grand with an agg of .2562".

Of the 85 shooters who came to compete, there were some from nearby states and from as far as Ohio. We were also glad to see our Canadian contingent who traveled from afar to join the fun.

Camaraderie seemed to be the name of the game at this Shamrock event, (just like it is in most benchrest matches). Dale Metzger was saved from a 10-inch penalty by Dave Coots for helping him when his trigger went haywire in one of the LV200 matches. Dave loaned Dale his rifle to start and finish that group. What a guy!

One of our Canadian friends, Hugh Williamson, who placed 7th in the Two Gun at his first time at the Shamrock was helped by Two-Gun Winner, Wayne Campbell, who set him up with great equipment and kept him from hitting the ditch throughout the weekend, (which Hugh says he may be prone to do.)

In the end, when the dust settled, it was Wayne Campbell who claimed the Shamrock victory and won the weekend with a Two Gun agg of 0.2668". Wayne's great shooting on Saturday helped make up for being fifteenth in both LV200 and HV200 on Sunday. His Saturday scores were third in LV100 at 0.2142" and first place in LV100 with 0.2292". Congratulations to Wayne on a job well done and thank you everyone for attending and making this match something to remember.

--Matt Walker

Desert Sportsman Hunter Match

February 8, 2015

Sunday started out okay and then the Vegas winds blew in and made the wind flags go every which way but loose. This is where we separate the shooters from the ones that can read the flags and those who are still learning. Maybe one day I'll figure it out.

Following are the results of this first hunter match of the year at Desert Sportsman. Thank you to everyone for helping change the targets. Come and join us at our matches. We'd like to see you drop on by.

--Howard Bloom

Hunter 100-Yards

Dave Reymore	**249-4X**
Keith Myers	248-5X
Ron Orton	247-7X
Howard Bloom	245-9X
John Seines	245-7X
Dave Smith	196-1X*

Hunter 200-Yards

Dave Reymore	**241-1X**
Ron Orton	236-4X
Keith Myers	235-3X
John Seines	235-0X
Howard Bloom	229-0X
Dave Smith	188-0X*

Hunter Grand

Dave Reymore	**490-5X**
Ron Orton	483-11X
Keith Myers	483-6X
John Seines	478-7X
Howard Bloom	474-9X
Dave Smith	384-1X*

Mill Creek Rifle Club Hunter & VFS Match

April 18-19, 2015

It was a pretty typical April day; hard rain before we got started and off and on rain for the rest of the day. Switchy wind also. TK Nollan shot a very nice 500-25X in VFS with a 6PPC. It was the first 500 not shot with a 30BR. TK, Howard Cowher and Dave Brooks battled clear to the very end with Dave coming out on top. The hunter boys all struggled with at least one yardage and some of us with every yardage. Jason Stanley did not win a single yardage but stayed close enough in all of them and wound up winning the Grand.

A Toast to Clayton Martin

During the April President's Cup match at Holton Gun Club, Lee Hachigian presented a plaque toasting our late friend. Apparently, Capt. Clayton was in the habit of enjoying a beverage after the matches and always consumed these in a red solo cup, which was his trademark. The plaque reads, "In memory of Clayton Martin 1925-2015. His friendship started with a smile & a toast to good life."

Central Texas Benchrest Shooters

With the recent passing of Howard Dietz, there are some changes afoot at the Dietz Rifle Range in New Braunfels, Texas. First, we have a name change to Hill Country Shooters Assn, which more accurately reflects the beautiful country in which this range is located.

Second, there's a new sheriff in town; Cody Engel has stepped up to help Sammye and the other great shooters run the benchrest matches smoothly. When you visit, don't forget to drop by and say hello to Sammye at the Gun Shop while you're there.

Daniele Tincani

JC Braconi from EuroBenchrest News shares that Daniele Tincani from Reggio Emilia Italy passed away in April after battling cancer. Daniele was an active shooter in the 80's and won the HV100 at the XIII Super Shoot in 1985. He will be missed by his family and many friends. We are diminished.

April Issue

The Arizona Benchrest's SW Regional Championship Unlimited Equipment list should have stated Lester Bruno used a BAT action.

Change of Address: To change your address or report a damaged or undelivered magazine, write: NBRSA, PO Box 6770, Sheridan, WY 82801-7105. Do not return damaged copies. Change of address should include both new address and a mailing label bearing the old one. In case of duplication send both labels.

Contributors: The editor is not responsible for unsolicited manuscripts or photographs.

Advertisers: Rate cards and terms are available online at *www.nbrsa.org/membership-info*. We appreciate your support!

Safety Disclaimer: The publication, writers, organization officers, staff, and directors explicitly advise the readers that they make no representation of safety for any loads, techniques, and procedures if reported herein. The nature of participating in a shooting sport automatically requires caution at all times. Given the many variables present—weather, equipment, and components— the information presented is for your reading enjoyment.
