ON THE COVER: Mike Schneidman wins NBRSA 2021 National Championship Score Match 2 Gun.

# MISSOURI STATE HUNTER, VFS 2-GUN

July 24-25, 2021 -- St. Louis, Missouri

Results Received: 7/26/2021

## Mike Schneidman wins Missouri State VFS match 2-GUN Trophy

A really big thanks to all competitors for coming to our match, especially to those that traveled a long distance. We actually had 3 Texans, 2 Wisconsin Badgers and a Cajun that came to use this match as a warm-up for the NBRSA National score match next week. If you are a score shooter you should try to make this match next year, 2 days back-to-back of score shooting is a challenge. On Saturday we shot both 100-yard matches and had conditions that are really good for this range- light switching wind throughout the day. Sunday things were a little tougher with mixed wind a somewhat heavy mirage.

## Results for the Missouri State Hunter Match

The 100-yard winners were 1st Jim Dowling, 2nd Joe Hemkens and 3rd was Jim Koffman. At 200 yards the winners were 1st Jim Dowling, 2nd was Mike Schneidman and 3rd was Jim Koffman. The grand agg winners were 1st Jim Dowling, 2nd was Mike Schneidman and 3rd was Jim Koffman.

## Results for the Missouri State Varmint for Score Match

At 100 yards the winners were 1st Jerry Kloeppel, 2nd was Jeremy Mataya and 3rd was Bud Mundy. At 200 yards the winners were 1st Jerry Kloeppel, 2nd was Bud Mundy and 3rd was Harry Ward. The grand agg winners were 1st Jerry Kloeppel, 2nd was Bud Mundy and 3rd was Jeremy Mataya. Jeremy just had this VFS rifle built and had only fireformed cases before arriving for this match- a 3rd place finish is a great start with an unknown rifle!

## Results for the Mississippi Valley Regional Hunter Match

The 100-yard winners were 1st Clark Greene, 2nd Joe Hemkens and 3rd was Paul Hon. At 200 yards the winners were 1st Clark Greene, 2nd was Joe Hemkens and 3rd was Paul Hon.

The grand agg winners were 1st Clark Greene, 2nd was Joe Hemkens and 3rd was Paul Hon.

## Results for the Mississippi Valley Regional Varmint for Score Match

At 100 yards the winners were 1st Jim Dowling 2nd was Bob Miller and 3rd was Jim Koffman. At 200 yards the winners were 1st Ray Perry, 2nd was Harry Ward and 3rd was Dennis Boyet. The Grand agg winners were 1st Mike Schneidman, 2nd was Dennis Boyet and 3rd was Harry Ward.

## 2 GUN Winner

For our 2-Gun award we use a competitors Hunter Class State match score combined with his/her Regional VFS match score. This year's winner is Mike Schneidman with a 996-48X. A Jyardages until he had gun problems at the regional 200-yard match. Jim actually had a 3 point lead over the nearest competitor going into the 200-yard VFS match. Below in yellow are the results of the competitors competing for the 2 Gun award.

# SECOND HALF UTAH STATE FOUR GUN CHAMPIONSHIP

August 7-8, 2021 -- Springville, Utah

Results Received: 8/11/2021

## SECOND HALF UTAH STATE FOUR GUN CHAMPIONSHIP

### LIGHT VARMINT CHAMPION – LOWELL FREI .3011 AGG

### HEAVY VARMINT CHAMPION – LOWELL FREI .2558 AGG

### TWO GUN CHAMPION – LOWELL FREI .2785 AGG

I would like to begin by telling you about are great weather this weekend. We actually had fairly moderate temperatures and conditions for this time of year. Winds were moderate and the mirage was tolerable. However, these conditions were compromised by thick smoke from several western fires. News sources were reporting on Friday that Utah currently had the worst air quality in the U.S. Come to find out our air quality was ranked fourth worst in the world.

Numerous raging western wild fires have been the norm for the last three years and if we don't break the severe draught were in, may continue as an annual event. And, it doesn't appear the Covid virus will disappear any time soon either. Let's hope for better times ahead!

Anyhow, it was good to see familiar faces returning for the second half of the Utah State Championship. Paul Snow started off the Light Varmint 100 by shooting a small .156 group in Match 1, we were off to a good start. Tom Stiner won the yardage with a .2638 agg while J. D. Goulette IV shot a .130 small group for the yardage.

After lunch, Tom Stiner, continuing his hot shooting, started the Heavy Varmint 100 off shooting a .207 small group in Match 1. But when the shooting concluded, Todd Jensen had eked out a narrow win over Tom by shooting a .2604 Agg besting Tom's .2646 Agg.

Small group for the yardage was a .159 shot by Rodney Brown. Now it was time for a flag change and getting ready for Sunday's 200 yard competition.

Lowell Frei began Sunday morning's Heavy Varmint 200 yard stage by shooting the small group in each of the first four Matches! Lowell's .2028 Agg easily won the yardage and his .230 group in Match 1 took small group honors. As a side note, Lowell shot that Agg with a rifle I sold him when I retired from bench rest competition.

As hot as Lowell was shooting, Dan Dowling bested him in the Light Varmint 200 by shooting a nice .2754 Agg Sunday afternoon while Lowell took second place. Dan's .326 group in Match 1 won the small group for the yardage.

Lowell took the Two Gun Championship with a .2785 Grand Agg. Second place went to Todd Jensen with his .3111 Grand Agg. Third place went to Dan Dowling with a .3245 Grand Agg.

The 2021 Three Gun State Champion is Todd Jensen with his .3204 Three gun Agg.

Second was Rodney Brown with a .3404 Agg and coming in third place was Dan Dowling with a .3458 Agg.

The 2021 Four Gun State Champion is Rodney Brown shooting a .3528 Four Gun Agg. Second place went to Kelly Ellis with a .3960 Agg. In Third Place was Tom Stiner with a .4018 Agg.

Congratulations to the winners and a big thank you to all who came and competed...we appreciate your attendance and it was a pleasure having you at our matches. Special thanks to first time to first time Springville competitor Jerry Carter for joining us. A set of range flags was left at the range, call Dave Tunbridge to arrange their return.

Lastly, a big thanks to Dave Tunbridge for all his hard work in putting on the Springville tournaments. Thanks also to our veteran Range Officers, Shane and Marsha for calling our matches and to Camille, Eason and Tyler, our target crew. Travel safe and looking forward to seeing you all next year.  
— Jim Erickson

30TH ANNUAL WI STATE HBR & VFS CHAMPIONSHIP

July 10, 2021 -- Holmen, Wisconsin

Results Received: 7/15/2021

On Saturday July 10th, the Holmen Rod & Gun Club held the 30th Annual NBRSA Hunter Rifle State Championship. Nearly perfect weather with temperatures in middle 70's and light winds.

Five 250's hung on the wall and Mark Taylor was the HBR 100-yard winner with 17X. Mike Bigelow 2nd with 16X followed by James Dowling 15X, Jim Koffman 12X and Ron Bertrand 11X. Congratulations Mark. High X Mike Toby, 20X.

When lunch was over and the ice cream & cobbler gone, it is back to work. HBR 200-yards. Mike Bigelow dropped a point on match 2 but came back strong, finishing 1st 249-7X. 2nd went to James Dowling 248-6X, 3rd was Jim Koffman 247-5X. High X Mike Bigelow.

HBR Grand Agg. Mike Bigelow 1st 499-23X. 2nd goes to James Dowling 498-21X, 3rd Jim Koffman 497-17X, 4th Mark Taylor 494-17x and 5th Steve Rosendale 494-15x. Mike Bigelow High X.

The Annual WI State Championship has given away hundreds or mayhaps thousands of door prizes in the past 29 years and this year was no different. In no order I would like to thank some of these people and companies for their long-time support and donations to the WI State.

BIB, Krieger, Lilja, Brux, Bartlein, Shilen, PacNor, 10X and many more whom I have not asked for permission to list. Thank You!

Now on with the big show. The Mike Bigelow Show!

Sunday's weather was more of the same, 80 degrees with light wind.

VFS 100-yards. 1st place Mike Bigelow 250-23X, 2nd Michael Hart 250-19X, 3rd James Dowling 250-19X. Mike has High X.

VFS 200—yards. 1st Mike Bigelow 250-12X, 2nd Ron Bertrand 249-3X and 3rd was Ronnie Berg 249-3X. Mike Bigelow high X.

VFS Grand Mike Bigelow 500-35X 1st place, 2nd is Ron Bertrand 499-22X followed by James Dowling 498-25X. High X Mike

2-Gun Champion Mike Bigelow 999-58X, 2nd James Dowling 996-46X, 3rd Jim Koffman 993-37x, 4th Ron Bertrand 991-39X and 5th Michael Hart 990.31X. Mike B High X.

