**ON THE COVER: Gene Bukys, former NBRSA President**

This issue is dedicated to all the past Presidents of the NBRSA. Their contributions and tireless attention to the oversight and management of the Association and its members allows "us" to continue our pursuit of ultimate accuracy /precision, with the enjoyment we all seek. "Hats off to all of them".

## A Dropped Shot

### Letters To The Editor

## "I'm Back ..."

Lee Hachigian,  
Editor

Well as you can see, I'm Back! Jack Neary called me soon after he received Whitney's resignation and asked me if I would come back and complete the February issue. I graciously agreed to do one more issue.

I was pleasantly surprised by the creativity of Whitney's first two issues. Unfortunately, the NBRSA wasn't ready for the style and creativity due to the financial constraints of our organization. We all have to remember this is an "organizational journal" for a non-profit, and it was never intended to become a subscription-based magazine you would find on the shelf of your local CVS pharmacy. Nevertheless, Whitney provided us a vision which future Editors maybe able to strive for within the

boundaries of the financial constraints of our membership.

This is another reason why Jack's vision of promoting our Association to drive increased membership is critically important. With more members you drive the need for more matches and ranges to hold those matches, which subsequently drive increased financial stability for the NBRSA.

The Regional Mentorship program was designed to encourage new shooters to try competitive benchrest. In addition, the mentorship program could also provide the needed support to an existing shooter that struggles with one or more of the attributes of competitive shooting, which in turn may result in improved performance and future retention of the

shooter. If you would like to participate in the Mentorship program, as a mentor or as protegee, see the information on page 10 or go to the NBRSA website to find out what you need to do.

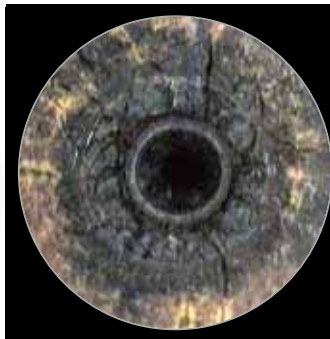

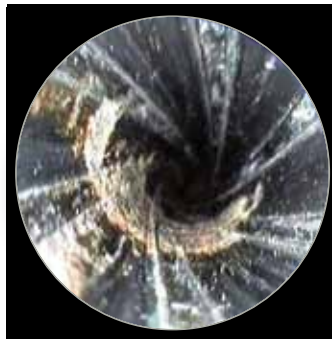

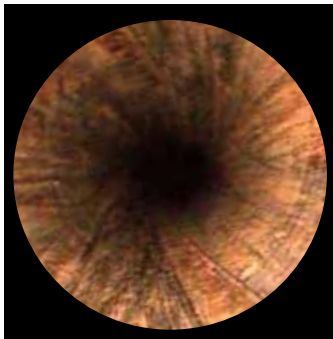

Lastly, due to the pandemic I've lost several close friends which I still sadly grieve about. Nevertheless, we must continue to endure and live our lives to the greatest extent possible. I plan to do just that!

One thing I've wanted to do, but kept putting off was to categorize all my shooting assets just in case something happens to me. With pictures, a short description of each item and estimated resale cost I hopefully will make this one aspect of moving forward for my loved ones easier.

# DOV MATTERS!

**Remove the mirror tube on your Hawkeye® to view rust and the rough patches that you can feel with your cleaning rod. View your chamber and determine land count and direction.**

**At zero degree DOV (Direction Of View).**

**HAWKEYE® PRECISION BORESCOPES**

*Designed, made and sold by precision shooters!*

## NBRSA - The President's Corner

Greetings!

Please join me in welcoming Serena Juchnowski, as our new NBRSA Precision Rifleman Magazine Editor,

effective January 1st.

Serena is a recent graduate from Case Western Reserve University - Weatherhead School of Business Management, where Serena obtained her Bachelor of Science Marketing degree in 3-years with a minor in English. She also received Magna Cum Laude honors distinction.

Serena has published numerous articles in various firearm magazines, including American Handgunner, Guns

& Ammo, NRA Shooting Sports USA and other leading publications.

Additionally, Serena is an accomplished service rifle shooter, having earned the coveted Distinguished Rifleman's Badge. She is also a long range shooter and member of the U.S. Young Eagles Palma Team!

Serena is also very anxious to learn more about Benchrest shooting!

I am very confident you'll be very pleased with her attractive magazine designs and informative content articles in her upcoming editions of our Precision Rifleman Magazine!

Welcome Aboard, Serena!

