# 2022 Agenda Items for the Board of Directors

(The Annual Board of Directors Meeting to be held on Saturday, October 8, 2022)

## Eastern Region Agenda Items:

None

## Gulf Coast Region Agenda Items:

Since the inception of Varmint for Score in the NBRSA, the scoring system has always been based on the best edge scoring system with the ½" "bullseye" as the highest score, (10) and the center dot representing an "X", only to be used as a tiebreaker. We feel that this scoring system is not a representation of not only the rifles' capability, but also the shooters' capability in his effort to keep his shots as close to the center of the "bullseye" as possible.

We are proposing that in NBRSA Varmint for Score the scoring system should be changed to include the center dot in the scoring system by making it an "eleven". This would change the concept of a perfect score to a "275", with 25 wipeouts. The wipeouts would become the tiebreaker.

We feel that this scoring system would be more in line with the NBRSA mandate of achieving extreme accuracy and precision, and more reflective of the actual best achievement by each shooter in the aggregate.

### This is the agenda item:

- 1) In NBRSA Varmint for score, to make the center dot score 11 points. This will make a new maximum score of 275 with 25 wipeouts. All other scoring criteria will remain the same. **Submitted by Jackie Schmidt**

## Mid-Continent Region Agenda Items:

None

## Mississippi Valley Region Agenda Items:

None

## North Central Agenda Items:

None

## Northwest Region Agenda Items:

### 2022 600/1000 Yard Rule Changes:

- 1) Allow the light gun to use bipods. **Submitted by Bill Johnston**
- 2) Increase light gun from 17# to 22 1/2#. **Submitted by Bill Johnston**
- 3) Give the Match Director the option to shoot Heave Gun first then light gun. **Submitted by Bill Johnston**
- 4) Wind flag must be set up 30 minutes prior to the start of the match (on the day morning of the match). **Submitted by Bill Johnston**
- 5) Weigh light guns as they come off the line after the first relay of the first day. **Submitted by Bill Johnston**

## Southeast Region Agenda Items:

None

## Southwest Region Agenda Items:

- 1) rule\_book\_nbrsa\_short\_range.pages  
3.6. Backers (Moving): A moving backer strip or card will be required for 100 yard, 200 yard, and 300 yard matches in all registered shoots. When the backer strip or card fails to operate at any range during a match, only the number of shot holes that can be clearly distinguished on the target will be counted to determine the number of shots on the target. It is the Match Director's responsibility to ensure moving backers function properly to capture all shots regardless of weather conditions.

Would like to amend the rule for the use of an electronic or acoustical backer system for the purpose of verification of record shots on targets. This amendment will be on a trial basis with results provided to NBRSA BoD for determination of feasibility as a permanent option E backers track the number of shots electronically and acoustically, and are transmitted to the scorers computer.

Shots are tracked and counted for each target.

**Submitted by Dan Lutke**

## President's Items:

I would like to propose the change of a minimum of 35 minutes between Group matches (versus the 30 minutes). This agenda item submission is based upon most of our members evolving to weighing their respective powder charges, which requires more reloading time between matches, plus the given trend of regional matches having only 2 relays, based upon current match attendance rates. **Submitted by Jack Neary**

## Bryant Custom Precision Riflesmithing

Making Quality  
Benchrest Rifles  
Since 1987

Complete truing of Remington 700 action

- Hart, Lilja or Shilen barrel

# 2022 Texas Shootout | Regional Unlimited/Sporter

Midland Shooters Association | Midland, TX | Gulf Coast Region

July 9-10, 2022

Results Received 07/18/2022

Submitted by | Scott Haywood and Mike Conry

**B**enchrest shooters traveled to Midland Texas to attend the 2022 Texas Shootout /Gulf Coast Regional Unlimited and Sporter competitions. The weather for the weekend was forecast to be hitting around 100 degrees in the early afternoons, not much chance of any rain in the forecast but winds would be five to ten miles per hour for the most part. We normally do not get such tame conditions this time of the year.

Saturday morning matches started with the Unlimited guns on the benches and targets set at 100 yards, all this weekend's UL matches will be with ten shot groups. The morning temp was around eighty five and very light winds. Dr. Tim Oltersdorf won the first match with a "Screamer" group of .190, Speedy was close with a .197 for a "Screamer" group too! Speedy followed it up with a .175 group in the second match for the lead, Kyle Schultz shot a "Screamer" .181 and moved into second place. Gary Bristow shot a .178 "Screamer" group to get into third place, Speedy still held a nice lead over the field. I know that it's starting to sound old, but Speedy shot another .197 in the fourth match for a total of three "Screamer" patches in one match! (Has this ever been done before with 10 shot groups?) Gary Bristow shot a .203 in the last match and moved into second place. Speedy finished with a .2080 aggregate for the win. Gary had a .2500 and Kevin Black eased into third with a .2894 agg.

Frames were pushed back to 200 yards while we still had the big guns on the benches and then we stopped for a break with lunch provided free of charge from the Midland crew.