Mike's 2-gun score 999-58X broke our range record of 999-52X held by RG Robinett in 2005 which at that time was a world record. Congratulations Mike!

Thanks to everyone that donated, attended, and helped, make the 30th Annual NBRSA WI State "The One to Win"

# KELBLY'S

## A HIGHER LEVEL OF ACCURACY

**KELBLY KLP BENCHREST STOCK**

Similar design to a Scoville/Scarborough Carbon Fiber shell that is foam filled for no vibration. Mold in colors available LV 26 oz HV 48 oz weight system is optional. 33 3/4" Length Low Profile, 3" forearm 1/2" flat on rear for better tracking. Check out other stock designs and other Kelbly Products at kelbly.com.

Kelbly's has redesigned the Panda action with a micro port and Sako style extractor. Ready to compete straight out of the box. 2-3 times the bedding surface area of a round action for a stiffer platform. Aluminum body with integral scope base reduces vibrations that affect accuracy. Black Nitride finish optional on bolts for an even smoother operation.

600 YARD OJAI VALLEY BENCHREST MATCH

July 15, 2021 -- Ojai, California

Results Received: 8/5/2021

A fine turnout of 17 shooters on a warm muggy day in July. The conditions were odd for this area, with the humidity very high from summer monsoons.

As always we must thank Berry Bluhm for holding these fine 600 Yard matches. We also have to give thanks to Cindy, Barry's wife, and Heather, Leroy's wife, for helping out with such a large turnout.

Congratulations to legendary Ventura surfer, Bill Hubina for being the match winner.

Be sure to look us up on our website for the upcoming match dates as well as the results from past matches at: <http://ojaibenchrest.org>

# NORTHWEST REGIONAL SPORTER/LV MATCH

August 7-8, 2021 -- University Place, Washington

Results Received: 8/12/2021

On August 7th and 8th Tacoma Rifle and Revolver Club held their Northwest Regional match for the Sporter and Light Varmint Class. This contest would also determine the winner of the Del Bishop trophy.

The Sporter matches started at 100 yards on Saturday morning. Jeff Crose won with a .1908" aggregate. That afternoon at 200, Larry Boers won the yardage with a .2780" aggregate. Larry Boers won the Sporter grand with a .2432" aggregate.

Sunday started with the Light Varmint class matches at 200 yards in the morning. Jeff Crose shot a .2642" aggregate to win the yardage. At 100 yards, Jeff Crose battled for the win with a .2236" aggregate. Jeff Crose held on to win the Light Varmint aggregate with a .2439" aggregate. Jeff Crose was in command and won the 2-gun with a .2539" aggregate. Congratulations Jeff!

Small groups for the match:

Sporter 100        Jim Stime, .124"  
 Sporter 200        Larry Boers, .331"  
 Light Varmint 100    Jeff Crose, .166"  
 Light Varmint 200   Steve Kostanich, .342"

Match winners were Jeff Crose, Larry Boers, Jim Stipe, Bob Schultz, Steve Kostanich, Mary Matau, Mustafa Bilal, Paul Weaver, Bryan Zolnikov, and Duane Hatch.

The Del Bishop Trophy is given to the winner with the highest aggregate of the 4 Regional matches held during the season. This year Larry Boers was the winner of the Northwest Regional 4-gun with a .2561", Jeff Crose in second with a .2685", and Steve Kostanich in third with a .2925" aggregate.

Thank you again to our outstanding crew that make thing run smoothly! Geoff, Cia and Craig did an amazing job all year long.

# MILL CREEK RIFLE CLUB, LV/HV MATCH

July 10-11, 2021 -- DeSoto, Kansas

Results Received: 7/15/2021

Twenty-five shooters came from six states to compete. We welcome first time Mill Creek shooter Logan Merri-gan who shot his first group match.

Saturday morning's rain ended in time to allow the shooting of the 100 yd matches in the dry. Winds were light for the LV100 and Mark Harpenau read them well and finished first with a 0.1756. Fred Martin shot a 0.119 on the third target for small group.

Mark Harpenau        0.1756  
 Dean Ekstrom        0.2140  
 Bud Mundy        0.2146  
 Howard Cowher    0.2428  
 James Carstensen   0.2552

In the HV100 match, Jim Shipley shot a 0.056 on the third target for small group that led him to the win with a 0.1682.

Jim Shipley        0.1682  
 Darrel Loker       0.2008  
 Robert Jacobs    0.2078  
 Dean Ekstrom    0.2310  
 Dennis Boyet     0.2328

Overnight rains dampened the air, dropped temps, and brought in strong northerly winds for the 200 yd matches on Sunday. In the HV200, Dennis Boyet started out with a 0.275 for small group of the match and held on

for the win with a 0.2303.

Dennis Boyet        0.2303  
 James Carstensen   0.2340  
 Robert Jacobs       0.2897  
 Edward Collins       0.2909  
 Kurtis Brown        0.2943

In the LV200 match, persistent north-erly winds made it difficult to put five shots together. Robert Jacobs read the winds well and finished in first with a 0.3204. Dennis Boyet shot the small group of 0.358 on the second target.

Robert Jacobs       0.3204  
 Darrel Loker        0.3547  
 Mark Harpenau    0.3803  
 Terry Hettich       0.3899  
 Dean Ekstrom       0.3903

## Light Varmint Grand

Mark Harpenau    0.2780  
 Dean Ekstrom     0.3022  
 Jim Shipley        0.3320  
 Darrel Loker       0.3340  
 Robert Jacobs     0.3532

## Heavy Varmint Grand

Dennis Boyet        0.2315  
 Robert Jacobs       0.2488  
 James Carstensen   0.2669  
 Edward Collins       0.2682  
 Jim Shipley        0.2729

## Two Gun

Mark Harpenau    0.2765  
 Dean Ekstrom     0.2919  
 Dennis Boyet       0.3000  
 Robert Jacobs     0.3010  
 Jim Shipley        0.3025

Thanks to everyone for attending the match.

Our next match will be the 40th An-nual Kansas State Light & Heavy Varmint Championships coming up on Labor Day weekend.

The 2021 July Summer Sizzler at bench Rest Rifle Club didn't quite live up to its name this year as the weather was pretty mild compared to previous years. Temperatures were low to mid 80's on both days but we did have some pretty good humidity on both afternoons. As long as you weren't in direct sunlight it was still pretty comfortable. The winds were about the same on both days and pretty mild maybe getting as high as 7mph with the flags mostly staying orange with a little Green thrown in just to keep everybody on their toes. This match was a little different from previous years as we included the Unlimited Varmint in the mix. Competitors had their choice to shoot LV/HV or LV/Unlimited. That gave us three Grand Winners and 2 Two Gun Winners. Lots of trophies to pass out this match! As usual, being the Summer Sizzler, all match winners got their choice of a good selection of ice cream bars. For some, it wasn't about winning the Aggs but it was "ALL ABOUT" winning the Ice Cream, Right Wayne?

Weather was great come Saturday morning and the match almost got off without a hitch. Two minutes before the National Anthem started Jerry Kloeppel mentioned that he need to go load some bullets. Match time had changed from a 1200 start to a 1000 start and Jerry didn't get the word. As Jerry high tailed it to the loading room the National Anthem completed and command "Shooters To The Bench" was announced with no Jerry. Less than three minutes later he was at the bench giving everybody a hard time for not being ready. He wins the fasters re-loader in Missouri award! Match 1 got underway with Eddie Collins winning the first match and several others close behind. The rest of the matches though it was Robert Jacobs and Mike Schneidman

taking turns being in the number one spot. In the end it was Mike in 1st, Robert in 2nd, and Greg King taking the 3rd spot. Small group of the match went to Wayne Corley with a tiny .106.

Weather stayed the same for the afternoon match but now each competitor had their choice of shooting their Heavy gun or their unlimited Gun. We had 14 HV shooters and 6 were strong enough to shoot the Unlimited Guns. In the HV Class Harry Ward got off to a good start taking the top spot through the first two matches but Robert Jacobs, who was having an incredible weekend, took over the lead in the third match and stayed in that position until the end. Bob Hawkins moved up to take 2nd place honors and Jim Shipley took 3rd. Small group went to Fred Martin with an .099 Screamer. In the Unlimited Class Wayne Moore, using his rail gun for the first time, shot a really nice .096 to take an early lead with Dustin Martin right behind. Match two the order of finish was about the same but after match three Dustin took over the lead using his brand new rail gun and stayed in first place for the remainder of the match. Wayne took the 2nd spot and Eddie Collins finished 3rd. The two top spots went to the two first time rail gun shooters!! The small group went to Ken Hottenstein with a .093.

After the match the flags were moved out to 200 yards while Scott Peiper and Wayne Corley cooked up the St. Louis Special STEAKS which Bench Rest Rifle Club is known for. Of course a Baked Potato and all the trimming were included.