Jack Neary  
NBRSA, President

Serena Juchnowski

## *Member of the Month* *Brian Robinson*

**Congratulations on being chosen  
as our NBRSA Member of the  
Month!**

*Please tell us about your family?*

I have a wonderful and a very supportive wife of 16 years and we have a 15 year old son, who's more interested in girls and video games than shooting at the moment.

*Where do you live?*

SW Ohio

*How many years have you been shooting  
Benchrest?*

I started shooting benchrest in 2018. After attending a match as a spectator in 2017 I knew it was something I'd enjoy, so I spent the next 8-10 months getting a rifle and all the gear I thought I'd need and the following summer I attended my first match at Shelby County, OH. I had no experience in club matches prior to that so I was jumping in

with both feet so to speak.

*What is your favorite Benchrest shooting discipline? Long Range? Score? Group?*

The only discipline I've competed in to date is short range group, but I could see myself trying score and possibly long range in the future.

*What is your home range or Rifle Club?*

My home range does not hold registered matches, but Shelby County Deer Hunters Association is only about an hour away and is a very nice range for short range benchrest shooters.

*Favorite match or matches you annually attend?*

I truly enjoy every club/match I've attended in the Eastern Region, and last year I was able to attend 3 more for the first time. Shelby

County is a very unique range and I always have a good time there. It's an added bonus that I get to sleep in my own bed at night. The match that the Kane Fish and Game Club in PA puts on is another one I'll be marking on my calendar for as long as they're up to hosting. I had a great time there last year even though I didn't shoot the best. They really make you feel like you're a club member even if you live several states away. There's just something about that range and the area that I like but can't describe. Or maybe it's the pies.

The BRRC of St. Louis is as good as it gets when it comes to ranges and the club does an amazing job. WWCCA in Michigan is another club I really enjoy. Usually we'll have several shooters from the North attend that match and that was something I really missed last year.

*What makes these matches so special?*

I think I covered that in my answer above.

*Which friends do you like go to matches with?*

I'm as competitive as anyone, but if a day were ever to come that I could no longer attend matches, without a doubt the thing I'd miss the most are the people that make these matches so fun. One of the guys that helped me out early on is Tim Humphreys. If I see him when I get to a match, I know it's going to be a fun weekend regardless of how well I shoot. I really enjoy chatting with Stan Buchtel as well. I'm very interested in the history of this game and that man knows as much about the game and how it's evolved as anyone. I also have a good time chatting with and learning from Ted Heindselman, Steve Theye, Jack

*(Continued on page 8)*

## SHADETREE ENGINEERING & ACCURACY

**Joystick Rest Tops**

**Farley Tension Screws**

**Butch Lambert  
10099 FM 1565  
Terrell, TX.75160**

**Office: 972-524-2247  
Cell: 972-567-8166**

**Order online at <http://www.shadetreeea.com>**

Neary, Don Rosette and many others.

*What rifle components do you use (Scope, Stock, Action, Barrel, Trigger)?*

I only have one rifle that I would call “competitive” and it’s a Light Varmint rifle chambered in 6ppc. It’s built on a Bat DS action, Scarbrough stock, Bix’n Andy trigger and I’m using a Valdada 36x scope that I really like. My barrels have all been Kriegers with either a 13.5 or 14 twist, and Ted Heindselman and Dave Bruno have been doing my barrel work. I have a second Light Varmint rifle in the works and it will be built with the same components. I do have a Flavio trigger and a Bartlein gain twist barrel I’ll be trying out when the weather permits.

*What’s your highest shooting accomplishment thus far? (Small group, Aggregate or Grand win, 2-Gun, etc, win)?*

Well, there are no World Team medals or HOF points on my resume. I have yet to even win a 2-Gun but I’ve come really close a couple times. The first time was the most memorable for me because that was the first time I had ever finished in the top 3 in a Grand, let alone a 2-Gun. It was in the summer of 2019 and Ted Heindselman ended up beating me out by about .004”! Later that year I won my first aggregate. I do like to set small but reachable goals each year and last year my goal was to finish in the top half at the Nationals. It was my first Nationals and obviously the competition is incredibly strong so I would have considered finishing in the top half of the 3-Gun to be an accomplishment. I ended up finishing 11th, so to date that feels like my best shooting accomplishment.

*Greatest benchrest memory to date?*

There have been lots of great memories, milestones and firsts over these past few years, but probably my greatest memory to date came in my first match I had ever attended. I was a bit nervous since I had never shot in a match of any kind and this was also the first time I had ever loaded outside of my home. I wanted to do well but just getting to the firing line with 8 loaded rounds when my relay was called and not shooting someone else’s target would have sufficed.