First 200 yard, Dawson Black won the first 10 shot match with a .526 group. Mirage was getting pretty rough out on the range and the winds were picking up to close ten mph with lots of gust to keep everyone honest. Kevin Black couldn't let it go and topped his son's score with a .505 in the second match, however it wasn't enough to budge Dawson from the lead through two matches. Speedy got his 200-yard load sorted out and won the third match with a .633 as shooting conditions continued to deteriorate. Cody Engle out of Blanco, Texas was shooting really steady and now held the lead through three. This was Cody's first time to shoot Midland and he seemed to have figured out things quickly! Mike Conry got his gun shooting and shot a .490 group that moved him into third behind Speedy and Cody. In the final match of the day, Speedy shot a .504 that put him into first place with a .3780 agg. Conry was in second with a .3835 and Cody followed in third place with a .3869.

Saturdays Unlimited Grand had Speedy in first with a .2930, Conry second .35423, Gary Bristow third .3600, Kevin Black fourth with .3609 and John Horn shooting his Sporter against these folks was fifth with .3957.

Sunday Morning was looking to be a carbon copy of the day before as far as the weather was looking. We started out with the Sporter portion of the Gulf Coast matches and frames were still at 200 yards. It was going to seem like a picnic today being we only had to shoot and load for five shot groups!

Cody Engle jumped out with a .207 group to grab first place over Dr. Tim and his .250! Kyle Schultz logged a .373 in the second match that propelled him into first place. Cody wasn't going to give in and shot a .400 to take the lead back after three. Kyle shot a .395 to win the match but Dr. Tim was now leading. Scott Haywood shot a .325 in the last match and it was Kyle with the yardage win. His agg was .2249, Tim was second with .2659, John Horn was third with a .2739, and evidently, he did not wear out his Sporter barrel the day before!

Now with the target frames moved back to 100 yards we started the last matches of the day, Sporter at 100 yards, the wind was now getting a bit tricky, gusting out of the

~ Continued from Page 8 ~

east, northeast around 10 plus miles per hour and temps had already moved into the mid 90's. We all agreed to shoot the first match and then break for lunch on another club provided meal.

John Horn won the first match with a .202 group. After a break, he followed it up with a .198 to hold the lead but Scott Haywood shot a .181 for the small group so far. John's Sporter was really kicking butt and he shot another small one to keep the lead with a .230 group. Suddenly, Steve Murphy came alive with a tiny .132 (Small group of the yardage) and he took over the lead. In the last match, Speedy shot a .166 to win that match, John Horn won the yardage with a .2516 agg. Steve dropped to second with a .2540 and Mike Conry was third with .2904.

Black Gunworks sponsored the last match of the day and the \$100 prize went to Speedy Gonzalez! Thanks Kevin for your support!

The Sporter grand went to John Horn with a .2627 agg. Mike Conry was second .2822, Steve Murphy was third .3049, Scott Haywood was fourth .3057 and Rusty Morman was fifth with .3102.

The Gulf Coast UL/SP two-gun champion was Speedy Gonzalez with .3088, Mike Conry was second .3182, John Horn was third .3292, Gary Bristow was fourth .3434, and Kevin Black was fifth with .3560. This year we started doing something a little different and in place of plaques for awards, we hand out commemorative silver coins to the winners, One-ounce, half-ounce and quarter ounce coins to fill the pockets! Seems that everyone really likes the idea and we are planning to do the same for next year.

## 2022 Texas Shootout | Regional Unlimited/Sporter (continued)

~ Continued from Page 9 ~

All of us from Midland, really appreciated the folks that were able to attend this year, it's always a pleasure to host such a great bunch of shooters. We are already looking forward to our first match next year in April. The target crew did a fantastic job, same goes for Jasmine, who called her first full match.

The second half of the Gulf Coast Regions matches (LV & HV) will be held in Lubbock, Texas on September 17th and 18th.

Scott Haywood and Mike Conry ■

# MVR & MO State 2-Gun Match

Benchrest Rifle Club of St. Louis | Wright City, MO | Mississippi Valley Region

July 23 - 24, 2022

Results Received 07/25/2022

Submitted by | Wayne Corley

**Jeremy Mataya Wins**

**Missouri State VFS Match**

**Wade Hunnewell Wins**

**Missouri State Hunter Class Match**

**Wayne Corley Wins**

**Mississippi Valley Regional VFS Match**

**Wade Hunnewell Wins**

**Mississippi Valley Regional Hunter Match**

A really big thanks to all competitors for coming to our match on the HOTTEST day of the year at 103° - so far, we all welcomed the wind even though it made it a tough day to shoot. Everything considered we had tough readable day of conditions. Competitors that like to shoot score matches should really put this double match on their list of matches to attend next year.