Sunday morning was quite comfortable and we started out with either the HV or Unlimited gun at 200 yards. In HV nobody dominated for the whole match as the lead changed after each match. Mike Schneidman took the first match, Harry Ward took over the lead at match 2, then Bob Hawkins moved into the lead after three. Match four it was Jim Shipley and in the final match

Greg Schipper took over to win the Agg. Congratulations to Greg as this is his first year shooting and his first win!! 2nd was Robert Jacobs and 3rd was Bob Hawkins. Small Group went to Mike with a .279. The Unlimited Class was all about Eddie Collins as he took the first match and stayed in first place for the win. Greg King, who had given up on the rail gun and was shooting a bag gun in the class, was in second place until the fifth match when that spot was taken over by Dustin Martin sporting that new rail gun. The final tally was Eddie Collins 1st place, Dustin Martin 2nd place and Greg King 3rd. Small group went to Eddie with a .191. We finished off the afternoon with the LV 200 and Mike Schneidman took the early lead. Wayne Corley was in first for the next two matches but Kip Jones and Robert Jacobs were in hot pursuit. The final tally had Kip in 1st, Robert in 2nd and Wayne took 3rd. The small group went to Bob Hawkins with a .253.

The LV Grand was pretty close for the two finishers with Mike Schneidman just edging out Robert Jacobs for 1st place. Robert got the second spot and Wayne Corley took 3rd. HV Grand was won by Robert Jacobs who was having a fantastic day. 2nd was Bob Hawkins closely followed by Jim Shipley. The Unlimited Grand was won by Dustin Martin who is UNDEFEATED shooting that new Rail Gun. Eddie Collins took 2nd place and also shooting his first unlimited match was 3rd place finished Wayne Moore.

There were two, 2 gun winners for this match. In the LV/HV 2 gun it was no doubt Robert Jacobs with his awesome performance in 1st place with a pretty wide margin. Wayne Corley took 2nd place closely followed by Dennis Boyet. Jim Shipley took 4th and very close behind was Bob Hawkins in 5th place. The LV/Unlimited 2 gun winner was Eddie Collins, who was also the number one ice cream winner. 2nd was Dustin Martin, 3rd Greg King shooting a combination of rail and bag gun, 4th was Wayne Moore and taking 5th was Kip Jones. Congratulations to the 2 Gun winners and to the ICE CREAM winners!!

Thanks to all the shooters who participated, the range crew, the scorer, Scott and Wayne for doing the cooking and Bench Rest Rifle Club for providing us the awesome range. See you all in October.

Harry Ward & Dennis Boyet

## The Shooters Corner, Inc.

Specialty Gun shop catering to Benchrest/Varmint Hunting. Offering More used BR rifles than anyone. Good selection of Varmint rifles & Rimfire rifles both target & Vintage. Precision Gunsmithing to include: Complete bolt rifle builds, rebarreling & stock work.

**Top Prices PAID for Benchrest Rifles & Gun collections of all kinds.**

**No collection too large or too small.**

Greg King	1
Dennis Boyet	1
Greg Schipper	1
Jim Shipley	1
Al Barnhart	1

During the Summer Sizzler the winner of each match gets his choice of a large selection of ice cream bars/ sandwiches/ etc. Most shooters are more interested in winning an ice cream than a trophy! It just adds another element of fun and amusement. We are a weird bunch.

L to R: Mike Schneidman, Greg Schipper, Robert Jacobs, Wayne Corley, Dustin Martin, Kip Jones, Jim Shipley, Greg King, Fred Martin, Eddie Collins, Bob Hawkins, Wayne Moore, Dennis Boyet

**Perfect Shoulder Bump!**

*Competition Shellholder Set*

**— With No Die Adjustment —**

The easy to use Redding Competition Shellholders enable you to perfectly match the headspace of your reloaded ammo to any firearm. Once the proper shellholder is determined, your results are repeatable — *no die adjustment is necessary*. Each shellholder is clearly marked to indicate the amount it will change case to chamber headspace — *no special tools or gages are needed*.

— Packaged in five piece sets in .002" increments —

# IOWA STATE GROUP

July 24-25, 2021 -- Webster City, Iowa

Results Received: 7/27/2021

Boone Valley IKES had a good turn out with some new faces, 23 shooters in all. It started out hot 90+ degrees, there was some talk about squiggly lines on the target. In the LV-100 1st went Dean Ekstrom .2018 followed by James Carstensen .2294. HV 100 was won by Tim VanGorp with .2212 close behind was Dean Ekstrom .2266. On Sunday it was still hot and some gemlins was still around. Jerry Lahr won the LV 200 with nice .1947 agg Jim Carstensen was 2nd .2582. The 200yd HV was won by Dennis Kecker .2099, Dee Myers was 2nd with a .2237.

In the grands LV Jerry Lahr and Jim Carstensen was 1st and 2nd. HV was won by Dennis Kecker and Gayle Kecker 2nd . Dennis Kecker did a good of shooting pulled off the win in the two-gun with Dean Ekstrom a close 2nd . A special thanks to Rich Carpenter and Ronnie Berg for sharing the duty of calling the line. -- Mike Bigelow

# TEXAS STATE UNLIMITED(10), HV

June 5-6, 2021 -- Seymour, Texas

Results Received: 8/9/2021

Speedy Gonzales wins the Texas State Unlimited(10),HV at Seymour,Tx

27 Shooters traveled to this West Texas town to test their shooting skills.

The Seymour,TX stool shooters Range, at Seymour,Texas,has a reputation, similar to the Sturgis Motorcycle Rally,for being the host of the Unlimited Rifle (10) natch for many years. The Match organizers at Seymour,have worked tirelessly to keep this fun match on the schedule. In my opinion, the unlimited Rifle is a true Icon of the Sport. In recent years, there has been an effort to standardize the unlimited rifle design. If that happens, the title "unlimited" will no longer apply. Gulf Coast Regional Director Mike Bryant showed up with an early example of A Skip Otto Rail. One of two in existence. Creativity and imagination is what makes the unlimited Rifle special.

Very Seldom do you get calm conditions at Seymour. The wind blew all weekend. Typical for West Texas.

Saturday morning, we shot the Unlimited,100yds. Jim Nicholas,a West Coast transplant, bested the pack with a fine .2182 agg followed by Speedy Gonzales. 2360, Kyle Shultz .2746,Trae Reed .2748, Gary Bristow .2792.

Saturday afternoon, we shot the unlimited 200yds. Hall Of Famer,Mike Conry took the honors with a .2925 followed by Hall Of Famer, Speedy Gonzales .3234, Larry Baggett .3638, Dr Timothy Oltersdorf .3729, Mike Bryant .3758

**UNLIMITED GRAND**  
Speedy Gonzales .2797  
Mike Conry .2946  
Jim Nicolas .3189  
Kyle Shultz .3333  
Kevin Black .3352

Sunday Morning, we started with the Heavy Varmint 200yds. Kevin Black, .3063, Kevin got off to a great start wit a .348 in the wind. Gary Bristow followed with a .3198 Speedy Gonzales, .3233, Larry Baggett, 3301, Trae Reed,3396

Sunday Afternoon, we finished with the Heavy Varmint 100yds '

Larry Baggett left everybody in the dust with a .2108. Followed by Jim Nicholas .2482, Mike Conry .2522 Jackie Schmidt .2552,with a .30 cal BR , Charles Huckeba .2598.

## HEAVY VARMINT GRAND

Larry Baggett 2704  
Kevin Black .2926`  
Speedy Gonzales .3036  
Mike Conry .3128  
Glenn Chism .3177

## TWO GUN

Speedy Gonzales .2917  
Mike Conry .3037  
Larry Baggett .3086  
Kevin Black .3140  
Jim Nicolas .3307  
Gary Bristow .3364  
Kyle Shultz .3452  
Charles Huckeba .3463  
Mike Bryant .3574  
Glenn Chism .3603

The work that goes into putting on a match is often taken for granted. The Match organizers, John Horn,Scott Hunter, Kammi and Tre Reed ,work hard at keeping this match on the map. Lodging reservations at Seymour,Tx are prearranged by John Horn, If you plan on attending this match next year give John a call. There there is a new Motel and Seymour that was just finished a year before the pandemic. All new and kind of a Western decor. The owners have been very good to work with and they are adding new units for next year.

Volunteers,Trae Reed and Darryl Whitman arrived earlier in the week to assist with pre-match preparations. This is just a tip of the iceberg as to what goes on behind the scenes. Its all a work in progress, that is much appreciated.

Dr John Dumas,,Clinical psychologist, came down from Oklahoma to help with any post Covid / Shoot stress issues.

Yeah ,the organizers think of everything. Put this match on your list of things to do next year. There is a new Family Dollar Store on the South end of Main St.that will supply your ice, drink, and light groceries.