I knew I wasn’t doing great in that first aggregate but I hadn’t shot any monsters so I was happy with the way things were going. When it was all over and I looked at the standings for the first time I saw that I was in dead last with a .32xx agg. That was a little bit discouraging, even if it was my first match. I started the afternoon match with a mid-.2, followed it up my first .1 group, and on that third match of the HV100 agg I shot my first screamer... a .093. I still remember admiring it through my scope after the last shot and having John Petteruti to my left congratulate me. This game is about aggregates not groups, but it was that moment that I knew I was hooked.

*Funniest Benchrest memory to date?*

Has to be Tim Humphreys demonstrating to everyone in the loading barn at Shelby Co. how a duck wins a fight against a rooster. One of those “you had to be there” moments I guess.

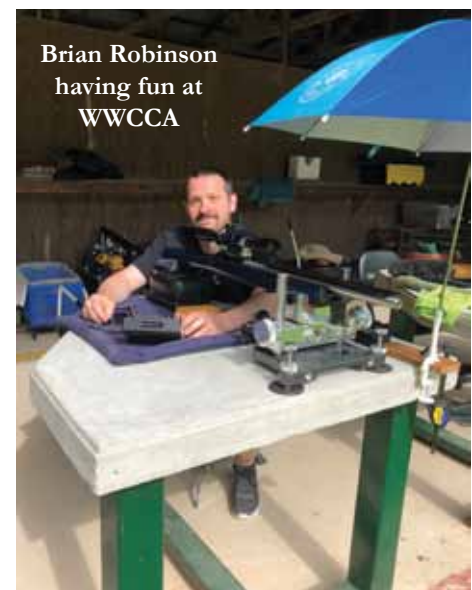

*What are your current/future shooting goals?*

Continuing to improve my tuning skills and understanding what the targets are telling me. I’m learning

new things every match and really enjoy the journey.

*Any advice you would share with new shooters?*

The first thing I would suggest, if you don’t already have them, is buy a good set of wind flags and don’t leave for the range without them. You’ll discover very quickly how important they are in this game. The next thing I would recommend is to go to a registered match, even if it’s just as a spectator first, and ask questions. Usually the Friday before a weekend match is best since it’s just a practice day for the competitors. There’s a very steep learning curve for new shooters entering this game but without a doubt the fastest way to improve is to go to the matches and learn from the best. There’s no shortage of guys willing to help. The advice given online isn’t always the best and you’ll find that out quickly. If you can find a mentor in your area that’s willing to spend a little more time working with you that’s even better. Your #1 goal should be to have fun. There will be days where things just aren’t working and you’ll get frustrated, but at the end of the day as long as you’re having fun that’s what it’s all about.

## 2021 NBRSA GROUP NATIONALS

September 20-25, 2021

Hosted by Holton Gun & Bow Club

### **Schedule of Events:**

**Sept. 20th - Unlimited 100 Yards**

**Sept. 21st - Sporter & Light Varmint 100 Yards**

**Sept. 22nd - Heavy Varmint 100 Yards**

**Sept. 23rd - Unlimited 200 Yards**

**Sept. 24th - Light Varmint & Sporter 200 Yards**

**Sept. 25th - Heavy Varmint 200 Yards**

### **NBRSA Registry:**

**Match Fees: \$55/Day**

**(UNL, SP, LV, HV)**

**Camping Fees: \$20/Day**

**(Water and Electric 30 amp only)**

## Regional Mentorship Program

In an effort to continue the growth of our NBRSA membership and help develop the skill-sets of our current members, our NBRSA leadership team is launching a "Regional Mentorship" program. Our NBRSA Regional Directors, Vice-President Wayne Campbell and myself, each recognize it is very difficult for a new shooter to enter our beloved sport, due to the lack of proper available training or mentorship, necessary to grasp and learn all the many facets of the skills needed for a new shooter to find a level of success they may continue to build on. We also all recognize there are several excellent Benchrest books from shooting greats, Tony Boyer, Mike Ratigan and Glenn Newick. However, we all agree, nothing can replace some very good "hands-on" basic benchrest skills training! Additionally, we also recognize, this lack of available teaching or mentorship that is greatly needed

to help our current members, whom maybe struggling in their own right with their equipment or with their current, limited skill-sets, necessary for them to achieve a level of success to properly motivate them to keep shooting and not quit! Much like golf, the better you play, the more you will enjoy the sport. We believe Benchrest shooting, whether it's Long Range, Score or Group shooting, is much the same way. If you're not playing golf (or shooting) well because of a lack

of skill you'll become very frustrated and may look for another sport... We strongly believe our new Regional Mentorship program may address these barrier-to-entry/skill development obstacles... Okay.... How does the "Regional Mentorship" program work? Simple... Our (8) NBRSA Regional Directors, Wayne Campbell and myself are seeking some skilled volunteers, whom are willing to work with potential new shooters or our current members,