## Results for the Missouri State Varmint for Score Match

**At 100 yards** the winners were 1st Harry Ward with 250-10X, 2nd was Jeremy Mataya with 249-16X and 3rd was Bob Miller with 249-14X. **At 200 yards** the winners were 1st Jeremy Mataya with 245-6X, 2nd was Harry Ward with 242-5X and 3rd was Bob Miller with 239-1X. **The Grand Agg** winners were 1st Jeremy Mataya with 494-22X, 2nd was Harry Ward with 492-15 X and 3rd was Bob Miller with 488-15X.

## Results for the Missouri State Hunter Match

**The 100-yard** winners were 1st Wade Hunnewell with 250-11X, 2nd Tom Sisler with 248-9X and 3rd was Matt Hon with 247-15X. **At 200 yards** the winners were 1st Wade Hunnewell with 244-2X, 2nd was Mike Schneidman with 243-2X and 3rd was Wayne Corley with 242-2X. **The Grand Agg** winners were 1st Wade Hunnewell with 494-13-X, 2nd was Matt Hon with 487-20X and 3rd was Wayne Corley with 487-12X.

## Results for the Mississippi Valley Regional Varmint for Score Match

The winners for the **Varmint for Score 100 yard** were 1st Wayne Corley

with 250-18X, 2nd Jeff Conover with 250-13X and 3rd Jim Dowling with 249-19X. **At 200 yards** the winners were 1st Wayne Corley with 247-7X, 2nd was Jim Dowling with 244-4X and 3rd was Jeff Conover with 2243-5X. The winner of **The Grand Agg** was Wayne Corley with 497-25X, 2nd was Jim Dowling with 493-23X and 3rd was Jeff Conover with 493-18X.

## Results for the Mississippi Valley Regional Hunter Match

### The Hunter Class 100-yard

winners were 1st Wade Hunnewell with 249-8X, 2nd was Matt Hon with 245-11X and 3rd Paul Hon with 430-6X. **At 200 yards** the winners were 1st Wade Hunnewell with 246-6X, 2nd Matt Hon with 241-3X and 3rd was Paul Hon with 189-2X. **The Grand Agg** winners were 1st Wade Hunnewell with 495-14X, 2nd Matt Hon with 486-14X and 3rd was Paul Hon with 432-8X.

## Hunter/VFS 2-Gun Results

In the **2-Gun results** the top 3 winners were - Wayne Corley with 984-37X, 2nd Jim Dowling with 974-34X and 3rd Tom Sisler with 974-24X

We hope to see you all at **our next and final club score match of the year and that will be on Sunday, August 28th at 9 AM start time**. This will be a 100/200 yard match of Hunter or VFS or Factory class matches- take your pick. Hope to see you all there! ■

# 2022 Summer Sizzler Group Match

Benchrest Rifle Club of St. Louis | Wright City, MO | Mississippi Valley Region

July 16-17, 2022

Results Received 07/26/2022

Submitted by | Harry Ward and Dennis Boyet

**B**enchrest Rifle Club of St. Louis, Missouri hosted their annual "Summer Sizzler" Group Match on 16/17 July. The Summer Sizzler is also referred to as the Ice Cream Match as all match and agg winners get to select an ice cream type of their choice. For some shooters that steps up their game for the chance at that ice cream. Especially on Saturday when it was sunny, a bit windy and 103 degrees!! Sunday was also "National Ice Cream Day". For the "Summer Sizzler" we shoot Light Varmint Guns and then either your choice of Heavy Varmint or Unlimited. So we have three Grand's and no 2 Gun Winner. That gives some shooters a little practice on their unlimited guns before the Nationals which will be at Benchrest Rifle Club in October.

Light Varmint 100 was shot first on Saturday morning and Dennis Boyet got it off to a good start by shooting a nice .148 in the first match but Wayne Corley took small group for the agg by shooting a .132 in the second match. The lead changed several times but in the end Greg King took 1st, Dustin Martin was 2nd and 3rd was Dennis Boyet.

By the afternoon things were starting to warm up and those ice cream bars were looking pretty good. Harry Ward started off winning the first Heavy Varmint match and the first ice cream of the afternoon by shooting a .186. After that first match though Jim Shipley took over the top spot and stayed there until the end. Greg Schipper had a really nice .114 in match 3 and took small group honors. Jim took 1st place, Harry 2nd and Dennis Boyet took 3rd.

The same time that the heavy guns were shooting the unlimited guys were giving everybody lessons on how to shoot really small groups. Eddie Collins kicked it off in match one with a .174. That small group didn't last long though as Greg King shot a tiny .071 in match two. Should I mention that Greg shot a .492 on his first target and WAS in last place. Not for long though. After two Jim Carstensen was in 1st with two consistent groups. Jim stayed in the lead through match three after shooting a .161 but Greg shot a .158 for match small group so was closing the gap quickly. Match four Dustin Martin shot a .057 and took over the lead spot. In match five Greg shot ANOTHER .071 for small group. For some a .071 is a lifetime accomplishment but Greg decides to do it twice in the same agg. That still wasn't good enough to catch up with Jim and Dustin though. Jim took 1st, Dustin 2nd, and Greg in 3rd. All three had teen aggs. Dustin broke Greg King's old BRRC record set in 1998 of .097 for small group at 100 yards by shooting that .057 small group. Congratulations Dustin!!!