Glenn Chisom - SSS Scribe

IN MEMORIAM  
CHARLES  
"CHUCK" GREEN

SUBMITTED BY  
KRISTIN BRENNER

Charles (Chuck) Green, age 77, beloved father, grandfather, brother, uncle, and friend to many, died at his home in Beverly Hills, Michigan on July 18, 2021. The eldest of 4 siblings, Chuck grew up in Pleasant Ridge, Michigan. He served 20 years in the United States Coast Guard Reserve, attaining the rank of Commander, with multiple commendations for outstanding leadership out of the Saginaw River Station. He also provided 30 years of service as a Parole Agent for the Michigan Department of Corrections in Wayne County, retiring in 2002.

An avid outdoorsman, Chuck enjoyed fishing and hunting for waterfowl, deer, bear, and other large game with friends in Alaska, Canada, and Michigan. He was a highly skilled marksman, competing in rifle competitions as a member of the WWCCA and NBRSA, often winning or scoring in the top 10 at all levels, including nationally.

A memorial service will be held at 11am on September 10, 2021 at the St. James Episcopal Church, 355 W. Maple, Birmingham, MI 48009 before burial at sea with military honors by the Coast Guard. The family requests that in lieu of flowers, donations be made in memory of Chuck to the Nature Conservancy (Preserve.nature.org).

# 2021 MIDLAND TEXAS SHOOTOUT

July 10-11, 2021 -- Midland, Texas

Results Received: 7/14/2021

The 2021 Texas Shootout was also the Gulf Coast Region's Unlimited and Sporter matches. Blessed with the abundance of rain over the past month, the range at Midland was in beautiful shape, I've never seen it so green and lush out here! We were also blessed with much cooler than normal temperatures than we normally have this time of year. Last year we suffered through temps of 110° and up! This past weekend, temperatures stayed in the mid to upper 80's throughout the afternoons! Another big change for us was the much higher humidity levels than we normally see in the summer months, in the mornings it would be as high as 92% and only drop down around the mid 40's in the afternoons. Those who have been here in the past, know that we normally see 60% as a high and can drop down in the upper to mid-teens in the afternoons.

Unlimited 100 yards was contested early Saturday morning, winds were light and coming out of the south/south east for the most part and around five miles per hour. Mike Conry started the morning off with a .150 small group in the third match, Speedy Gonzalez won the second with a .170. Jim Nicolas on his very first trip to Midland shot a .125 group in the third that wound up being the smallest group of the yardage. Jim followed that group up by winning match four with a .189. Kevin Black shot a .195 in the fifth and final match to win it but Jim's .2148 agg easily kept him at the top of the score sheet.

We shifted the target frames back to two hundred yards and after a lunch break, started up with the Unlimited guns again. The wind had started to pick up a bit, five to ten mile per hour and every once in a while would tease us with a quick shift out of the south west. Once again... Mike Conry was out of the gate with a .513 in match one. In match two, Kevin Blacks legendary barrel came to life and he recorded a .367 small group. Conry came back in the third with a .294 and in the fourth, Kelly Morman shot a .473 in worsening conditions.

Charles Huckeba won the final match of the day with a .480. Kevin Black won the yardage with a .2848 agg even with a .943 on the last target, that rifle just shoots! With the completion of the UL matches, Kevin Black won the Unlimited Grand with a .2631 agg, Conry was second, Charles Huckeba came in third, Speedy was fourth and Jim Cook rounded out the top five.

Sunday morning started out with a heavy overcast sky and threats of possible storms. Again, the temps were very comfortable, humidity was in the 90's and the winds from the south east around five miles per hour in the gusts! Perfect for sporters at 200 yards! I haven't figured out how he does it, but for the third yardage in a row, Mike Conry was at the top of the score sheet at the opening match, this time with a .205. Charles Huckeba won the second with a .250, Darryl Whitman won the third with a .385 as the early morning calm abandoned us. Gary Bristow won the fourth with a .338 and Mike Bryant nabbed the fifth match with a .445. Mike Conry's name never fell out of first place throughout the yardage and he easily won with a amazing teen agg of .1984! Not many teen aggs come out of Midland especially at 200 yards!

Target frames were shifted back to 100 yards and as soon as lunch was finished we started the final yardage of the weekend. There were pockets of blue skies starting to peek through the cloud cover, the wind had begun to switch around a bit letting us see a little bit of orange on the flags at times. Wind speed had also picked up and we started getting gust up to ten plus miles per hour. Kevin Black won the first match with a .170, someone finally broke Conry's run of winning each first match. In the second match, Charles Huckeba shot a .145 for the win, Gary Bristow shot a .160 in the third match. Mike Conry found something good to shoot in and eked out a .128 in the fourth match. Mike Bryant turned in a .173 group in the final match of the weekend and it was more than enough to take the win in the yardage.

With all the shooting completed, it was Mike Conry winning the Sporter Grand with a .2370 just .0013 ahead of Mike Bryant. Kevin Black was third, Charles Huckeba fourth and Kyle Schultz was in fifth place.

It was close in the Two Gun with Mike Conry leading with .2608, Kevin black right behind him with a .2634. Charles Huckeba was in third place, Speedy Gonzalez came in fourth and Mike Bryant was in the fifth place spot at the end of the weekend.

We really had a great weekend, couldn't ask for better weather for this time of year and another awesome job by the target crews to keep the matches moving along at a brisk pace. We want to thank all the folks that attended, we had a couple new faces come out to shoot with us which is encouraging for the sport. It's a pleasure for us to host such a high quality field of shooters as was the group that came out to Midland this weekend and it was exciting to see some very competitive shooting taking place throughout the matches.

This match concluded the registered matches in Midland for the year, the second half of the Gulf Coast Regional matches will be coming up in September, with the Llano Estacada Shooters Association range hosting the Light and Heavy Varmint matches. Hope to see a lot of you there!

# 2021 BEST OF THE WEST

May 29-30, 2021 -- Raton, New Mexico

Results Received: 7/31/2021

2021 Best of the West, or: “Where is everyone?”

One of the best things about bench rest is you never know what you’re going to see on any given weekend: Teen-agers beating world team members, potential world records being shot, families shooting together, whether it’s Father-Son, Father-Daughter, or Husband and Wife, or the weather just beating the crap out of everyone, from the competitors to the target crew.

Albuquerque’s Ed Adams spent the 2021 Memorial Day Best of the West by shooting seven groups less than two tenths of an inch. Seven! His other three groups? A .257 and .214 in the LV 100, and a .252 in the HV 100. His HV aggregate was .1852. His LV aggregate was .1992. It was a Saturday for the ages. He could do no wrong. He was in the zone. Pick and put your favorite sports cliché here. That’s what Adams was on Saturday.

And yet.

As the ancient question asks, ‘if a tree falls in the woods, and no one hears it, does it make any sound?’

Of course, Adams was not the only shooter at the NRA Whittington Center in Raton, New Mexico on Memorial Day weekend. 26 other competitors showed up to the first shoot of the year.

But this is a range that used to have 70 competitors for May.

By the way, the range has been split in two, with the first 40 benches having targets at 100 yards and benches 41-75 with targets at 200 yards. Why? Because attendance is so low the Whittington staff decided it was easier to set frames on Friday and be done with us.

In the LV 100, Steve Murphy of Lubbock Texas came in second with a .2436. Dean Thomas of Kersey, Colorado was third with a .2514. Adams’ .138 in the first match of the morning won the small group trophy.

In the HV 100, Cliff McNairy of Evergreen, Colorado, came in second with a .2362. Dennis Wagner from Yukon, Oklahoma was third with a .2586. Dave Gibson of Grand Junction, Colorado won Small Group Trophy with a .113 in the second match of the afternoon.

So as it looked like Adams was going to set a new range record, Mother Nature decided to step in Sunday.

The expression ‘wait five minutes and the weather will change’ is claimed by numerous regions across the country. And if I didn’t see it for myself, I’m not sure I would have believed it.

Rain, wind, thunder and lighting, sun, fog(!) a little hail, frogs falling from the sky. OK maybe not the last one. But at times it seemed like that’s all that was missing when it came to weather.

Rex Reneau from Bethany, Oklahoma shot an inch (.999) in the second match, and still won the HV 200 in the morning. His .3022 bested Gibson’s .3139 and Murphy’s .3446. Gibson took home the small group trophy for his .316 in the third match.

Then in the afternoon for the LV 200, Jim Shipley from Belton, Missouri took top spot with a .2711. Everett Horner of Panhandle, Texas was second with a .2812, and Adams third with a.2865.

For the LV Grand, Adams’ .2429 bested Shipley’s .2686 and Murphy’s .2725. Keith Cottrell from Fillmore California came in fourth, and Horner was fifth.

In the HV Grand, Adams’ .2664 topped Reneau’s .2817 and Gibson’s .2891. McNairy took fourth and Murphy fifth.