## The PMA Micro Die Adjuster

We won't say it's the best thing to happen to reloading...  
but you might

**PMA Tool**

260.246.5860

**Innovative  
Reloading  
Equipment  
for the  
Accurate  
Rifleman**

whom are trying to learn new skills for Long Range, Score and Group shooting disciplines, so they may simply try and improve at their respective local ranges at a "no charge" or nominal fee basis.

These new Mentors will agree to have their names, phone number and/or e-mail address posted on our NBRSA web site and in our monthly Precision Rifleman Magazine for potential new shooters and current members to contact so they may make arrangements to meet with their new "Mentor" at a mutually agreeable range, date and time. Please note, you need not be a HOF member or major match winner, etc... to become a mentor! We are looking for some experi-

enced shooters with generous hearts, who are each willing to provide new shooters or our current NBRSA members with some sound instruction!

#### Next Steps:

If you are willing to volunteer as a new "Regional Mentor", please e-mail me (jack6ppc@gmail.com) with your name, phone number and/or e-mail address authorizing the NBRSA to publish your contact information. Please also include the name of the local Benchrest range(s), where you would be available to meet and mentor respective shooters. Your name and contact information will then be listed on our NBRSA website, and

also in the monthly Precision Rifleman Magazine for new shooters and current members to contact you directly.

I will be the first mentor to volunteer! I am available to meet with shooters at the Chippewa Rifle Club, located near Doylestown, OH. Let's all make a concerted effort to bring someone new to a range and properly introduce them to our great Benchrest sport!

Please feel free to call or e-mail me with any questions you might have.

Jack Neary NBRSA, President  
Cell: 440-590-5299  
E-mail: jack6ppc@gmail.com

The following volunteers will be assisting with all aspects of shooting from loaning their equipment, to hands on training in their specific disciplines. Please feel free to contact any of the following volunteer mentors for assistance. We look forward to hearing from you.

# New 300-Yards World Record Aggregate

## Dave Brooks Shoots World Record 300-Yard Sporter Aggregate

Dave was informed by the NBRSA World Record Committee that the Sporter targets he shot at 300-yards on October 9, 2020 at Charlene's Meadow has been measured by the committee, and found to be a New World Record.

His 300 yard aggregate 5-5  
Shot Groups Measured 0.2154.  
The old record was 0.2203 set  
6/13/1999.

Our sincere congratulations go out to Dave on his superior job of shooting.

### Perfect Shoulder Bump!

### — With No Die Adjustment —

The easy to use Redding Competition Shellholders enable you to perfectly match the headspace of your reloaded ammo to any firearm. Once the proper shellholder is determined, your results are repeatable — *no die adjustment is necessary*. Each shellholder is clearly marked to indicate the amount it will change case to chamber headspace — *no special tools or gages are needed*.

— Packaged in five piece sets in .002" increments —

# Arizona Benchrest Shooters

## Ben Avery Range

November 2020

### Sporter and Unlimited 5-Shot

We shot the Sporter 100 on Sat. a.m. with 26 shooters on the firing line. As with nearly everything; Covid has negatively impacted our match attendance. Thanks to all that came out for the match. For our monthly matches we have the range Thursday and Friday for practice. It was breezy for practice days and tough to work on something new if that was your intention. The match conditions were: temps in the low to high 70's with wind in the low to high 20 mph starting around 10 o'clock. You had to have your act together in order to shoot a small group. Lester Bruno came to this match firing on all cylinders. He opened the match shooting the small group for the match a .136. There were only 5 one groups fired the entire aggregate and Lester the agg winner with a .2154 only had one his first target. In second place a bit of a ways back was Duke Rovarino shooting a .2490. In third place was a part time local shooter and new bullet maker Paul Parosky Jr. shooting a .2746. In looking over the match stats I noticed that many shooters had very competitive groups except for one match that got away from them.