Sunday morning we started off with 200 yard Heavy Varmint and Unlimited in a lot cooler weather but some trickier winds. The HV got off to a good start with Robert Jacobs shooting a small group of .424. Harry Ward shot the small group in the next match but Dennis Boyet put two decent groups together to take the lead and he remained there through the 3rd match. Robert took over the lead in the fourth and went on to take the win for the 200 HV. Dennis took 2nd and Harry took 3rd. Small group went to Wayne Corley with a .333.

Despite the tricky winds the unlimited shooters continued to put together some small groups. Eddie Collins took an early lead by shooting a .210 but Greg King picked up the pace and took the lead for matches two and three. During match two Don Crunk shot a .118 breaking Richard Griffin's 1998 BRRC record of .140 for small group of both that match and the agg. Congratulations Don for the new BRRC record. Jim Carstensen shot small groups in matches and took over the lead temporarily. Greg ended up winning the agg with a .1664 agg. Greg, Jim, Don and Eddie all ended up shooting teen aggs's.

Heavy Grand was very close with Harry Ward's .2327 just edging out Robert Jacob's .2336. Dennis Boyet took 3rd, Wayne Corley took 4th and Jim Shipley took 5th.

Unlimited Grand had two shooters with teen aggs's. Jim Carstensen took 1st with a .1752 which broke Bart Sauter's former BRRC record of .1790. Super job Don!! Greg King had the other teen agg with a .1814. Rounding out the top five was Don Crunk in 3rd, Eddie Collins in 4th and Dustin Martin in 5th.

# Summer Sizzler | Continued

Benchrest Rifle Club of St. Louis

~ Continued from Page 14 ~

Last match of the day was the LV 200 and Greg King was pretty much the man in charge but Kip Jones sure didn't make it easy for him. Greg won was in the lead for the first two matches then Kip in the lead for the next two. Greg took over in the fifth match and edged out Kip by shooting a .2076 with Kip close behind at .2102. 3rd place went to Don Crunk with a .2219. Lou Kerhlikar took small group honors with his .217.

The LV Grand was no surprise as Greg King took 1st place, Dustin Martin took 2nd, Dennis Boyet was 3rd, Don Crunk was 4th and Wayne Corley took the 5th spot.

In behalf of BRRC Dennis and I would like to thank all the competitors, Range Master, Target Crew, Scoring Crew, Chef and Grill Master and Bench Rest Rifle Club for providing such a great facility. A BIG congratulations to Dustin Martin, Don Crunk and Jim Carstensen for establishing some new club records. Stay cool for the rest of the summer and hope to see you all at the Group Nationals at BRRC in October.

Harry Ward and Dennis Boyet ■

# Heavy Varmint & Unlimited 5-Shot Match

Oak Hill Gun Club | Davenport, IA | North Central Region

July 31, 2022

Results Received 08/06/2022

Submitted by | Cecil Peterson

July 31st was our make-up match for the scheduled match of July 17th, 2022. This was necessitated due to Match Director and his help all had conflicts.

We welcomed a new shooter to our range and he promptly shot the small group for the Heavy Varmint class. Howard Meier now had our attention shooting a nice group 0.101. The locals all settled down and realized they need to wake up or all the wood was going out of town!! Jerry Wick took command and won the 100 yard Heavy Varmint.

Relative new shooter (Robby Vick) shot the small group at 200 yards a strong 0.338. Joe Morgan took charge and won the 200 yard contest.

Jerry Wick, with his steady shooting all day, agged the group finishing with a 0.2975 inching Joe Morgan who had a 0.2988.

Unlimited was also shot the same day attracting 4 Unlimited Rail Guns. Jim Carstensen gave the group a lesson on how to compete with a rail gun. Jim won both the 100-200 yard contests. Of note, our Match Director had a "SCREW LOOSE" on matches 3 & 4. Lesson learned - tighten all the knobs on the rail gun.

Until August, the rest of us will be "LICKING OUR WOUNDS". Hope to see you then.

Cecil Peterson ■

# PA State Championship Benchrest Match

Kane Fish & Game Club | Kane, PA | Eastern Region

July 16-17, 2022

Results Received 08/11/2022

Submitted by | Jack Neary

The Kane Fish & Game Club held their annual Pennsylvania State Championship BR match was held over the July 16th and 17th weekend.

43 various characters, including the return of our great friends from Canada, were all on hand to compete, share some great laughs and eat lots of award-winning pie!

Speaking of characters, Howy Levy made his annual trek to the Kane match and serenaded everyone on the loading porch with his renditions of Tony Bennet songs. Everyone enjoyed Howy's singing except...all of the local dogs, whom all howled in pain. Many shooters quickly scrambled to their earmuffs on the loading porch in effort to prevent any permanent hearing damage. Those poor dogs...