Adams therefore won the two gun with a .2546, followed by Murphy .2877, Shipley .2953, Gibson .3121, and Reneau .3122.

We certainly hope to see everyone for the Rattlesnake in August.

First Half of the 4-Gun NM State Championship

June 18-20, 2021 -- Raton, New Mexico

Results Received: 7/31/2021

23 brave souls trekked their way across the southwest United States to the NRA Whittington center in June of 2021 for the first half of the NM Four Gun State Championship.

Another gorgeous weekend and another weekend of wondering where everyone is.

On Saturday, we shoot the Sporter at 100 and 200 so anyone who wants to be eligible for the three gun in August can be. Then on Sunday we shoot the Unlimited at 200 then 100. For those who don't have a rail gun, we also shoot a HV on Sunday.

Cherrie Horner out of Panhandle, Texas and Duward Wofford from Melrose, New Mexico started the day off right with a .077 and .088 respectively. Cherrie took home the medal for small group with that .077.

But as we all know, consistency is key to the top of the leader board, and 'Uncle' Larry Baggett from Lubbock, Texas was nothing but. His .1968 won the Sporter 100 first place medal, followed by Dave Gibson (.2192) out of Grand Junction, Colorado, and Bud Mundy (.2252) out of Hillsboro, Missouri.

Every Saturday afternoon, the wind picks up, and the aggs get a little bigger. After struggling a little, Greg Smith, out of Albuquerque finished the day with the small group medal with a .211. Ed Adams, also from Albuquerque, won with a .2232. Paul Pennell (.2682) from Penrose, Colorado was second and Everett Horner (.2738) from Panhandle, TX was third.

But Baggett (.2781) was fifth, just behind Steve Murphy, so he was crowned Sporter Champion for 2021 with a .2375. Adams's .2401 was good enough for second, and Gibson's .2646 third. Pennell and Mundy rounded out the top five.

On Sunday, we started with the rail gun at 200 yards, and things got interesting. Dawson Black from Kermit, Texas started in first place, and by the fifth match, his father Kevin Black had won. In between, there were several lead changes at the top of the leader board. But in the end, It was Black (Kevin) with two small match groups and a .2713, followed by Paul Pennell (.2720), Ed Adams (.3078) and Keith Cottrell, out of Fillmore, California. Cottrell took home small group medal with a .345 in the fourth match.

After lugging their rail guns back to the 100 yard benches, Adams started off with the small group of the day with a .192, but Black was right behind him with a .265. The two went back and forth, until Black put an exclamation point at the end of the day with a final group of .213 to Adams's .271. So Black sweeps the Unlimited yardages, and even though he finished in the middle of the pack on Saturday, he's still in the hunt for the four gun trophy in August.

Black finished the weekend with a .2742 at 100, and a .2727 Unlimited grand aggregate. That's pretty consistent. Adams (.2862) was second at 100, and Pennell (.2894) was third. For the Unlimited grand agg, it was Black, Pennell (.2807), then Adams (.2970). Keith Cottrell finished fourth and Everett Horner, fifth.

After the dust settled, the Unlimited/Sporter Two Gun champion for 2021 is Ed Adams with a .2686, followed by Pennell (.2769) and Black (.3047). Cottrell and Horner are in fourth and fifth place heading into August.

In the HV match for the day, 'Uncle' Larry Baggett smoked the competition at 200 yards, winning four of the five matches with small groups. His .2889 bested Steve Murphy's .3578, and Dustin Dunford's .4549. Tonkawa, Oklahoma's own Mike Cordes took home the small group for the day with a .371 in the third match.

\*No Photos Provided In the afternoon, Baggett bowed out, and it was a battle between Murphy and Cordes, with Murphy coming out on top .3264 to .3966. Cordes had small groups in the first and fifth matches, but Murphy had small groups in the second, third, and fourth match. Becky Price, of Eagle Nest, New Mexico was third.

So for the HV Grand, is was Murphy (.3421), Cordes (.4290), Price (.4886) followed by Jack Snyder and Doyle Price.

# 2021 MUCHAS GRACIAS

July 18-19, 2021 -- Raton, New Mexico

Results Received: 7/31/2021

18 Men and Women made their way to northeast New Mexico on another picture perfect weekend at the Whittington Center for the 2021 Muchas Gracias match.

On Saturday morning, Jim Hemmert, from Kalvesta, Kansas started things off with a .209 in the LV 100. Everett Horner, from Panhandle, Texas followed that up with a .137 in the second match. But it was Bud Mundy, all the way from Hillsboro, Missouri, who was the most consistent, taking first place with a .2246. Cherrie Horner, also from Panhandle, was second by a frog's hair with a .2448. Cherrie also won the small group trophy with a .120 in the fifth match. Everett Horner was third with a .2464. Dennis Martin from Guymon, Oklahoma, and who's tuxedo t-shirt was mysteriously missing during the weekend was fourth with a .2610 and Durward Wofford, from Melrose, NM fifth with a .2784.

Saturday afternoon, Mundy and Cherrie Horner traded places in the HV 100. Horner had small groups in matches one and four, and finished first with a .2238 to Mundy's .2298. Paul Pennell, from Penrose, Colorado was third with a .2498, Ed Adams, from Albuquerque was fourth with a .2682, and Everett Horner was fifth with a .2732. Wofford won small group with a .130 in the fifth, just edging out Cherrie Horner's .132 in the first.

Unfortunately, a crossfire knocked Hemmert out of the running for the HV or Two Gun.

Sunday morning in the HV 200, Hemmert bounced back with starting with a .310, and finishing third. Ed Adams won the small group trophy in the second match with a .162, just edging out Tom Evans from Gordon, Nebraska, who shot a .165. But Evans probably wasn't too bugged by losing the small group trophy, since he won the HV 200 with a .2240! Bud Mundy came in second with a .2387, followed by

the aforementioned Hemmert (.2494), Pennell (.2513), and Cliff McNairy (.2524) from Evergreen, Colorado.

Just as Cherrie Horner and Mundy switched first and second on Saturday, Mundy and Evans switched on Sunday. Mundy's two small groups in the third and fourth match, including the small group trophy winning .266 in the fourth gave him a .2569, even with a .621 in the fifth!

In fact, the conditions were so challenging during the last match of the weekend, the small group went to Tonkawa, Oklahoma's own Mike Cordes with a .425.

Evans came in second with a .2623, Adams (.2996) was third, Cherrie Horner (.3252) fourth, and Pennell (.3380) fifth.

HV-5 Shot -- 200 Yards		
1	TOM EVANS	.2240
2	BUD MUNDY	.2387
3	JIM HEMMERT	.2494
4	PAUL PENNELL	.2513
5	CLIFF MCNAIRY	.2524
6	ED ADAMS	.2577
7	CHERRIE HORNER	.2787
8	SAM LANGHOFER	.2991
9	DAVE GIBSON	.3187
10	DENNIS MARTIN	.3334
Small Group: ED ADAMS 0.162		

LV-5 Shot -- 100 Yards		
1	BUD MUNDY	.2246
2	CHERRIE HORNER	.2448
3	EVERETT HORNER	.2464
4	DENNIS MARTIN	.2610
5	DURWARD WOFFORD	.2784
6	JACK SNYDER	.2798
7	CLIFF MCNAIRY	.2810
8	PAUL PENNELL	.2832
9	ED ADAMS	.2992
10	BECKY PRICE	.3108
Small Group: CHERRIE HORNER 0.120		

So with all his first and second place finishes, it should be clear by now that Bud Mundy swept the trophy ceremony. First place in the LV (.2407), first place in the HV (.2342), and first place in the Two Gun (.2375).

In the LV grand, Cherrie Horner was second with a .2850, Adams (.2994) third, followed by Tom Evans and Paul Pennell.

In the HV grand, it was Pennell in second with a .2506, Horner third with a .2512, followed by Adams and Cliff McNairy.

And for the Two Gun, it was Horner (.2681), Pennell (.2806), Adams (.2812), and Evans (.2934)

# NORTHERN COLORADO JULY UNL/VFS

July 10-11, 2021 -- Eaton, Colorado

Results Received: 8/6/2021

Good day fellow shooters! Wile E Coyote reporting from Northern Colorado Benchrest Shooters. My tale today takes place on July 10-11, 2021 for some wicked Unlimited 10 and 5 Shot Varmint shooting.

Our weekend started with Unlimited 10 at 100 yards. The day was a beauty with mid 80 temps. Dean Thomas was on the ball and took first place with his agg of 0.2472. Dave Tunbridge didn't want to be left out and shot a Screamer for the Small Group of 0.1540. Phenomenal shooting coyotes!

