# Regional Mentorship Program

**New to Shooting and Want Some Good Hands-On Training?  
Improve Your Skills with the Right Mentorship!**

Our NBRSA Regional Directors and Officers realize it is very difficult for a new shooter to enter our beloved sport due to the steep learning curve.

That's why we want to create a way for new shooters to access the training and mentorship necessary to learn the many skills needed to find a level of success they may continue to build on.

This is why we want to provide a way for those who are looking to improve their skills to connect with the mentors that can help them learn and grow in the sport.

**For Mentors In Your Region Go To [NBRSA.ORG](http://NBRSA.ORG)**

SET NEW RECORDS WITH  
**WORLD CLASS PRECISION**

From 100-1000yds we have an action to meet your needs.

Our team of experts can assist you purchasing your new BAT Machine Co Action - CALL 208-981-0300 or email [sales@batmachine.com](mailto:sales@batmachine.com) today.

# 2024 NBRSA - Director/Alternate Director Elections

## Nomination Time is Here!

### To Members of the Following Regions:

Eastern                      Southeast  
Mississippi-Valley        Southwest

Now is your time to exercise one of our most precious American traditions, your right to vote. For those members who are not US Citizens but still full members, you too can participate. It begins with thoughtful nominations and culminates with strong representation for your region. Won't you join us in this time-honored institution?

### Regional Director/Alternate Director Qualifications:

1. At least 18 years of age.
2. NBRSA member for at least (3) consecutive years. Any member will be given up to 30 days to renew from a membership lapse and still be eligible for Director/Alternate election.
3. Resident of the region to which nominated.

### Who Can Nominate?

1. Past NBRSA Regional Directors residing in the region.
2. NBRSA members submitting petitions containing the signatures of 10+ members within the region.
3. Affiliated Clubs within the region.

**Please send me your nominations by Friday, March 1, 2024.**

**Send to:** nbrsa@icloud.com

### Or Mail to:

NBRSA Business Manager  
P.O. Box 349  
Concord, VA 24538

If you have questions, contact your Director, or call me at 434-993-9201.

**Pam Campbell,**  
**Business Manager**

### Timeline:

1. All Ballots will be mailed to regional members by June 1st for voting.
2. The completed Ballots must be returned to the NBRSA office by July 1st to be counted.
3. The results will be tabulated by the Business Manager and notification made to the candidates by July 15.
4. The results will then be published in the first available magazine issue and posted online (NBRSA.org) for members.

# NBRSA 600 Billy Copelin Memorial E-Target Match

Upper Nisqually Sportsmen's Club (UNSC) | Eatonville, WA | Northwest Region

December 17, 2023

Results Received 12/27/2023

Submitted by | Rich Jette/Jeff Locke

Two years ago, we lost a great shooter, competitor, and all around great man. Billy Copelin was a long time NBRSA long range shooter who won the 2009 1000 Yard Nationals winning every category except one. Billy also held numerous long range records and is a distinguished member of the NBRSA Long Range Hall of Fame. Billy was a life member of Upper Nisqually Sportsmen's Club (UNSC). When Billy shot the monthly UNSC 600 yard club matches - he would always come early and setup/shoot from bench #7. To honor Billy, shooters in Western Washington dedicated the final match of the season at UNSC in his honor. Billy's presence will always be missed but he was with us in spirit during the match.

We had a great turnout with 16 shooters participating in the Billy Copelin Memorial Match. Heavy fog blanketed the communities all around the range but as you drove up to the range - the range was eerily clear of any fog. For the most part, we had overcast skies, a light 0-3 mph breeze and chilly temperatures starting out around 30 degrees. As with last month, we somehow missed the storms that brought heavy rain the week before the match. The wood stove (again) was a popular spot to hang out. Shooters took advantage of the favorable conditions and shot great groups & scores.