Brian Robinson came to Kane on a consistent path of success and easily showed everyone why he is one of the very best shooters in the Eastern Region in winning both Grand Aggregates and the 2-Gun championship! Well-done, Brian! You made it look easy!

We really enjoyed some fine shooting by many new and experienced shooters, including Adam Lindsey, Tom Anderson, Kevin Huff, Tim Kopsky, Jeff Gaidos, Paul Beaver, Kent Harshman and Tim Humphreys. Great shooting, guys!

We also welcomed several new shooters, Todd Rodkey, Leo Spada and Nicholas Carrozza, who each enjoyed the party festivities, and the Kane match provides each year! Match Director, Steve Timpano and the Kane membership did a fantastic job to ensure everyone was well-fed and was having a great time!

Saturday morning brought some switching wind conditions for the LV100 aggregate. Brian Robinson started his weekend's match dominance in handling the conditions very well in winning the LV100 with a .1738" aggregate.

## Here are the top 5 in the LV100 agg:

- |                   |        |
|-------------------|--------|
| 1. Brian Robinson | .1738" |
| 2. Paul Beaver    | .1798" |
| 3. Don Rosette    | .1966" |
| 4. Howy Levy      | .2096" |
| 5. Kent Harshma:  | .2166" |

After a great lunch, provided by the Kane kitchen crew and... lots of full-calorie high-energy pie. We kicked-off the HV100 agg. With ripening winds, local-legend, Dave Bruno skillfully managed a first-place finish with a .1914" aggregate.

No Equipment List Submitted

## Here are the top 5 in the HV100 agg:

- |                   |        |
|-------------------|--------|
| 1. Dave Bruno     | .1914" |
| 2. Brian Robinson | .1920" |
| 3. Peter Smith    | .1964" |
| 4. Jeff Briggs    | .2230" |
| 5. Rob MacLennan  | .2256" |

On Saturday evening, the Kane Fish and Game Club served everyone a great Spaghetti dinner with all the trimmings and... more delicious pie!

Sunday morning brought the start of some very challenging conditions with hot-shooting Kevin Huff, leading the pack with a 1st place finish in the HV200 aggregate with a .2073" aggregate! Well-done, Kevin!

## Here are the top 5 in the HV200 agg:

- |                   |        |
|-------------------|--------|
| 1. Kevin Huff     | .2073" |

# PA State Championship Benchrest Match

~ Continued from Page 19 ~

With the HV200 agg. now complete, Brian Robinson rose to the top in winning the HV Grand with a .2075" Grand Aggregate.

## Here are the top 5 in the HV Grand Agg:

1. Brian Robinson	.2075"
2. Peter Smith	.2221"
3. Jeff Gaidos	.2350"
4. Mel Estep	.2473"
5. Tim Kopsky	.2477"

With the afternoon winds greatly subsiding, Tim "Hump" Humphreys showed some of his vast shooting skills in winning the LV200 aggregate with a little .1883" agg. Well done, Tim!

## Here are the top 5 in the LV200 agg:

1. Tim Humphreys	.1883"
2. Adam Lindsey	.1911"
3. Jack Neary	.1915"
4. Brian Robinson	.2080"
5. Guy Grabiec	.2110"

Here are the Top 5 in the LV Grand Aggregate with Brian Robinson winning the LV Grand with a tiny .1909" Grand Aggregate. Wow!

## Here are the top 5 in the LV200 Grand Agg:

1. Brian Robinson	.1909"
2. Paul Beaver	.2089"
3. Tim Humphreys	.2123"
4. Guy Grabiec	.2131"
5. Don E. Rosette	.2202"

With all Grand Aggregates now complete, here are the Top 10 in the 2-Gun Grand Aggregate with Brian Robinson easily winning the 2-Gun with his consistent great shooting all weekend resulting in a .1992" 2-Gun Grand Aggregate!

## 2-Gun Grand Aggregate Top 10:

1. Brian Robinson	.1992"
2. Jeff Gaidos	.2382"
3. Tim Humphreys	.2425"
4. Peter Smith	.2438"
5. Pando Vasilovski	.2488"

10. Tom Anderson	.2678"

A very special thanks to Steve Timpano, the Match Director, Kenny, the Range Master, for keeping everyone safe, the Kitchen (and Pie baking crew) for all the great food, and also for the hard working Target and Stat crews.

And a big thank you to all of the many volunteers of the Kane Fish and Game Club for all the many hours of hard work you each put forth to run such a great Pennsylvania State Championship BR match!

Lastly, a big thanks to all of the shooters whom attended this annual Pennsylvania State Championship match as well!

Please make your plans on attending the party at Kane next year!