After a lunch break the shooters once again filled the benches and finished off the day with Unlimited 10 at 200 yards. Mr. Tunbridge once again made a statement by winning the first place trophy with a score of 0.2662. John Reiss' group of 0.3940 awarded him a Road Runner for Small Group. Super-duper shooting dudes!

Sunday promised hotter temps, mid 90s, sure to increase the stakes and water consumption. Eleven shooters once again hauled the railguns out for Unlimited 5 at 100 yards. Dean Thomas, our loyal Match Director (and my father), got some good sleep Saturday, because he won first place with his agg of 0.1794. Right on Dean's tail was Betty Sheldon. One small twitch and her Screaming Small Group, 0.0680, would've landed her the first place crown. I'm telling you folks, watch that Betty; just ask Dean, she'll keep you on your toes. Way to go you two!

After a short lunch break we finished the weekend with Unlimited 5 at 200 yards. Dean once again had his shooting cap on straight. His agg of 0.1964 (pretty darn close to his 100yrd agg), sent him home with another 1st place Coyote for his kennel. Dave, hot on his heels, shot a gorgeous Screaming Small Group of 0.2390. Cliff McNairy threw his bid in too with his Screamer of 0.2420. Wow guys, what a way to bring on the competition!

When all the shooting was done, everyone gathered under the loading barn for the final tally. Dave Tunbridge and his 0.2684 was the Unlimited 10 Shot winner. Those small groups came in handy. Dean Thomas and his 0.1879 was the Unlimited 5 Shot winner. Dean was our Grand Agg winner with his 0.2347 (so proud of him). Persistence and practice folks. Please give a big round of applause to ALL of the winners.

As always none of this could happen without the shooters who come to play and the top notch staff, match director and target crew. Give a shout out to Dean, Kathleen, Tina, and Dakota! Don't forget about our Annual Firewalker Match!

Until next time, keep 'em screaming.

Please note that all match reports submitted are subject to editing to fit space constraints. Email editor for full report and include match name/date/ requested info.

## 2021 Match Schedule

\*Match changes/additions in green.

### Eastern Region

Match Date	Class	Yardage	Location	Notes
September 4-6, 2021	LV/HV/UNL (10 shot/5 targets)	100/200	Holton Gun Club	Eastern Regionals
September 20-25, 2021	LV/HV/SP/UNL	100/200	Holton Gun Club	NBRSA Group Nationals
October 9-10, 2021	LV/HV	100/200	WWCCA	Fall Classic
October 16-17, 2021	LV/HV	100/200	Shelby County	

### Gulf Coast Region

Match Date	Class	Yardage	Location	Notes
Sept 4-5, 2021	LV/HV	100/200	Llano Estacado Shooters	Cotton Boll, LV & HV GC Regionals
September 12, 2021	VFS	100/200	Tomball Gun Club	Battle of San Jacinto
September 19, 2021	VFS/HTR	100/200	SWLA	Gulf Coast Regional HTR
October 17, 2021	VFS	100/200	SWLA	
November 14, 2021	VFS	100/200	SWLA	

### Mid-Continent Region

Match Date	Class	Yardage	Location	Notes
September 4-5, 2021	LV/HV	100/200	Mill Creek Rifle Club	40th Annual KS State Championship
September 11-12, 2021	LV/HV	100/200	Northern Colorado Benchrest	Firewalker
September 18-19, 2021	LV/HV	100/200	Land's End Benchrest Shooters	1st leg of 4-gun/Purple Haze
October 2-3, 2021	SP/HV	100/200	Mill Creek Rifle Club	MC Regional
October 9-10, 2021	HV/UNL 10	100/200	Luther Okie Shooters	Leg #2 OK State 3/4 gun

### Mississippi Valley Region

Match Date	Class	Yardage	Location	Notes
October 10, 2021	HTR/VFS	100/200	BRRCSL	
October 16-17, 2021	LV/HV	100/200	BRRCSL	

### North Central Region

Match Date	Class	Yardage	Location	Notes
September 4-5, 2021	LV/HV	100/200	Prairie Dog Target Club	Butch Kimmell Mem/Pat Deckert Mem.
September 11-12, 2021	HBR/VFS	100/200	Boone Valley Iles	2 gun
September 19, 2021	HV/UNL	100/200	Oak Hill Gun Club	CANCELLED
September 18-19, 2021	LV/HV	100/200	Minnetonka G&F	Jerry Simison Memorial
October 17, 2021	HV/UNL	100/200	Oak Hill Gun Club	

### Northwest Region

Match Date	Class	Yardage	Location	Notes
September 19, 2021	LG/HG	600	Tri-County Gun Club	
September 4-6, 2021	SP/LV/HV	100/200	Tacoma Rifle & Revolver Club	Wash. State 3 Gun Chp./Ed Frombach Mem.
September 11-12, 2021	VFS	100/200/300	North Cascades Sportsman Club	Washington State championship
September 25, 2021	HTR	100/200	Tri-Cities Metallic Silhouette	WA State HBR Championship
October 31, 2021	LG/HG	600	Tri-County Gun Club	
November 21, 2021	LG/HG	600	Upper Nisqually Sportsman's	Inaugural Match
December 19, 2021	LG/HG	600	Upper Nisqually Sportman's

*"Ready on the Firing Line..." is a monthly feature of the magazine, where questions on all aspects of precision shooting are answered by Benchrest Hall of Fame members and/or seasoned benchrest shooters.*

## Flag Sponsors and Setting at Group Nationals By Lee Hachigian

Thank God there are individuals (aka, Flag Sponsors) at the NBRSA National Championships that have enough flags and stands to accommodate five bench rotations. I asked several of them a few questions as to their technique and rationale for volunteering. Hope you enjoy the discussion. The NBRSA Rule associated with Flag Sponsor(s) is shown below:

4.10.4. At all Nationals, the individual who accepts the job of procuring and setting flags for a flag rotation (sponsor) will have control over what type and how the flags are set for that rotation. Any additions or adjustments to that rotation may only be done with the permission of the flag sponsor for that rotation. If that individual is unable to fulfill their duties as flag rotation sponsor, another sponsor will be approved by the Match Director. Appeals to the flag set for a given rotation, not resolved with the sponsor, will be made to the referees for the first days' competition, with a majority vote of said referees being needed to change the flag set in question.

**Question 1) Why do you frequently volunteer as a flag/bench sponsor at the National Championships? How do you like to set your flags; distance apart, target-to-bench angle/staggering, height, etc.?**

### The Author

Due to a lesser number of left-handed shooters, there was a need for more flag sponsors, and it allowed me to set up flags in a pattern that provides me the best ability to view and adjust to the given ranges conditions. So, I

set up my Smiley-style flags in a straight line from the right edge of the bench to the center of the target. I typically set 4 flags at 100-yards and 5 flags at 200-yards. I know most other flag setters use 6 (and sometimes 7) flags 200 yards, but I found them more confusing then helpful (for me it's just too much data to analyze). I set flags at 15-20, 40, 60 and 80 yards for 100-yard matches, and 20, 50, 80, 115 and 160 yards for 200-yards. I start with furthest flag away and set it 1-2" below the bottom of the target. Every subsequent flag is set lower so I can see almost  $\frac{1}{2}$  to  $\frac{3}{4}$  the flag behind it (again in a straight line).

### Harley Baker

The main reason I like setting a full rotation of flags is that I like all my 5 rows to look the same. I normally like the row of flags to have a very shallow angle from the target to my bench, but if I am at a range that forces you to use very short poles, I will use the whole space that is allowed me. This means I will start my far flag 1/2 way between the target to the right and bring it back to 1/2 way between me and the bench to my left.

### Bob Hamister

I volunteer as a flag/bench sponsor at all National Championships that I plan on attending for the last years. I prefer to use flags that I am familiar with. I know how they respond to wind speed and direction changes. Different flag types react differently. As a right-hand shooter, I like to set my flags at a very slight taper to the right from the 1st flag at 20 yards from the bench out to the 100-yard target. I would use four (4) flags for 100 yards. Each flag approximately 20 yards apart. The 4th flag at 80 yards would be centered under the target. For 200 yards I would add

two (2) flags. Both centered under the target. The 5th flag would be set around 115 to 120 yards. The last, 6th flag would be set around 150 to 160 yards. Elevation: The flag closest to the target would be set just under the target. Then I would set each flag lower than the previous as we worked back to the bench. I would set them low enough to see a space between each flag. The above setup is the "ideal" setup that I would like to set the flags at. Not all ranges are flat. They are often built on sides of hills. Flag elevation could be from a foot off the ground to 25 feet high. Elevation and side off-set are adjusted for the terrain circumstances to enable the best view of the entire row of flags. The "flag setter" will use a bubble level to ensure the flag pole is vertical (level). I use a scope on a block setup to simulate a gun on a rest. This is much easier to use than moving an entire rest, rear bag and gun to each bench to set flags with.