This is our first NBRSA 600 registered match utilizing ShotMarker Electronic Targets. Use of ETargets was approved by the NBRSA for registered matches starting 2023. Sacramento Valley Shooting Center (SVSC) has been the leading proponent of utilizing ETargets for registered LR matches and has been shooting registered

In Memory of Billy Copelin

NBRSA ETarget matches for most of 2023. Thanks to SVSC members Bob Weisickle & Louie Tamagni for all their help and advice - to help us get up and running with ETargets. The match flowed smoothly without any major hiccups.

Thanks to all the shooters who loaned us the use of their ETargets as well as those who pitched in to help with range setup/tear down etc. It helps to make for a smooth running match! Special thanks to Upper Nisqually Sportsmen's Club (UNSC) for hosting our match. ■

What a great day for a match if you don't mind a chilly morning.

The day started off with all of the competitors arriving earlier than usual and why not, the weather forecast projected clear skies and minimal wind in the early part of the morning. As the weather forecast predicted, it was a little cool in the morning but it warmed up into the high 50's shortly after the first relay. By the middle of the match the temperatures had warmed up to the low 60's. For the shooters it was virtually a great morning to shoot. The average wind speed was around 2mph and there was little to no mirage all day.

The turn out was good considering it was the holiday season, but we weren't surprised because our members are starting to get ready for the Nationals scheduled for April 22-28, 2024.

All of our members shot well today but a few competitors really stepped up and shot well. A special congratulations goes out to Greg Wilson, Chris Thompson, Rick Shields, Phil Peterson, and Bob Weisickle who ranked 1-5 for the day. Please see the posted results for a complete list of all great shooters.

We would also like to acknowledge all of our participants and volunteers for helping the club with this event. ■

Practice on Thursday and Friday, the shooting conditions were on the light to med side in challenge. The wind varied from 6 - 7 mph to 15 mph plus; no quick direction changes, but we had some slight angle changes you had to be cautious of. Temperatures ranged from the low 50's to mid 60's. It was a decent 2 days to see if your equipment was working as you had hoped. However; you still had to be on top of everything to shoot real small. The comment I heard most from the shooters was the bullet seemed to move around very easily with minor flag changes. That's been the case since we went from 90+ degrees to 40's and low 60's in a matter of a couple of weeks.

We started the match shooting the Sporter 100. Forecasted weather for the weekend wasn't benchrest favorable and that's the way it turned out. Shooters that travel from out of town to attend the matches stayed away as it was forecasted for rain, sleet and hail on Sunday; as such we only had 16 shooters willing to challenge the weather conditions and shoot groups. Saturday was a mix of wind, clouds and some sunshine. Most everyone prepared for the crappy weather so it wasn't a total disaster. In looking at the aggregates shot on Saturdays Sporter 100 yard match vs. the conditions we shot in, everyone was fooled by what looked like readable conditions. There wasn't a zero shot and in the 4th match a .243, shot by Bob Brackney won that match. There were only two nice groups shot; a .122 and a .116; shot by Gary Ocock and Lou Murdica respectively, with Lou's .116 small group for the yardage. Everyone had at least one .300 group in their aggregate; making it tough to end up with a nice low two agg.

## Sporter | 100 Yards

1. Gary Ocock	.2402
2. Bud Mundy	.2412
3. Lester Bruno	.2494
4. Duke Rovarino	.2562
5. Bob Brackney	.2870
6. Camron Snow	.2996
7. Earl Horgeshimer	.3034
8. Frank Smith	.3038

The afternoon we shot a Unlimited (5) match. The shooting conditions were very much like what we had for the Sporter, however the temperature seemed to decrease though. I think what was happening; when clouds appeared and the wind picked up a little, the wind chill factor became very noticeable. It was at times very uncomfortable. The only good thing at this point; most of us were shooting rails so you didn't have to get on the gun and get comfortable with gun handling. You could sit there, shiver and still shoot a nice group if you could concentrate. It took a nice group to win each of the 5 matches with Lou Murdica doing it best winning 2 matches; the 2nd and 3rd a .138 and .093 respectively; the zero in match #3 was small group for the yardage. We had three shooters shooting nice one aggs for the yardage; the best of those was Gary Ocock shooting a .1582 for the win.