## Perfect Shoulder Bump!

Competition Shellholder Set

### — With No Die Adjustment —

The easy to use Redding Competition Shellholders enable you to perfectly match the headspace of your reloaded ammo to any firearm. Once the proper shellholder is determined, your results are repeatable — *no die adjustment is necessary*. Each shellholder is clearly marked to indicate the amount it will change case to chamber headspace — *no special tools or gages are needed*.

— Packaged in five piece sets in .002" increments —

# Sporter/Light Varmint Northwest Regional Match

Tacoma Rifle & Revolver Club | W. University Place, WA | Northwest Region

August 6-7, 2022

Results Received 08/13/2022

Submitted by | Bryan Zolnikov

## No Equipment List Submitted

On August 6th and 7th, Tacoma Rifle and Revolver Club held their Northwest Regional match for the Sporter and Light Varmint Class. This contest would also determine the winner of the Del Bishop trophy.

We began with our Sporter contest at 100 yards on Saturday morning. The wind was switchy and persistent most of the morning. Larry Boers won with a .2570" agg. That afternoon at 200 the wind persisted and the mirage was heavy at times due to the sun being overhead and unobstructed. Dan Kjelland won the yardage with a .2881" agg. Dan Kjelland won the Sporter grand with a .3042" agg.

Sunday brought more mirage and unstable conditions for the shooters, especially in the afternoon. The morning started with Light Varmint class at 200 yards. Dan Kjelland shot a .2533" agg. to win the yardage. That afternoon at 100 yards, Eldon Yarbrough battled for the win with a .2444" agg. Dan Kjelland held on to win the Light Varmint grand with a .2836" aggregate.

Dan Kjelland was very consistent and won the 2 gun with a .2939" agg. **Congratulations Dan! Great shooting!**

## Smallest Groups for the Match

Sporter 100:	Eldon Yarbrough	.118"
Sporter 200:	Bryan Zolnikov	.263"
Light Varmint 100:	Paul Weaver	.167"
Light Varmint 200:	Jeff Crose	.317"

Match winners were Jeff Crose, Larry Boers, Jim Stipe, Bob Schultz, Steve Kostanich, Paul Weaver, Bryan Zolnikov, Bill Rice, Dan Kjelland and Ken Parsons.

The Del Bishop Trophy is given to the winner with the highest aggregate of the 4 Regional matches held during the season. This year Larry Boers was the winner of the Northwest Regional 4 gun with a .2809", Steve Kostanich in second with a .3031", and Paul Weaver in third with a .3498" aggregate.

## Congratulations Larry!

Thank you again to our outstanding crew that makes things run smoothly! Geoff and Craig do an amazing job for this club. Of special note, the target crew staff was not able to support this match and Jeff Lewis stepped in and fulfilled this role. Jeff always does what needs to be done to make sure the matches run smooth and he is always breaking a sweat supporting shooters and matches. A special thanks to Jeff Lewis for always going above and beyond. ■

# Arkansas State Championship

Ouachita Sportsmen's Assoc. | Pencil Bluff, AR | Mid-Continent Region

August 6-7, 2022

Results Received 08/13/2022

Submitted by | Ray Porter, Match Director

August 6 and 7 was the Arkansas State Shoot. Weather was quite mild temperature wise with a high of 93 when we finished shooting both days. Conditions were quite sporty with a sharp wind that switched often.

Six shooters were up for the annual razorback turkey shoot. Jimmy Knox won Saturdays turkey and Joe Hargadine won Sundays turkey.

Joe Hargadine won LV-100 with a .2358 and Jason Porter was second with a .2492

Joe won the light varmint grand with a .3310 with Jason Porter second with .3477

Joe Hargadine won HV-100 with a .2616 and Johnny Webb was second with a .2816

The Heavy Varmint Grand agg was Joe Hargadine with .3097 and Jason Porter second with .3352

Sunday saw Jason Porter win HV-200 with a .3534 and Joe Hargadine second with a .3578

The 2-Gun was Joe Hargadine with .3204 for his fourth Arkansas state win

Joe was back to winning in LV-200 with a .4262 and Jason Porter second with a .4462

Jason Porter was second with .3415 and Ray Porter was third with .3673 ■

## -BARREL SAVER- Bore Guides

-Barrel Saver- bore guides come with a stainless outside tube, 2 rod guides - one for brushes and one for jags.

Also includes 2 extra "O" rings, custom fitted, this tube within a tube design combined with the "O" ring seals to ensure your cleaning rod stays perfectly centered.

# Utah State Championship

Central Utah Benchrest | Sandy, UT | Southwest Region

August 6-7, 2022

Results Received 08/13/2022

Submitted by | Dave Turnbridge

With the days before the match temps were right at 100 degrees. Friday afternoon we had a good down pore at the range which caused temps to moderate.

Saturday started with light canyon breezes and tricky conditions. Brad Jensen shot a .157, second match was won by Pete Savage with a .152, third match was won by Bruce Black's .178, match 4 was won by Dan Dowling's .139, with match 4 won by Pete Savage with most of the other groups running in the middle two's to middle three's. The yardage was won by Brad Jensen's .2366 agg.