#### Sporter 100 yards

1. Lester Bruno	.2154
2. Duke Rovarino	.2490
3. Paul Parosky Jr.	.2746
4. Brad Jensen	.2758
5. Joe Pipola	.3074
6. Chuck Miller	.3084
7. Dave Woodward	.3182
8. Wayne Christian	.3200
9. Bob Brackney	.3210
10. Lou Murdica	.3246

Saturday afternoon we shot the Unlimited 5 shot match. The wind was breezy/ windy. With as many shooters shooting 5 shots with tuned rail guns

we usually have zero's as match winners. With the wind we had Duke Rovarino was the only shooter to shoot a match winning zero. He shot a .086 in match #3. The other match winners shot were mid one's. Duke won the aggregate with a .2046, this was after he shot a .300 and .284 in his first 2 groups. This shows that you can come back after a slow start in tricky conditions. In second place was Dave Woodward with a .2208. Again a bit of don't give up; Dave opened the match shooting 2 high one's. In match #3 he shot a .393, this almost always is an agg killer when shooting 5 shots with rails. However, he shot 2 mid one's to close out the match and finished up in second place. In third place was Lester Bruno shooting a .2214.

#### Unlimited 5 shot 100 yards

1. Duke Rovarino	.2046
2. Dave Woodward	.2208
3. Lester Bruno	.2214

4. Bud Mundy	.2308
5. Dan Sutton	.2446
6. Chuck Miller	.2770
7. Gary Ocock	.2796
8. Wayne Christian	.2822
9. Paul Parosky Jr.	.3096
10. Lou Murdica	.3114

Sunday we started the competition shooting the Unlimited (5) at 200 yards. Same winds breezy/windy. Only saving grace it wasn't switching very fast but it was switching several times during the 7 minutes. Winning the aggregate was Lester Bruno shooting a very nice .1356. Les won 3 of the 5 matches. He didn't shoot small group for the yardage that was done by Bud Mundy shooting a .169 in match #2. That .169 helped Bud finish in second place for the yardage with a .1704. In third place was Gary Ocock shooting a .1959. Honorable mention

# PRECISION PERFORMANCE

## Magnum Metal

Contact: Scott Hunter  
940.631.4545  
hunter.scott1@twc.com

goes to Hector Elias Jr. shooting a .2803 for 14th place shooting a varmint gun.

### Unlimited 5 shot 200 yards

1. Lester Bruno	.1356
2. Bud Mundy	.1704
3. Gary Ocock	.1959
4. Duke Rovarino	.2042
5. Chuck Miller	.2161
6. Bob Brackney	.2184
7. Steve Hooper	.2351
8. Dave Woodward	.2356
9. Steve Berg	.2447
10. Wayne Christian	.2550

After a short break we shot the Sporter 200. By this time the winds picked up and it was harder to shoot a small group, even Hall of Famer Lester Bruno shot 4's and 6's. Another Hall of Famer was so concerned with the wind, he cross fired on his last target just trying to shoot an average aggregate. Winning the yardage was Hector Elias jr. with a .2755. In second place was Lester Bruno with a .2762. Those were only two to shoot in the two's. In third place was unofficial range officer Joe Pipola with a .3270.

### Sporter 200 yards

1. Hector Elias Jr.	.2755
2. Lester Bruno	.2762
3. Joe Pipola	.3270
4. Dan Sutton	.3536
5. Bob Brackney	.3585
6. Mary Matau	.3810

85 Muzzle Breaks Spiral, Tactical and Tuner

Premium Products at Popular Prices for the Discriminating Shooter

Call the shop Monday- Thursday 7 to 5 EDT.

**HARRELLSPREC.COM**

7. Chuck Miller	.3848
8. Wayne Christian	.4030
9. Paul Parosky	.4502
10. Paul Weaver	.4528

Winning the Sporter Grand was Lester Bruno by a big margin shooting a 0.2458.

1. Lester Bruno	.2458
2. Hector Elias	.3170
3. Joe Pipola	.3172
4. Bob Brackney	.3398
5. Chuck Miller	.3466
6. Wayne Christian	.3615
7. Paul Parosky Jr.	.3624
8. Dan Sutton	.3629
9. Duke Rovarino	.3630
10. Mary Matau	.3862

Winning the Unlimited (5) Grand by a nice margin not quite as big as the Sporter was Hall of Famer Lester Bruno.

1. Lester Bruno	.1785
2. Bud Mundy	.2006
3. Duke Rovarino	.2044
4. Dave Woodward	.2282
5. Gary Ocock	.2378
6. Chuck Miller	.2466
7. Dan Sutton	.2572
8. Wayne Christian	.2686
9. Bob Brackney	.2787
10. Paul Parosky Jr.	.2878

2 Gun - If you've been following along you can see that Lester Bruno won the 2 Gun by a huge margin. His 2 gun aggregate was really good given the shooting conditions we faced. At times it looked like Lester was shooting on a different range than the rest of us.