## Unlimited-5 | 100 Yards

1. Gary Ocock	.1582
2. Lou Murdica	.1756
3. Lester Bruno	.1776
4. Chuck Miller	.2076
5. Dave Woodward	.2104
6. Duke Rovarino	.2132
7. Paul Weaver	.2436
8. Dan 6BR Sutton	.2496

Sunday we shot the 200 yard stages of the match. As it was forecasted the weather turned for the worse. The temperature started out in the high 30's and rose to mid 40's through out the day. The wind picked up as well and most of the day it was cloudy with periods of rain. We hail at the finish of the match. The wind chill was what made it really difficult to keep your head in the match. It was really easy to just let shots fly regardless of what you saw on the flags. You didn't shoot in a reverse (unless you had to) but it was a challenge to figure out angles, pick ups or let ups. We shot the Unlimited

class first. Duke Rovarino who works at benchrest as hard as anyone figured it out the best. He won 2 matches with a .432 in match #3 and shot a .254 in match #5. His match #5 group wasn't small group for the yardage; that award went to Cameron Snow who shot a .252 in match #1. The top 6 shooters had nice aggs for the conditions but Duke's agg was really nice; a .1688 for the win.

## Unlimited-5 | 200 Yards

1. Duke Rovarino	.1688
2. Lester Bruno	.1984
3. Paul Weaver	.2099
4. Gary Ocock	.2128
5. Dave Woodward	.2185
6. Lou Murdica	.2199
7. Dan 6BR Sutton	.2460
8. Cameron Snow	.2492

After a lunch provided by Michelle Gallagher and the match staff crew of Pizza, we shot the 200 yard stage of the Sporter class. The shooting conditions at this point were starting to worsen as we could see a storm front coming our way and at the same time the temperature was dropping. Starting off the match, Lou Murdica shot a real nice .245 in match #1 and that turned out to be small group for the yardage. It took a nice group to win a match, nothing really small but nice groups for 200 yards in tricky conditions. In match #2 we had two low 2's shot by Dan BR Sutton and Earl Horgeshimer; .270 and a .265 respectively. At this point I'm compelled to point out that Lou Murdica would have won the yardage easily had it not been for his 3rd target a 1 incher; he still finished in second place though with a .2592 aggregate. Winning the yardage was Dan (I don't need no stinken PPC) Sutton shooting a .2586. Dan has been shooting well lately, even with his handicap of using a BR case.

NOTE: It is requested that if you plan on attending the Cactus Classic March 9th and 10th that you pre-register. If you can't pre-register but want to attend please email [azbenchrest@gmail.com](mailto:azbenchrest@gmail.com) and let them know. Planning and prep for a possible 100 shooter event is a chore; so the more info they have the easier and more efficient the event will run. They are planning on having 3 relays, so if you're planning on sharing equipment (flags, rests, etc.) let them know. The range will be open for practice Tuesday through Friday (5th thru the 8th); at this point the plan is to close the range at 3:00 on the 8th for match frame set-up. (subject to change). ■

# Perfect Shoulder Bump!

Competition Shellholder Set

## — With No Die Adjustment —

The easy to use Redding Competition Shellholders enable you to perfectly match the headspace of your reloaded ammo to any firearm. Once the proper shellholder is determined, your results are repeatable — *no die adjustment is necessary*. Each shellholder is clearly marked to indicate the amount it will change case to chamber headspace — *no special tools or gages are needed*.

— Packaged in five piece sets in .002" increments —

## LEFT the RANGE

Rest in Peace Our Fellow Shooter

*In Memory of  
Eddie Joe "Doc" Beam*

Eddie was born April 1 1942 and died October 23 2023.

Eddie Beam was a lifetime member of NBRSA. He enjoyed competitive bench rest shooting. Most of his competitive shooting was done in the Mid Continent Region. His main traveling buddies were Red Corneilson and Wayne Blacketter. He was an outdoorsman who hunted all species of big game. At the old St Louis Range he set two World Records. In 1982 he travelled to Knoxville for the NBRSA Nationals. He drove his motor home and invited all his friends to stay with him. He was that kind of man.