After a bite of pizza for lunch the tricky conditions continued with match one of the heavy gun was won by Lowell Frei group of .205, second match was won by a .141 by Dan Dowling, match 3 was won by Duke Rovarino with a .121, match four was won by Brad Jensen's .133, match 5 was Casey Seaton with .140 with most of the groups being in the middle two's to three's. The yardage was won by Lowell Frei with a .2060 agg. After the shooting was complete we had a brief shower to again cool things for a pleasant day in the middle eighties into evening.

Sunday 200 yards to be contested heavy gun first with light variable winds things were very tricky with J D Goulette's .410 in match one, match two was won by Todd Jensen's .303, match three was won by Joe Olas's .338, match four was won by Todd Jensen .304, match five was won by Dan Dowling's .415 with the bulk of the scores in th5's or above the yardage was won by Dan Dowling's .2624 agg.

After lunch the light gun was contested with twitchy winds, match one was won Todd Jensen with .344, match two was won Bruce Black's .476, match three was won by Lowell Frei's .508, match four was won Bruce Black's .477, match five was won by Todd Jensen's .626. The light gun was won by Lowell Frei. ■

## Tips and Tricks

with NBRSA President Jack Neary

## A Different Method of Rifle Tuning...

If you are a newer shooter or simply struggling with tuning your BR rifle in identifying what is the best powder charge weight "tune" for your given bullet and barrel combination you are using? Here's a different but...a very simple and effective approach to tune your BR rifle.

No Flags Needed!

Choose a day where there are some moderate to windy conditions at your local rifle range. You do not want to use this method with "trigger-pull" light conditions. We want to have the rifle show us what the proper load will be with some varying wind conditions to better replicate the wind conditions you may encounter during a registered BR match.

Leave your flags in your car or truck. You will not use them today for this rifle tuning method exercise. Set your seating-depth at your bullet's "Just-Touch" seating depth, to where your bullet is set to barely engage your barrels rifling.

If you are using VihtaVuori N133 powder, load-up 3-rounds of the following (10) powder charges: 28.6 / 28.9 / 29.1 / 29.4 / 29.7 / 30.0 / 30.2 / 30.4 / 30.6 / 30.8. Start off with your lightest load of powder of 28.6. Shoot 3-shots quickly of this powder charge. Next, shoot your load of 3-shots of the 28.9 powder charge. Repeat this process for each of these above listed 10 listed powder charges. If you're not using N133 powder, you can certainly replicate this exercise with your favorite powder, just arrange your 3-shot loads nodes from very light to very hot loads.

I would recommend cleaning your rifle after shooting no more than (4) different 3-shot groups to ensure there is no degradation to your rifles accuracy performance as your round-count grows, due to barrel powder and copper fouling, particularly with the hotter loads.

### What Will You See with This Method?

This method will clearly show you what powder-charge will deliver your best "tune" with your given barrel and bullet combination you are using. This tuning method removes any skill component of reading wind conditions during your tuning process! You will actually see what powder-charge(s) your rifle wants!

You will most likely see large group pattern dispersion with your very light loads. You will also most likely encounter where your light loads (in the wind) to have lots of vertical to the shape of your 3-shot groups. The bullets may not even touch.

As you move through this process you will see, at a given powder charge, how your rifle comes "into tune" and "out of tune". You will also see the quality of your given barrel, where, if you're blessed, you will see 2 back-to-back powder charge nodes that are "one-hole" groups! Very Nice!

Once you have identified the preferred powder charge(s) for your rifle from this exercise, bring out and set your flags and proof the loads by shooting and testing 4 and 5 shot groups with some different bullet seating-depths!

Many newer (and experienced) shooters are completely shocked to learn that their bullet/barrel combination really requires a powder charge well over 30.0+ grains of powder. Much hotter loads than they had been using, perhaps for many years!

Give this unique rifle tuning method a try!

Please call me if you have any questions or I can be of any further help!

# “Ready on the Firing Line..”

By | Lee Hachigian

The questions in this month's article on "Primer Pockets" comes from an Eastern Regional group shooter. When you purchase brass for competition or for recreational shooting one would hope that the brass is fairly consistent, especially at the base. In my competitive shooting experience, I believe that Lapua brass is top notch in overall quality. Nevertheless, I always uniformed my primer pockets prior to fireforming. To me, it was the easy part in the big picture of preparing brass for competition. Below are what several seasoned veterans have to say on the subject.

## QUESTION

**Do you uniform your primer pockets? How do you seat your primers, by feel or do you bottom your primer tool handle out? Is there a desired depth or amount of anvil "crush" that gives you best results??**

### Jeff Peinhardt

For new brass (2-3 firings) I use the standard primer uniformer but only push enough to just remove the carbon. As the cases get fired, I allow the tool to remove material from the bottom of the primer pocket and allow clearance for fully seating the primer. I have a primer seating tool that allows you to adjust the depth of the seated primer. I set the primer tool for .0015 to .003" below the surface of the case. I do not seat firmly to the bottom of the cup. The anvil will be touching to bottom of the cup still. As noted from last question, I seat just below the case head. During ignition, the primer will be pushed into the bolt face with chamber pressure and I feel we need to limit this movement of the primer. This practice also seems to keep the bolt face from pitting.