### 2 Gun Aggregate

1. Lester Bruno	.2112
2. Duke Rovarino	.2837
3. Chuck Miller	.2966
4. Bud Mundy	.3084
5. Dave Woodward	.3086
6. Bob Brackney	.3092
7. Dan Sutton	.3101
8. Hector Elias Jr.	.3135
9. Wayne Christian	.3151
10. Joe Pipola	.3248

## Phoenix Ben Avery, (December) Unlimited 5-Shot Weekend

December 12/13, 2020 we shot our Unlimited 5 shot Invitational Match all weekend ( 2 100/200 yard Grands). It's been a popular match as we have quite a few Rail Gun shooters in the Southwest Region. Even with Covid we had 21 shooters show up for the match. We had at times nice weather for shooting small groups. However, we also had some challenging winds each day on the match weekend. It seems that not only is Covid a pain in the --- but our match weather the last few matches has been an issue as well.

For the second match in a row at Ben Avery, Lester Bruno showed everyone why he is a member of the Group Shooting Hall of Fame. In the end he was the top shooter winning by a healthy margin. We started the match as always shooting 100 yards. The first 100 yard agg was won by the Dukster, Duke Rovarino. Duke has been working very hard at being competitive the last few years and it's paying off. Duke put together a great 100 shooting a .1188 aggregate. This aggregate was submitted to the record committee for approval. Duke shot 1 zero, 3 small ones and finished the agg with a mid one. Duke shot the small group for the yardage a .085 in match #1. Oddly is that his .085 was the only zero shot in this agg. Bud Mundy was a distant second place with a .1676 and in third place was Dave Woodward with a .1726. Looking at the stats sheet 46.6% of all the groups shot were under .2. If you want to get group shooters excited; shoot a 5 shot Rail Gun match in nice conditions. It's a blast.

### Unlimited (5) 100 yards

- |                           |                          |
|---------------------------|--------------------------|
| 1. Duke Rovarino .1188    | 2. Bud Mundy .1676       |
| 3. Dave Woodward .1726    | 4. Lester Bruno .1772    |
| 5. Dan Sutton .1814       | 6. Wayne Christian .1904 |
| 7. Brad Jensen .1918      | 8. Gary Ocock .1924      |
| 9. Earl Horgeshimer .2066 | 10. Chuck Miller .2080   |

Duke Rovarino

After a break we shot the second stage at 100 yards. Winning this yardage was Gary Ocock with a .1622. Shooting small group for the aggregate a .078 in match #1 helped offset the .311 I fired in match #5. I have a story about the 311. I sometimes entertain myself when shooting my rail by trying to put my group dead center in the 10 ring. I missed pretty badly this time and figured I'd at least try and make the group look round and forgot all about the wind; and wa-lah a .311. In second place was Brad Jensen shooting a .1670 and in third place was Lester Bruno with a .1852. Only 3 aggs in the one's for this agg. We had 35.2% of all the groups shot were under 0.2.

Gary Ocock

Sunday we shot the two, two-hundred yard stages of the match. The wind pick up and the aggregates will reflect that. Earl Horgeshimer who has as much fun testing stuff put his test results to good use winning this agg with a .2744. I'm almost certain that Earl instead of upping his load to help buck the wind, shot what would be considered a very light load and won by a nice margin. Best guess he pulled the trigger at the right time; better than the rest of us. Small group for the yardage was a .243 fired by Hector Elias in match #3 using a VARMINT RIFLE. Way to go Hector.

### Unlimited (5) 200 yards -1

- |                           |                         |

| 9. Dan Andrus .6602       | 10. Gary Sinclair .6653 |

Earl Horgeshimer

After a quick break we shot the second of the two 200 yard stages. The wind let up a bit and it became a somewhat reasonable shooting match. Lester Bruno won the aggregate with a .1810. Of note: Lester shot 3 groups in this agg the same size, a .261. I've been shooting group a long time and I can't remember ever seeing that done before. Not only the same size but they

*(Continued on page 18)*

## 18 Precision Rifleman - February 2021

were good targets as well. Also of note is that Dana Andrus who finished second in the agg with a .1978 shot small group for the agg a .155. He only shot 2 groups at 100 yards smaller than that .155. That .155 at 200 yards must have looked small looking through his scope. Local experimenter Earl Horgeshimer finished in third place with a .2080.

Lester Bruno

The match is the second stage of the Visalia, Ca. and Ben Avery, AZ. Unlimited Invitational. The match consists of 4 Grands from 2 matches. There is a nice traveling Trophy sponsored by Lester Bruno and Gary Ocock. Lester Bruno won this year with a 0.2000.