### Jack Neary

I volunteer as I am very, very picky about how flags should be set. My strategy in setting flags is to set the far flag directly in the middle of the target frame and work a straight line of flags off of the left corner of my front rest. This provides only a very slight angle, which I feel is best to view both let-to-right and right-to-left wind conditions. I see many people set a big angle from the far flag over to the corner of the left bench. This large angle is fine during left-to-right conditions, but when you are trying to shoot a right-to-left wind condition, you cannot see the tails left near as well as a much straighter angle of flags. I like to set my first flag at about 12-15 yards in front of my bench. I firmly believe the first flag is very, very important, if it's blowing hard or reversed, your bullet will be pushed off its proper flight

path and will not come back! I have witnessed way too many shooters over the years discount the front flag time after time and lose shots and not understand what caused this? Additionally, I pay close attention to the nuances of each range for cut-outs in trees or barriers where wind has a higher disruption value than normal. Not all flags at all ranges have the same wind impact value and can vary greatly from range to range. I also like my far flag to be at 85 yards for shooting at 100 yds

**Question 2) What do you use for tails. Do you hang them from the top or bottom of the flag and why? How long do you make them?**

### The Author

I've fooled with multiple types of tail materials. I started with the wide 2" surveyor's tape in bright orange. I then went to 7/8" grosgrain ribbon in white or orange. I personally like the ribbon because it doesn't tangle, it handles the strong winds better, and you can use it multiple times without wrinkles. However, others don't care

for the ribbon when conditions are light. So now for all Nationals I use 1-3/16" Presco PresGlo Arctic Roll Flagging Tape in Neon Orange. This tape is a little more expensive, but it's thicker than the typical surveyor's tape and it hangs great. I hang the tails from the top of the flag to just above the grass/ground. Longer tails are great when it's windy, but you don't want to tail dragging on the ground and preventing the flag from turning under light condition (like we typically see in the mornings). Another issue with longer tails, especially at 200-yards, is that they sometimes can interfere with the competitor next to you. I've shot next to a bench where the tails fly into view while I'm looking through the scope. How would you like to hit the flag tail of your neighbor's and put a bullet 2" away? When I see the potential of this happening, I will ask for the tail be shortened.

### Harley Baker

The tail material I use is heavy weight white or blaze orange surveyor's ribbon. I put it in the top hole of the flag.

This allows me to get a slightly longer tail on a short pole range. I have tried bottom and top placement to see if it stops the tails from ending up in the props and I could never see any advantage. If it is going to be a windy switch day or a major match, I will have my tail material pulled through the top hole to where it cannot tangle in the prop and the other end its normal length. That way if the long end does get caught in the prop, I still have about a two-foot tail hanging there to help. I do not like to use those extremely long tails because I think they slow down the reactions of the paddles.

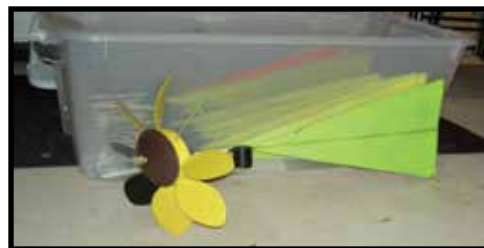

### Bob Hamister

Tails: most of the time I use a heavy surveyor's tape in fluorescent orange. On occasion, I would use a fluorescent orange fabric ribbon, which is heavier than the surveyor's tape. I would use this tape when I know the winds are going to be high. I try to make all of the tails the same length (approximately 4 feet), when possible. I normally hang the tails from the top of the flag. I can see the tail easier.

### Jack Neary

I use standard surveyor ribbon flag tails most of the time, particularly in light summer wind conditions. I have also used gross-grain neon orange silk flag tails when it's windy or raining, as the gross-grain flag tail material does not get caught in the daisy wheel anywhere near as easy as surveyor ribbon tails

I normally will set the length of my flag tails to touch the ground. I may make the flag tails shorter if there are a lot of taller weeds around the flag stand. When setting flag tails on tall flag stands (>8 feet) I will use a length that is about 6 foot long.

**Question 3) We obviously don't set five rows of flags by ourselves (although sometimes it may be faster, LOL). If someone offers to help you, what are the key thing they need to learn/do; where to stand, setting the poles, raising/lowering flags, etc.?**

**The Author**

I love to have at least 4-6 helpers to set the flags. I come to Nationals with 4 fully charged walkie-talkies each set to the same channel (hopefully different than the other flag sponsors). I provide one walkie-talkie to each pair of helpers. I ask one pair of helpers to go down range to set up the furthest flags and the other pair(s) to set up mid-range and front set of flags. The key for all flag helpers/setters is to remember to stand to the left or right of the straight line made by the stands/flags from the target to the bench so they don't accidentally block my view. Also, do not to go too far away from that line so you don't interfere with the flag setters on the benches to the right or left. When I need a stand moved to line it up, I always say, "move it to the big (or small) numbers" (referring to the range's target/bench numbers) rather move it right or left. This way there is no confusion in regard to who's right or left I'm referring to. The flag setters need to just remember to move stands "slowly" while holding the pole straight up and down. When it's right, I'll say, "plant it". It's important for the setter to try to hammer the stand in the ground straight without any tilting. Benchrite Shooting Accessories has a handy Flag Stand Leveler that works great for this! Lastly, make sure you tighten all the set-screws on the stand when done. No body wants the flag to drop after the first target.

**Harley Baker**

Please don't stand between the bench and the target, stand off to the side. When you are in the field learn what "to the small numbers or to the big numbers mean". Hold the pole plumb, this gets very hard when you

have very tall poles but practice makes perfect. Raise the flags from the bottom bigger poles and lower them from the top smaller poles. Do not take a hammer to the bottom plate and hammer it into hard ground, either have a spike or drill to put your pilot hole in with. Please use walkie-talkies to communicate. Cell phones are great but some of the ranges do not have good coverage. Don't yell across the range especially to the guys at 150 yards. If you are the person behind the rifle or spotting scope remember the guys in the field are trying their best, be on time between benches and they don't have to be perfect. If someone was nice enough to invest in a full rotation of flags and poles please help them pick up after the match and return them to a desired location. Be careful when picking them up because a lot of them look the same. I try to have all my pole with the same color of tape so they are easy to keep together.

**Bob Hamister**

Helpers need to pay attention to the director (not converse with others). For setting flags at 100 yards, I prefer to have one person to actually place and adjust each flag. I use walkie talkies or cell phone to converse with the "flag setter". After each flag is set, the helper assigned to that flag would hold the flag, so the "orange" side of the flag is facing the bench. This way I can see the flag stagger and elevation clearly from the bench.

**Jack Neary**

I prefer to have my flag-setters stand on the right side of the flag stands and also.... have a good sense of what a "plumb" flag stand should be. Many times, inexperienced flag setters start pounding a flag stand into the ground very crooked and when they straighten the flag stand, the flag top is way out of alignment with the other flags.

**Question 4) At other matches, what are biggest mistakes you see individual shooters do when setting their own flags?**

**The Author**

I don't want to say my process is the best, but in general I just don't understand how some people can shoot well when all the flags are set up in a straight line "at the same height". To me it's confusing to have your 40-yard flag blocking you 60 and 80 flags. Other mistakes I've seen is when the flags are set too high or outside the lane. Remember the rules state, "flags are to be placed no higher than level of bench top to bottom of the target card. Furthermore, the competitor is to restrict the position of flags to within his competitive shooting lane. A shooting lane is defined as the centerlines between benches to the center-lines between target cards unique to each competitor". I know some shooters think it's not bothering anyone if their flags are high on their bench, but it may when someone is trying to watch the range to the left or right of their own bench. When I'm a referee I check the flag set up before the match starts to make sure now one is in violation of the rules. Lastly, flag stands that are tilting in one direction or the other are not going to allow the flag to move freely (bad for shooting good groups and easy to correct when setting).

**Harley Baker**

Don't be different." I hear that I can focus on my flags better". BIG MISTAKE. Don't reverse colors. You should see orange when the flag is pointing to the right, and green when it's pointing to the left.

**Bob Hamister**

At other matches, I see the following mistakes made (that is in my opinion).

- All of the flags are set at the same elevation.
- Tails too long (then they are too easy to tie up on a windy, switchy day).
- Flagpole is not vertical level.
- Flags are not balanced.
- If daisies are used, the daisies are not balanced.

**Jack Neary**

I personally don't understand why shooters make all of their flag heights the same exact height to where they cannot see any angle changes to their 4/60/80 middle flags? I believe this definitely hurts the shooter's ability to read condition changes on their given flag rotation. I really believe shooters/flag setters would be much further ahead if they were to stair-step the heights of their flags down 1 flag height, working back to the bench from the tallest flag down to the front flag which will, in many cases, be the shortest flag.