### Jack Neary

I use a Brownells non-adjustable small primer pocket reamer for all my cases. It cleans and cuts all of my cases to the same depth. I believe having your primer pockets cut to the exact same depth helps ensure minimal variance in primer seating depth. I will then seat each of my primers with a good crush fit in the primer pockets. This is done by feel. I will occasionally double-check to see and confirm each of my primers are seated below the case head and are all very, very close to the same depth. Hope that helps!

### Bart Sauter

I seat by feel. Once the primer touches bottom, I stop. Nothing good as far as ignition happens until the primer is seated against the bottom of the primer pocket. I've tested primer crush. My testing showed you could get by with up to .008 of primer crush with no ill effects. Much past that, I got flyers. The biggest problem with "Crush" is how do you determine whether you are Crushing each primer the same amount. Primers vary in height. Primer pockets must be uniform to the same depth. The rim thickness of the case must be the same thickness. And you need a priming tool that is adjustable for seating depth. Too many variables to control accurately.

### Gary Ocock

Uniform - Yes with a tool I've had for years. Tool only lets me go to a specific depth; after the first firing of the case. I

use the same tool to clean the primer pocket. I bottom the tool handle, again with a tool I've had for years, slightly below flush. Best results are when I remembered to use a primer, usually with Fed 205's match. I've used reg 205's on occasion and could not see a difference.

### Harley Baker

I do not uniform my primer pockets before I use the brass but I use the tool to keep the pockets clean of debris after firing them, making sure not to remove brass in the process. I seat my primers by feel and look for .004 of depth in the pocket. I have not found a perfect depth but I am looking for a consistent seated primer.

### Joel Nader

With the current run of Lapua 220 Russian brass I don't mill the pockets. I set the stop on my priming tool to seat primers just below flush with the case head. At this position the primer has made contact with the bottom of the pocket and there is a slight variance in the amount of crush applied to the priming compound. The face of each loaded primer will be the exact same distance away from the bolt face and firing pin tip for uniform ignition. Milling the pockets to a uniform depth will still give uniform ignition but you will have increased the distance between the seated primer face and the bolt face/ firing pin tip. You only have so much firing pin tip protrusion and don't want to decrease the impact force necessary to ignite the primer.

### Greg King

I uniform my pockets to 0.124 then clean between each firing. I use a K&M priming tool and they seat about .004 below flush. I seat by feel.

### Craig Rowe

I do uniform my primer pockets, tool used is also depth adjustable. I seat my primers with a Holland perfect primer seater, great feel of anvil crush and eliminates finger cramping. Flash holes are also reamed.

~ Continued on Page 27 ~

### Donald Rosette

I do uniform my primer pockets when I prep new brass just to square up the pocket, and after shooting them to clean out the carbon fouling. I seat my primers by feel, when the primer bottoms out in the case I stop the priming tool handle. I'm not looking for a desired depth and I don't crush the anvil. My primer seated depth is very consistent giving me a good result.

### Jeffrey Gaidos

Yes, when I turn the brass and after each firing. I set them by feel. When I set up my priming tool the first time, I measured the depth and it was the value I was looking for. I have not checked it recently but take notice that the primers are below the base of the case.

### Victor Potts

Yes, I have two primer pocket uniformers. One is preset and one is adjustable and both are carbide which are set so the primer is just below flush when the primer is seated, approximately 0.005". My primary priming tool is a Sinclair's, seating is done by feel to the bottom of primer pocket not crushed, the priming tool is easily setup for this, even now I check every case coming out of the priming tool, visually or by feel.

### Lee Hachigian

Yes, I uniform my primer pockets prior to fireforming, and I use the same tool after each firing to remove primer carbon residue. I fully seat primers down in the brass pocket by hand using a Sinclair priming tool, trying to be consistent in force. ■

# KELBLY'S

## A HIGHER LEVEL OF ACCURACY

### KELBLY KLP BENCHREST STOCK

Similar design to a Scoville/Scarborough Carbon Fiber shell that is foam filled for no vibration. Mold in colors available LV 26 oz HV 48 oz weight system is optional. 33 3/4" Length Low Profile, 3" forearm 1/2" flat on rear for better tracking. Check out other stock designs and other Kelbly Products at kelbly.com.

Kelbly's has redesigned the Panda action with a micro port and Sako style extractor. Ready to compete straight out of the box. 2-3 times the bedding surface area of a round action for a stiffer platform. Aluminum body with integral scope base reduces vibrations that affect accuracy. Black Nitride finish optional on bolts for an even smoother operation.