I am the match reporter (Gary Ocock). Every once in a while I call out a shooter for something; it is always in good fun and sometimes there is a lesson to be learned. Well in all fairness I have to call out myself. During the 200 yard stage Sunday morning we had some very challenging winds. I started the aggregate with a lousy 1.495 group. In my effort to come back from that I decided to wait for most of the 7 minuets in the next match hopping the wind would let up a bit. Well I waited a bit to long. I'm not a fast shooter and started my group with very little time left. My first few shots were ok not bad; the wind picked up a bit and I waited a bit more; I fired a sighter and it looked like I had to hold a couple of inches so I fired the fourth shot, but it went out to a 1.495 I waited a bit more to the final seconds and when I went to shoot my last shot I dropped the round as I was trying to load it and ran out of time to finish; adding 2" to my group. Yes, you don't need to screw up your group in the first few minuets of the match BUT you need to know your limitations of your skill and give yourself some wiggle room. I've said this many times: if you shoot long enough you'll make every mistake there is and then if you shoot some more you may make some of them again. I'm betting I won't make that one again (buy waiting).

## Phoenix Ben Avery, Arizona State Sporter and Unlimited Championships

Yes it was a New Years Eve weekend. Many felt that old benchrest shooters don't celebrate New Years type holidays and we'd rather shoot a match. That's pretty much what happened. The Covid kept a few away as had been the case this shooting season. The weather for the practice days and the match it self was typical for Arizona this time of year. Cold in the morning and warming up to high 60's on practice days and about 70-71 over the weekend. The winds were mild most of the time, 5-10 mph with slow changes in direction. Again like other matches this winter many were complaining of shots moving out for what looked like no apparent reason. We started the match off with the Sporter 100. Winter visitor and NBRSA Regional Director Bud Mundy won the aggregate with a decent .2138. Bud shot 3 high one's and a couple of two's. In second place was Lester Bruno with a .2240 and in third place was Utah resident Wayne Christian with a .2648. Small group was fired by Duke Rovarino a .125 in match #4. Honorable mention goes to Chuck Miller who shot a .128 in match #3. There were no zero's shot with 23 shooters competing.

**Sporter 100**

1. Bud Mundy \_\_\_\_\_ .2138
2. Lester Bruno \_\_\_\_\_ .2240
3. Wayne Christian \_\_\_\_\_ .2648

4. Duke Rovarino \_\_\_\_\_ .2662
5. Max Maxwell \_\_\_\_\_ .2728
6. Gary Ocock \_\_\_\_\_ .2782
7. Steve Hooper \_\_\_\_\_ .2794
8. Paul Weaver \_\_\_\_\_ .2914
9. Mike Nagengast \_\_\_\_\_ .2946
10. Chuck Miller \_\_\_\_\_ .2998

Saturday afternoon we shot the Unlimited 100 (5). With the mild winds we were experiencing there was talk of maybe a record being shot; especially after Bud Mundy started the agg shooting a .069 for the first target. That was small

*(Continued on page 20)*

**www.batmachine.com**  
**208-981-0300**

World Class Precision World Class Performance

**email: sales@batmachine.com**

group for the yardage as well, however it was the only zero shot. Winning the agg was the Dukster Duke Rovarino with a .1598. Duke claims not to like shooting the Rail that much; but he's sure been shooting it well the last few months. Maybe last months potential Unlimited 100 yard agg record has changed his mind. For the 4th and 5th targets the 5 shooters on my target frame decided to shoot for quarters. There were 4 rails and a varmint gun. Jack Snyder of (Edgewood Shooting Bags) was shooting the varmint gun. Well I'm sure you know the rest. Jack shot a .135 group and won the 4th match. Jack beat 4 guys shooting rails. Jack said it was his new front bag that did the trick; give him a call and he'll tell you all about it.

#### Unlimited 100 (5)

1. Duke Rovarino	.1598
2. Chuck Miller	.1688
3. Bud Mundy	.1700
4. Lester Bruno	.2314

7. Wayne Christian	.2630
8. Dana Andrus	.2680
9. Dave Blazzard	.2780
10. Dan Sutton	.2858

Sunday we shot the 200 yard stages. We ended with the Unlimited on Saturday so we started with the same for 200. Conditions were mild 5-10 wind and some medium mirage. If you choose the right conditions to start you could shoot a nice group, no record but very competitive. The Dukster Rovarino did it again winning the first match and shooting the small group as well, a really nice .121. As small as that group is you could still see there was one shot slightly out of the group; there had to be 4 shots in a zero. Winning the aggregate though was Gary Ocock with a .1688. In second place was The Dukster with a .1814 and third place was Bud Mundy with a .2111. The group of 5 on my target frame shot again for quarters. Winning the quarters; Ocock -3 Bruno -1 and Steve Hooper -1. Of note there were 21 shooters; several varmint rifles and no one shot a group