**Bench Rest Seminar - Harley Baker**

On April 17-18 2021 Bob White and I had our 15th annual Benchrest seminar and clinic. We had 22 students attend. They varied in Benchrest knowledge from having shot some type of competition to the basic plinker that wanted to see what Benchrest was all about. On Saturday we started with the classroom portion and during the next 6 hours we took turns talking about different aspects of our sport. Bob starts with the basic history and different guns that we shoot and with over 55 years of Benchrest competition who else could explain it better. At this time he explained the different types of competition from group, score, hunter, 600yard and 1000 yard. I was up next and I talked about bench setup and the different styles from knob turning, bag squeezing, free recoil or holding the rifle. I had the front rests setup including my Farley to my Sinclair. I went on to explain shooting styles from picking to running and the reason for both. During the day we took several breaks and had plenty of time to answer any questions.

Bob took over and explained the targets we shoot and how to manage your target. This covered, if your first shot

doesn't hit where you expect it , using your sighter target before or during your record target time, Creedmore for score targets and noticing if your lost shots happen on the same score target or 5th shot. I was up next to explain reloading for Benchrest competition that always starts with SAFETY. There is a lot you can talk about in this section but I tried to touch on the basics of prepping brass, the three things we can do to TUNE our rifles with neck tension, bullet seating depth or powder charge. I talked about the tools needed to make quality hand loads and their care.

Bob explained Tuners and some of the myths that are out there. Rimfire tuners and their history and centerfire rifles and how he sees them. Two of the points that was covered was the "set it and forget it" and the "adjust it as you see how the group forms method". I had the task of trying to explain wind reading, flags and mirage effect on the bullet. It is very hard to convince a novice that the wind can actually move a bullet 1" at 100 yards. Some of the points I covered was how a bullet moves with a R to L vs L to R, different mirage conditions, types of flags and tail materials

and flag placement on the range.

Bob finished the day with some information on ranges, locations and matches that are on the schedule for this year. He also talked about some great reading materials and books that are available.

We were done with the classroom section and got the shooters ready for the next day of actual shooting. The shooters could choose from score or group at 100yards with two targets each. They could bring their own rifles or one of the coaches could supply them with a rifle. If they bring their own please make sure it is in good working order and zeroed for 100 yards.

Interview with Lester Bruno:  
2021 Cactus Classic Heavy Varmint and 2-Gun Champion  
By Gary Ocock

Lester started shooting benchrest in 1974, mostly at that time in the IBS organization back east.

He shot his way into the Short Range Benchrest Hall of Fame in 1985. In my opinion, Lester is one of the top 5 benchrest shooters of all time. For many years Lester would bring benchrest items to the matches to sell. This led to him now owning a very successful business; Bruno's Shooters Supply located in Phoenix Arizona.

I know Lester since he started in 74 and have traveled with him all over the United States attending Benchrest matches. There is way too much to put into an interview about that so I'll try and keep it to the 2021 Cactus match.

Les said that during practice for the Cactus match he could tell the barrel he was shooting was a good one, as he could shoot good groups is lousy conditions. Conditions for the days of practice were breezy/windy and cold. Loads used for the match were 29.65 of VV133 for 100 yards and 29.75 for 200 yards. Why the change for 200. Les felt that the groups weren't as good as he thought they should be so he increased the charge and saw an improvement.

I asked about match strategy. He said that he doesn't shoot for little groups, he will look at the match targets and look for what the competitors are shooting; he then forms a plan on what he feels is acceptable for him given his experience and success. Sounds like what he's saying is; if there are good groups on the walling wall, he knows he needs to go for it, and lousy groups he needs to be careful and avoid the mistake. Lester considers him self a 200 yard shooter

Lester Bruno

and I'd agree with him. We know most of the time grands and 2-gun matches are won at the 200 yard stages. Because I wasn't shooting very well this Cactus I ended up shooting my groups early in the match and then I would swing over and watch Les shoot his group. I can say not only did he shoot great on the record target but many times I saw him put shots on top of each other on the sighter target as well. It was clear that Lester was one of the shooters that would be hard to beat this weekend.

For many years Lester shot what we would call holding on and/or bag squeezing. He switched from his own Bruno pattern McMillan stock to the stock made by Bob Scarbrough. Bob's stock is what I will call a low profile. Les said; that Scarbrough stock allows him no matter whether he's holding on or shooting semi-free recoil to get better consistent good results. He feels the stock returns to battery better than any stock he's ever used, thus saving gun handling time and energy going back to target. Front rest is a SEB and the rear bag is a Bruno with tall ears. Sand bad fill is important, firm with some ability to compress.

Load data. Neck tension is medium, maybe .002 expansion when the bullet seats. He generally shoots on the hot side with powder charges, whether it's 10X or VV133. He shoots his own bullets. Bullet seating was just slightly off the lands, however he will test before the match and during the match as well. This match however he didn't test as he had so much confidence from his practice sessions, but he did change powder charge for the 200. It was a gut call as he saw a shot he didn't like on one target.

Les was trying to shoot a tail winds or let up's with one group going a cross wind. He also tries to shoot close to where he holds. He said that he held many shots because the gun was shooting so well.

Lester's recommendations for newer shooters and guys that are trying to better their results. Get comfortable and master their shooting style. He also feels that a slightly heavier trigger pull is more consistent (better results over time) and nothing beats a bunch of trigger time in all conditions.

Bench Rest Seminar - Harley Baker - Continued

Sunday we had 10 shooters on the line. A couple of our coaches and I set up some wind flags and wind probes. We had our safety meeting and sequence of calling the line. The rifles that were shot included 22 Rimfire to 308s. As the shooting was going on the coaches talked to and guided the shooters to help them with conditions and flag reading. After the shooting we went to the club house to hand out trophies and awards.

This seminar that we put on is because both Bob and myself love the sport of Benchrest and want it to grow. These seminars are not a major production costing a lot of money or time but do need someone to handle the preparations and the "little" things that need to be done, Bob White of Shooters Corner does a great job of this. Any ranges and match directors can certainly put these things on. I am here to help in any way that I can, contact me.

I would like to thank the prize drawing donators. Alan Orr of Sightron for offering two 36X Benchrest scopes and Jeff Summers for 5000 Federal Match primers. Thank You

I would also like thank the Cherry Ridge Range a member of ANJRPC (Associates of New Jersey Rifle and Pistol Clubs) for allowing us to host this seminar.

— Harley Baker

## Hydro Bullet Seater with extended base and interchangeable loading blocks

Our New 21st Century Reloading Hydro Bullet Seater is designed for bullet seating with hand dies. Height adjustment is a simple twist of the knob with very little effort.

With this press you will receive the feedback and data to help control neck tension. Unique design for the field or bench. No need to bolt or fasten to bench. Extended base also available with the New Generation Press.

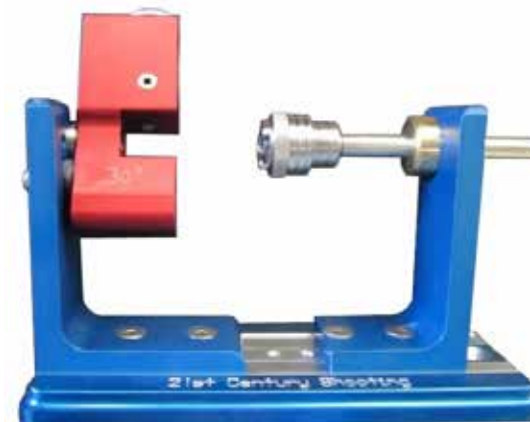

## Click Head Stainless Steel Bench Rest Quality Primer Tool

The feel, the precision, the quality and the ease of adjustment of this tool are unique. Features include click head adjustments for precise primer seating and all stainless steel components with aluminum handle.

## Concentricity Gauge with wheel

This device enables the user to rotate the case one complete revolution with about 1/8 of a turn on the wheel. Providing consistent pressure on the case. Easily retrofits in a snap to the 21st Century Shooting Concentricity Gauge (run out gauge - as shown). Features include canting to the left or right to keep the base of the case rotating against the stop. For unlimited setup scenarios. Simply amazing!

## Neck Turning Lathe

The floating design of our neck turner and the universal floating case driver allows the case mouth (bore) to run on the arbor absolutely concentric. Therefore allowing O.D. to be turned concentric with I.D. The tail-stock creates a horizontal inline support for the base of the case. Also allows the operator to keep both hands on the power screw driver or drill. This makes it very easy to control feed rate of the cutting operation, generating a very fine turned finish. Case holder drivers are designed to be the most gentle driver, yet providing an adequate hold.

DOES NOT DRIVE OFF THE PRIMER POCKET  
NO PRIMER POCKET OR CASE DAMAGE.  
Driver shaft is hexed to use power screw driver or drill.  
17cal. Fireball to a .416 Rigby. Also 50cal.