7. Dan Sutton	.2415
8. Chuck Miller	.2554
9. Wayne Christian	.2561
10. Hector Elias Jr.	.2563

Next up is the Sporter 200. Shooting conditions were similar to the morning with more moderate winds and a slight increase in mirage. My guess is that the wind was 8 to 15 mph most of the match. A few pick ups though especially if you got caught waiting for a lull. Winning the aggregate was The Dukster again shooting a .2712. Not all that good but good enough to win. In second place was Chuck Miller with a .2744 and in third

place was Bud Mundy with a .2879. Small group for the yardage was a .298 fired by Wayne Christian in match #

1. Of note there were 23 shooters and 23.2% of the groups were 1 inch or larger. Looking at the aggs you can see how the conditions became a bit more difficult, thus the more 1 inchers. Match Director Matt Schwartzkopf shot this weekend and he shot small group for sporter match #2 a .367. Matt is new to benchrest, but has been shooting long range for years. After the match he said he thinks he's hooked. I believe it was Lou Murdica that helped Matt with his equipment and most likely loaned him a rifle to shoot.

**Change of Address:** To change your address or report a damaged or undelivered magazine, write: NBRSA, PO Box 349, Concord, VA 24538. Do not return damaged copies. Change of address should include both new address and a mailing label bearing the old one. In case of duplication send both labels.

**Contributors:** The editor is not responsible for unsolicited manuscripts or photographs.  
**Advertisers:** Rate cards and terms are available online at [www.nbrsa.org/membership-info](http://www.nbrsa.org/membership-info). We appreciate your support!

**Safety Disclaimer:** The publication, writers, organization officers, staff, and directors explicitly advise the readers that they make no representation of safety for any loads, techniques, and procedures if reported herein. The nature of participating in a shooting sport automatically requires caution at all times. Given the many variables present—weather, equipment, and components—the information presented is for your reading enjoyment.

### Hydro Bullet Seater with extended base and interchangeable loading blocks

Our New 21st Century Reloading Hydro Bullet Seater is designed for bullet seating with hand dies. Height adjustment is a simple twist of the knob with very little effort. With this press you will receive the feedback and data to help control neck tension. Unique design for the field or bench. No need to bolt or fasten to bench. Extended base also available with the New Generation Press.

### Click Head Stainless Steel Bench Rest Quality Primer Tool

The feel, the precision, the quality and the ease of adjustment of this tool are unique. Features include click head adjustments for precise primer seating and all stainless steel components with aluminum handle.

### Concentricity Gauge with wheel

This device enables the user to rotate the case one complete revolution with about 1/8 of a turn on the wheel. Providing consistent pressure on the case. Easily retrofits in a snap to the 21st Century Shooting Concentricity Gauge (run out gauge - as shown). Features include canting to the left or right to keep the base of the case rotating against the stop. For unlimited setup scenarios. Simply amazing!

### Neck Turning Lathe

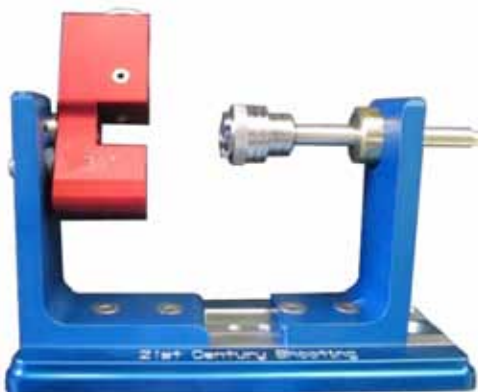

The floating design of our neck turner and the universal floating case driver allows the case mouth (bore) to run on the arbor absolutely concentric. Therefore allowing O.D. to be turned concentric with I.D. The tail-stock creates a horizontal inline support for the base of the case. Also allows the operator to keep both hands on the power screw driver or drill. This makes it very easy to control feed rate of the cutting operation, generating a very fine turned finish. Case holder drivers are designed to be the most gentle driver, yet providing an adequate hold.

**DOES NOT DRIVE OFF THE PRIMER POCKET**

**NO PRIMER POCKET OR CASE DAMAGE.**

Driver shaft is hexed to use power screw driver or drill.

17cal. Fireball to a .416 Rigby. Also 50cal.
